The debating team of the high school is hard at work upon the coming debate with The Dalles High School. As Luther Moore will go to Baker City, David Pickett, the alternate chosen at the inter-society contest will take his place on the team.

Dr. and Mrs. Harold Clark were in town last Monday from Lamont. Dr. Clark is farming quite extensively in the Lamont country, and he has also recently bought the O'Kelly ranch, an improved property of 240 acres, over at the head of Hay Creek.—Pioneer.

The new organ for the Presbyterian church arrived last week and was used in the Easter service last Sunday. The instrument is something new of its kind in Central Oregon, being on the plan of a pipe organ with double key-board and numerous swells and stops for the modulation of tone. The bellows is operated by means of a lever which requires the services of a boy to manipulate. The organ is a very fine one and its capacities can only be developed by thorough study. Miss Beulah Crooks is organist at the Presbyterian church.

Circuit court meets Monday, May 4.

Rolled barley, lowest cash price at J. E. Stewart & Co.

Dr. H. G. Davis has joined the band. He beats the bass drum.

Willow Creek Lumber—the best in the county—for sale by A. H. Lippman & Co.

The P. A. A. C. management have arranged for a series of dances during May. The first one takes place on May 8, the second on May 12 and the third on the 15th.

Get your tickets for the musical entertainment for the benefit of the Presbyterian church tomorrow evening. The program is a good one and the purpose of the musical is one that should loosen your purse-strings. Turn out and pack P. A. A. C. hall.

G. W. Whitsett of Bend, spent the week in town.

J. B. McDowell of Madras, chairman of the socialist organization for Crook county, arrived Tuesday to be present at the county convention held yesterday.

A. Zell was at Madras last week looking after his property in that locality.

W. F. King spent primary day at Madras. Mr. King received 80 votes in that precinct (Kuteher) against 32 for his opponent.

Justice of the Peace O. G. Collier of Culver, has been in Prineville this week assisting in the official count of the primary vote for Crook county. Mr. Collier has served as a member of this board for a number of years and it has come to be looked upon that the count is not exactly official unless he assists in the work. This election the board was composed of County Clerk Warren Brown, Justice Collier and Justice J. L. Luckey of Prineville.

Local option petitions were filed with the county clerk Monday. They ask for a vote at the June election on the local option amendment and were signed by 360 names from all parts of the county. Another petition will be filed from Kuteher precinct where some 80 names have been secured and perhaps a third from Paulina. The last two named will make the contest a precinct fight as well as a county issue. Organizations have been formed both for and against the amendment and a closely contested campaign will no doubt result.

A. H. Kennedy's Prineville orchestra expects to resume rehearsals shortly. The prospects for a splendid musical organization are very good.

If you want a shave or your hair neatly dressed call on Will Percy. He is the best.

**Facts About Machinery**

In buying Plows, Drills, Harrows, etc., it behooves one to know beforehand that they can get repairs for same. It is a great inconvenience and expense to be unable to get any certain part to an implement or machine from the local agent, therefore we aim to keep supplies for all our machinery, besides our endeavor is to handle only the best, standing the least show for breakage. Of such we are the exclusive agents for Oliver Chilled Plows, Superior Grain Drills, The Osborn Spring and Spike Tooth Harrows, etc. In addition to being able to supply you any necessary repairs, we are selling them at reasonable prices.

**Cream Separators**

Have you been thinking about Cream Separators? If so, look into the merits, not price, of the various makes and see if you are not decided in favor of the Sharples Tubular. It is positively the simplest, most durable, light-running, closest-skimming machine on the market. Its system of separating is entirely different from any other make—the milk going in at the bottom where it whirls with the bowl being subjected to the powerful centrifugal force which the bowl generates, the skim milk immediately leaves the cream, the milk whirling upward against the wall of the bowl and passing out at the skim milk outlet, while the cream whirled upward inside the milk, passing out of the cream outlet. This bowl consists of only three pieces which are easy to take out and clean, which is one of the great points about a machine. You will notice that the supply can in the Tubular is low so that one does not have to climb up to empty the milk. Any child can operate a Tubular. We would be pleased to show you a Tubular and know that they are a great convenience and money saver to all who have milk to take care of.
