VOL. XII

PRINEVILLE, CROOK COUNTY, OREGON, MAY 21, 1908.

NO. 23

Fred W. Wilson.

The Dalles Chronicle says: "Fred W. Wilson, the republican nominee for District Attorney, needs no introduction to the people of Wasco and Crook counties and the voters of all parties are glad to have the opportunity of voting for Mr. Wilson for this office. He has lived in Wasco county from his boyhood days till manhood's estate and has endeared himself with all who have come to know him. In the practice of law he has been singularly successful and has taken part in the most important litigation of recent years in this district and will bring to the District Attorney's office a training which eminently qualifies him for this duty. As Deputy District Attorney he has participated in all the momentous criminal cases which have attracted wide attention in our county and has performed his part in a way that has brought him the confidence and respect of the people. This is the first time Mr. Wilson has ever been a candidate for office and the Chronicle is

satisfied the voters will rally to his support in a generous manner on election day. There will be no mistake made in his election."

Stereopticon Lecture

Under the direction of the local Law and Order League, Mr. E. F. Zimmerman, field worker for the Oregon Anti-Saloon League, has an eight days' engagement in the interests of local option. Mr. Zimmerman's lecture is illustrated by stereopticon, and is highly spoken of in other counties of the state. There is no doubt, but that it is very interesting, and that in this county all the meetings will be attended by great crowds. He will finish up at Prineville, on Sunday, May 31, the day before the election. The P. A. A. C. hall has been secured for the evening meeting of that day and all the church services will be dismissed. In the morning, at eleven, union services of all the churches will be held in the Presbyterian church, and will be addressed by Mr. Zimmerman. The

The P. A. A. C. Ball

The P. A. A. C. ball last Friday evening was a great success. There was a big crowd—too many for comfort—that enjoyed the music furnished by the Bend orchestra. Every number played was heartily enjoyed and was just as cheerfully responded to by the musicians. The playing of Miss Iva West was a great surprise to her friends and acquaintances in Prineville, who have known her since childhood. The orchestra as a whole received many compliments. The musicians were: Miss Iva West, violin; Miss Wilkinson, piano; F. O. Minor, bass viol; Dr. U. C. Coe, clarinet; Creed Triplett, cornet; H. J. McDonald, trombone. Mrs. W. F. King entertained the orchestra during their stay with us.

SUNDAY SCHOOL CONVENTION

Very Successful Meeting Held at Laidlaw Last Sunday—Many in Attendance

INTERESTING PROGRAMMES

First District Convention for Sunday Schools in Southwestern Part of Crook County

What was, no doubt, the most successful Sunday School convention ever held in Crook county, came off with all-day meetings last Sunday at Laidlaw. It was the first of such conventions in what will hereafter be known as the Bend-Redmond district, embracing all the Sunday Schools in the southwestern part of the county. Fred H. Sherwood of the pleasant Ridge neighborhood, which lies between Redmond and Laidlaw, where he superintends a school, is and has been the leading promoter, and the results, besides being very gratifying to him, show Mr. Sherwood to be a competent and successful leader.

The result in attendance, was that the people came in pairs, in groups, and by the score, from all parts of the compass. Buggies, carts, carriages, prairie schooners and lumber wagons, were all pressed into service and drawn by one, two or four horses as occasion might require while many young people of both sexes came on horse-back.

Sunday School and other services were dismissed at Bend, Redmond, Pleasant Ridge, Gist and Cline Falls while each sent a representation which, were they alone, would have made a very creditable school.

The new and cozy church at Laidlaw was filled to its greatest capacity with chairs and benches. After these were filled with people, every bit of available standing room was taken and many boys and men only got to look in at the door, during the morning program. At noon, the convention adjourned for dinner which was served on the spot; but not until the Rev. G. A. M. Lilly had requested the people to step outside "in order that some tables might be brought in and the ladies might have room to bring forth the good things and put them thereon." When this was done, there was presented to view an array of edibles altogether beyond description by this pencil. Suffice it to say that the supply was even greater than the appetites of the hungry multitude, whetted to a keen edge by an early drive after an earlier breakfast, and that the Journal representative was feasted beyond his expectation on everything that is good, not only of the conventional chicken, boiled ham, pie and cake, but plenty of fine trout caught (on Sunday) from the sparkling waters of the Deschutes.

J. B. Shipp of Prineville, and president of the county organization, presided during the day, and after the opening, made a very thoughtful address on "The Value of a Sunday School Convention." Permanent organization was effected by the election of Mr. Sherwood as president, Mrs. H. C. Ellis as secretary-treasurer and an executive committee composed of all the superintendents of the districts. Carefully prepared papers were read and special music of a high order was rendered.

Features of the program were an address by Prof. J. Alton Thompson of Laidlaw, on "Better Methods of Teaching," and a duet by Mrs. Ellis and Miss Wiest of Bend. Rev. C. L. Lowther and Rev. G. A. M. Lilly each made valuable contributions to the success of the occasion. Aggressive purpose and vigorous determination were apparent in all that was done and said. The people of western Crook believe in the Sunday School and

all that it stands for. They love the home, the school and the church, and though they like money because they need it, they are determined that these sacred interests shall also be carefully nurtured. Temperance enthusiasm was frequently cropping out, and found expression in vigorous resolutions, which were adopted in the report of a committee appointed for that purpose, in which the convention declared its undying enmity to the saloon and urged the employment of every honorable means to carry the county for prohibition in the forthcoming election.

The evening session was given over to a lecture by the Rev. Mr. Housel of Prineville. His subject was "Jack and His Teachers" and was a forceful plea for the due appreciation, protection and training of the boy. This was well received by the people and was said by many to be a fitting climax to a most successful day.

FRANK GLASS DIES OF APPOPLEXY

Well Known Resident of Redmond Passed Away Last Night at Eleven O'clock

TELEPHONE COMPANY ELECTS

Steps Taken Toward the Construction of New Line From Madras to Wamspring Ferry for Direct Line to Portland

Frank Glass of Redmond died last night at 11 o'clock of apoplexy. He was living at his home on the Swalley ditch west of Redmond with his brother-in-law, a young man named Cox, who had come out to spend the Summer with him. Mr. Glass had gone to bed, but awakened at about 11 and asked his companion to get up and build a fire and go for a doctor. Cox roused a neighbor, and went for a doctor, and on reaching the house the neighbor found Mr. Glass dead. The physician pronounced the case apoplexy.

Frank Glass was 45 years old and was unmarried. He has lived in the western part of the county since the irrigation work was begun and has been identified with the sales department of the D. I. & P. Co. during most of that time, and also conducted a private real estate business. He was well known by the residents of the Bend and Redmond districts and had many friends in this county who will sincerely regret his sudden death.

The remains will be taken to Corvallis for burial, at which place the deceased formerly resided.

Election of Officers

At a meeting of the board of directors of the Pioneer Telegraph & Telephone Co. held in this city May 13th the following officers were elected to serve for the ensuing year, viz: W. E. Guerin, Jr., president; Chas. S. Edwards, first vice president; George W. Noble, second vice president; F. O. Minor, assistant secretary. The election of the remaining officers was postponed until the next monthly meeting of the board.

Steps were taken at this meeting toward the construction of a telephone line from Madras to Wamspring, connecting with the line coming from the Warm Spring Agency and beyond. This new line will give Prineville a second means of communication with Portland and other outside points in case of a breakdown anywhere on the Prineville-Shaniko line.

Announcement.

The Dalles, May 8, 1908.
To the Voters of the Seventh Judicial District:
My name will appear on the ballot in June as the democratic candidate for prosecuting attorney for the 7th district.

I take this opportunity to state that, if elected, I will during my term of office strictly and impartially endeavor to enforce the law generally as to crime; and, "wet" or "dry" as may be voted in the various portions of the district, I will enforce the state laws as they exist against sale of liquors to minors and providing for the Sunday closing of saloons and will also enforce the laws against gambling and election frauds.

In view of the fact that the compensation of the district attorney has been twice increased during the past ten years, and as a bill was introduced in the last session of the legislature asking for additional compensation for deputy hire for this office, I hereby state that, if elected, I will be content with the present salary and will not ask the legislature for increase of pay.
