

Be Careful How You Vote

For the benefit of those who have forgotten or who do not understand the bills that are to be voted upon in the election next Monday, we give the following information:

The first four bills appearing on the ballot were referred to the people by the legislative assembly and consequently have been up before both houses and have been duly passed and signed by the governor, but have been referred to the people by motion of the members of the legislature for their ratification. The second four measures under the caption "Referendum ordered by petition of the people," appearing on the ballot that will be in your hands next Monday were passed in the same manner as the first four, and have been called up before the people for their consideration by petition of a number of citizens. These and the first four, or the first eight measures appearing on the ballot have been up before the duly elected legislators and have been made laws by them and been duly signed by the governor, therefore you will make no great mistake in endorsing the action of the legislature of the state in voting "yes" on all of them, for it is only reasonable that these men who have made a study of the matter have done what they thought best for their constituents.

Those of the measures labeled "Proposed by Initiative Petition," however, are of an entirely different nature and should be voted upon according to the wisdom of the voter as to their wisdom to become laws. Many of them are unfit and will no doubt be rejected if passed by the people and sent to the legislature for the consideration of that body. It is of the last amendments on the ballot and not the first eight measures, that it has been said, vote "No" on all of them and make no mistake, and this may be good advice. In the opinion of Dr. Belknap, who is a member of the legislature, none but numbers 316, 332 and 334 are of sufficient merit to be recommended to the legislative assembly.

TO REPUBLICAN VOTERS

AN OVERWHELMING majority of Oregon's voters by registration have formally declared that they believe in the principles of the Republican Party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the Republican National Convention. Let every Republican voter in the Second congressional district uphold the honor of the republican party in Oregon and strengthen the influence of Oregon's delegation in the national convention by voting for H. M. Calkins for United States Senator and W. R. Ellis for Representative in Congress. If either of these Republican nominees fall of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's voters will be smirched and Oregon's delegation to the National convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the Republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the Republican Party it is your duty to be at the polls June 1st, and vote for Calkins and Ellis.

Rumor is unjust.

To whom it may concern: It has come to my knowledge that W. C. Conington, candidate for sheriff, is accused of the burning of my hay. I wish to say that such rumor is unjust. For Mr. Conington and I have always been friends.
