Hood River strawberries have begun to arrive in the local market. They are of a good quality, slightly damaged from shipping when wet, but sell readily at 25 cents per box.

C. T. Lillard and Mrs. Cecil and daughter of Portland, passed through Prineville today on their way to Harney county. Mr. Lillard was formerly a prominent stockman of Paulina.

E. W. Van Valkenburgh passed through town today with a steam threshing outfit for the Burns country. About a week has been consumed in making the journey from Shaniko to Prineville and ten days will perhaps be required to finish the journey to Burns. The machine was traveling under its own power and drew a wagon especially equipped to carry the fuel.

Wool Goes at 12 Cents

Pendleton, Or., May 25—About 800,000 pounds of wool out of something over 1,000,000 pounds that were offered in the first sales for this city was sold. The prices bid ranged from 6 to 13 1/2 cents per pound. Most of it changed hands at or near 12 cents, and there were only two bids as low as 6 cents. The prices paid were from 1 to 3 cents lower per pound than the growers expected, and on a scoured basis are about 35 per cent lower than last year. While the wool opened up well as far as staple is concerned, the buyers declared there was more sand and dirt than usual, due to the large number of wind and dust storms this spring.

Campaign Lie Nailed

A report has been circulated in Crook county that Fred W. Wilson, the republican candidate for district attorney, is a stockholder and the attorney for the Eastern Oregon Brewing Company of The Dalles. In order to correct the false impression such a report was intended to make Andrew Keller, the president of the company, sends to the Journal the following:

The Dalles, Or., May 27th, '08.
I, Andrew Keller, hereby certify that I am the president and manager of the Eastern Oregon Brewing Company, conducting the only brewery at The Dalles, Oregon; that I have been told that the report is being circulated that Mr. Fred W. Wilson, the republican candidate for district attorney, is a stockholder in and the attorney for said brewery. In justice to Mr. Wilson I wish to state and declare that such report is absolutely untrue and false. Mr. Wilson has no interest whatever, either directly or indirectly in the concern, nor is he the attorney for the same.

Neither the brewery, myself or anyone connected with it has any interest either in the election of Mr. Wilson or his defeat and I make this statement simply to set forth the exact truth, by request of Mr. Wilson, and to correct any false report which may be made to the contrary.

ANDREW KELLER, President.

Give Me Your Support for County Judge.

As an independent candidate for county judge I have an undeniable claim upon the voters of the county for their support. I have been a resident of Crook county for 24 years, during which time I have been in the public service but once and that was when assessor for one term. My term in office gave the people absolute satisfaction.

The Bend country already has a commissioner and a vote for Mr. Ellis means that the Bend country will dominate the county in the court for at least two years. A vote for me means a division of power proportioned rightly between the east end, the west end and the north end. Could anything be more fair or just? All parts of the county will thus be represented equally by competent men. Vote for me and get square deal.

JAS. T. ROBINSON.

Announcement.

The Dalles, May 8, 1908.
To the Voters of the Seventh Judicial District:

My name will appear on the ballot in June as the democratic candidate for prosecuting attorney for the 7th district.

I take this opportunity to state that, if elected, I will during my term of office strictly and impartially endeavor to enforce the law generally as to crime; and, "wet" or "dry" as may be voted in the various portions of the district, I will enforce the state laws as they exist against sale of liquors to minors and providing for the Sunday closing of saloons and will also enforce the laws

against gambling and election frauds.

In view of the fact that the compensation of the district attorney has been twice increased during the past ten years, and as a bill was introduced in the last session of the legislature asking for additional compensation for deputy hire for this office, I, hereby state that, if elected, I will be content with the present salary and will not ask the legislature for increase of pay.

BEES-HONEY-MONEY

The bee industry in Crook County should be entered into by a great many more than now do. It doesn't seem to be generally known that they do exceptionally well here, and the price of honey is always high.

Bees travel from two to four miles to gather honey, so that if there is an alfalfa field within this distance from your place, you can profitably care for bees. We feel that a few stands of bees at every ranch will give the greatest returns on the money invested of any branch of industry on the place. We have recently received a complete assortment of Bee Supplies of the "Root's Patent" make, which are made different and from better material than the common western make. We can supply all your needs along this line.

Which CREAM SEPARATOR is Cheapest?

Several catalogues houses are offering "just as good" cream separators for sale at a lower price than the U. S. Cream Separator sells for. But before the unfortunate purchaser of one of these "mail order" separators gets through paying the repair bills he finds that first cost isn't the only difference. The "cheap" separators soon get out of fix because they are built of cheap material, and loosely put together. The cost of repairs alone in the first year or two would pay the difference in price between one of them and a U. S. But more important still they do not skim clean, they waste cream at every skimming.

U. S. CREAM SEPARATORS

have stood the test of time. Many of them have been in use for 10 years or more, and have cost their owners next to nothing for repairs. They are easy running, skim cleaner than any others, have a simple, easy-to-wash bowl; enclosed, safety gearing and a convenient, low milk tank. See a U. S. Separator for yourself—that's the best way. They are sold by
