# Making Room for New Spring Goods

We are going over our stock making inventory and find that it will be necessary for us to reduce several lines to make room for new spring goods now on the road. Toward this end we are offering these goods at reduced prices—and when we lower our regular price the careful buyers know that it means

## ROCK BOTTOM PRICES for DEPENDABLE GOODS

These reductions are all on new, clean, bright goods—not shelfworn remnants—but we need the room they fill, and can show you many better values than you can get elsewhere

### See Our 5 CENT BARGAIN COUNTER

We have placed upon it numerous useful little articles which usually sell at 10c. Everything on this counter, each 5c

I. MICHEL, - Prineville, Oregon

### Pupils Compete for Banner of Honor

A contest in good behavior is now on among the several grades of the Prineville public schools. A handsome banner of green felt bearing the words, "The Order of Honor," worked in gold braid, now adorns the fifth grade room, Miss Jessie Hartley, teacher. To keep possession of the banner is the object of the pupils, and the fifth grade was awarded the trophy for good order at the close of the first week of the contest last Friday afternoon.

The good order of the pupils in the schoolroom, on the play grounds, in passing about the building and in going to and from school are the points that count toward being the room of honor. A tabulated list of offenses has been made up, each offense counting a certain number of points against the room in which the offender is a pupil. At the close of each school week the teachers assemble as a board of judges and determine to which room possession of the banner belongs. As each teacher is to keep tab on their own pupils as well as on the conduct of the pupils in the other rooms, the effect cannot help being beneficial to good order and discipline. The keen spirit of competition has already had a marked influence on general deportment.

### Post Items.

We have heard of inquiries being made as to whether or not the people of this neighborhood survived the cold spell of last month. We wish to inform all interested that the Newsom creekers, the Doolittlers, the Crooked river and Bosnities all weathered the storm. Mrs. J. R. Knox, who has been having a hard tussle with rheumatic fever for several weeks, is reported some better. Marion Taylor narrowly escaped being gored to death by an angry cow recently. Mart Brummer is again seen on our streets after an absence of several months. Mrs. Clarence Stover is reported convalescent after an illness of several weeks. Miss Nellie Post is expected

home soon. She has been absent several months visiting relatives near Portland and at South Bend, Wash.

The long-lost bridegroom returned, but the bride, oh! where was she?

They claimed to have a "cinch" on the weather at the E. B. Knox ranch during the "cold snap." The thermometer there would only register 10 below zero so it couldn't get any colder. We think if there had been an investigation made they would have found that none of the frost has been "cinched" out.

The Do-little Flat people were about the only ones that had the pleasure of a sleighride during the snow. They are a busy people in spite of the name.

Post, Or., February 2.

### Redmond News.

Redmond, Ore., Jan. 31, 1909.

Redmond is still a dot on the face of the map if Mr. Buckley did go out to Shaniko taking Mrs. Stewart bound for Echo, Mrs. Burlington for Kallispell and Ernest Spencer and family for Spokane. About the same time came in a brother of R. C. Innis and a friend of Mr. Wright of Forked Horn from Kallispell who will probably locate here.

Something else has been doing also. The Crook County Water, Light & Power company has been incorporated with a capital stock of \$50,000 with an avowed purpose of constructing, owning and operating electric light and power lines, pipe lines and an electric railroad in Crook county, the latter to connect Redmond with Prineville and such other points as may be deemed expedient, including a connection with a steam railroad, whether in Crook or some other county. Jos. H. Jackson is president, H. F. Jones secretary-treasurer, and B. A. Kendall, J. G. McJuffie, C. N. Elbert and L. L. Harader with the president form the board of directors.

Mrs. Hansen will soon leave, with her children, for a three or four weeks' visit at Vancouver. Joe says that he will take a vacation then.

C. W. Muma came in again today from a Shaniko trip.

It is reported that there is to be roller skating once a week at Redmond, beginning Wednesday. No particulars.

Free chicken pie supper next Wednesday evening, engineered by the Ladies Aid Society, but everyone is expected to bring something in the line of edibles.

Last Tuesday on the way to Prineville we met A. J. Booth just getting back. B. J. Henninger and W. L. Ogden were also in on the same day.

We have had the pleasure of looking over the big black Belgian stallion recently purchased by H. A. Myers and company of this place. We will not inflict the horse's royal pedigree at this time, but will call him by his stable name of Bolivar for short. Bolivar is certainly a magnificent animal, standing 17½ hands high and weighs 2300 pounds. He is active and stylish, though, for that heavy a horse.

Clint Woods, J. O. Haney, H. A. Myers and E. C. Park were at the Hightower-Smith mill for lumber the past week. E. C. PARK.

Memorial. Daniel Greenhalgh, born in Manchester, England, February 14, 1840, departed this life January 23, 1909.

Mr. Greenhalgh came to America 1861 and lived in the middle west where he owned and managed a stock ranch for a number of years. He was treasurer of Marshall county, South Dakota, seven years, where he made many staunch friends. Later he came to the Palouse country, Washington, where he owned a fruit and grain ranch. He came to Crook county, Oregon, a little over four years ago and bought D. L. & P. Co. land about six miles south of Redmond, where he lived until his death.

Mr. Greenhalgh was a member of Whitman Lodge No. 49, A. F. & A. M. He leaves a wife and two sons to mourn his loss. Funeral services were conducted by Rev. Lilly at the residence on Tuesday at 1 o'clock, after which the body was laid to its last resting place in Forked Horn cemetery. F. H.

### CITY COUNCIL.

Continued from page 1.

evidently from another book for \$2.50 more.

The report of the recorder for 1908 has evidently been made up from memoranda and is in error in many parts.

The report of the treasurer for 1908 is correct, but cannot find warrant 553, paid as of Feb. 11, 1908; nor 556, paid as of March 3, 1908, among the paid warrants of 1908. Warrant 556 is cancelled in the records of recorder and treasurer, but 553 is cancelled in treasurer's record only. They have evidently been misplaced, and if properly cancelled could do no harm. The only way loss may be, if they should fall into dishonest hands to cash them on unsuspecting parties.

Would suggest that you furnish all receipts and licenses in duplicate carbon copy style and numbered. This will greatly aid your committees in auditing and help the officers in keeping their accounts in shape.

The amount of outstanding unpaid warrants Jan. 1, 1909, was \$2241.15 face, without interest. Very respectfully, MAX CRANDALL, Public Accountant.

As the report showed a discrepancy of \$14.50 in the amounts turned in to the treasurer and the amounts collected, the report was referred back to the committee with instructions to confer with the ex-marshal for an explanation. It may be said here that the council casts no blame on anyone for this showing, crediting it simply to the lax system in the way in which the records has been kept. At the meeting held Tuesday

evening there were present Mayor Stewart, Councilman Clifton, Shipp, Adanson, Cram and Yancey, Councilman Lippman being absent from the city, Recorder Shattuck and Marshal Huston.

In its report the committee on streets and improvements recommended the construction of an eight foot side walk on the east side of main street north of the Ochoco bridge to the end of the street, connecting with the approach to the bridge. This matter was taken under advisement by the council. The committee urged construction of walks connecting the walks to the bridge approach on the south side, and the repair and construction of walks in other parts of town where they appear to be needed. All manure was ordered removed from the alleys as well as wood and other obstructions in the streets and alleys where they interfere to any extent with the free use of the passways. The marshal was instructed to use his judgment in enforcing these provisions. The committee reported a bad condition to exist on Nichol street in the vicinity of the residence of G. M. Elkins as the sewerage from the Elkins residence is discharged into a cesspool in the middle of that street. This street was ordered opened and to be put in a sanitary condition.

Chairman Shipp of the committee on health and police reported that an inspection of the city jail has shown that place to be in a fair condition with the exception of mattresses. The marshal has been instructed to purchase two straw ticks and some wood for the same. The reports of the marshal and recorder for the month were received. These reports recited that arrests had been made all for disorderly conduct. All were brought before the recorder and fined, in sums totaling \$35.

S. J. Newsom and several other residents in the north east portion of the town appeared before the council asking that some action be taken to relieve the unsanitary condition existing in that district on account of the stagnant water which collects in the old channel of the Ochoco. It was suggested by these residents that the drainage could be accomplished by making a drain west on Nichol street to the Ochoco. Referred to committee on health and police for investigation.

J. E. Wilson wanted to know about getting a license for a boxing exhibition. After some discussion he was granted a license for the same.

Residents in the vicinity of Pendexter's rink filed a protest about the noise made by the music box. The marshal is endeavor to adjust matters.

The oath of Fire Chief B. F. Johnson and Asst. Chief James McClun were received and filed.

Mayor Stewart received a letter from officers of the Alaska-Yukon-Pacific Exposition stating that July 15 had been set apart as "Prineville Day." More extended mention of this matter will be made later.

In the discussion arising about the passing of an occupation tax ordinance and other means to raise revenue for the city's government Councilman Shipp said that he was in favor of putting the city on a \$10,000 water bonds, besides the indebtedness to date of \$2488.55. Mr. Shipp favors refloating the bonds with an increase in the amount sufficient to wipe out the city's indebtedness and put enough money in the treasury to meet the current expenses on a cash basis.

The city is now paying about 11 per cent premium on everything it buys. We should make our paper worth spot cash for its face value and then we can get prices the same as any other buyer. This proposal seemed to meet with the general approval of the council, and if the bonds are to be refloated as seems probable in the near future, it is very likely that this step will be taken.

The above statement of the city's indebtedness is correct up to last Tuesday evening, counting all the recent lines received, dog tax collected, and bills allowed at the last meeting. The interest on the bonds is paid up, and the \$2488.55 covers everything, assuming that all outstanding warrants are six months behind as an average.

The following bills were audited and ordered paid:

Wade Hoefon, salary and fees.....\$94.47  
J. L. McCulloch, treat fees..... 5.76  
Crook Co. Journal, dog tax receipts..... 5.20  
Max Crandall, experting accounts..... 20.00  
C. W. Elkins..... 6.50
