We have the cleanest Dry Land Utah Alfalfa Seed in town; also best Timothy Mammoth Red, Alayke and Red Top Clovers and Field Peas. Special orders taken for large quantities.

### LOCAL MENTION

C. C. Hon, the forest ranger, is in town.

James A. Brown of Culver was in on business this week.

Judge H. C. Ellis came over from Bend this morning.

A. W. Boyce was in from his home at Haystack this week.

Miss Pearl Helms leaves today for her home at Vancouver, Wash.

Mrs. Howard Turner of Madras was in the city last Saturday visiting.

A street concert will be played by the band next Sunday afternoon, weather permitting.

Wm. W. Brown, of Paulina, came in Wednesday from Portland, where he has been on business.

Farquhar McRae, the prominent shopman from Antelope, was in Prineville this week, looking after range matters before the forest service officers.

Ed Harris's horse fell with him Monday on Bear Creek, breaking one of Mr. Harris's arms. He came to town Tuesday and Dr. Belknap reduced the fracture.

H. J. Healy and daughter, Miss Clara, were in town Monday from their home at Culver. Mr. Healy is rapidly recovering from his accident of several days ago.

At the First Methodist church Sunday morning the subject for the sermon will be, "The New Commandment." The one for evening will be, "Is Man a Lump of Contradictions?"

The Sunday school will be held at 10 o'clock and the Epworth League at 6:30 p. m. Business meeting of the Epworth League on Friday night the 12th. All members of the League requested to be present.

Married, Sunday, March 7, 1900, Mr. Joe Montgomery and Miss Julia F. Newbill, at the home of the brides parents at Grizzly, Rev. B. F. W. Pitman of Madras officiating. The bride is the daughter of Mr. and Mrs. C. A. Newbill, and the groom is a prominent rancher of that district, the son of Canada Montgomery. The newly wedded pair will make their home at Grizzly.

The Prineville Band will hold a meeting in the Fireman's hall next Monday evening for the purpose of effecting a more efficient business organization and to adopt new rules for the government of the band. A committee was named Wednesday night to draw up the new regulations and these will be submitted at Monday's meeting. All of the band men and any others who are interested in the organization are requested to attend.

James Wood is in the city on business.

Rev. C. P. Bailey will preach at the Union church Sunday next.

John Combs returned home from a trip to Portland Wednesday evening, having been summoned there as a witness before the Federal grand jury.

Jack and Clint Woods of Redmond were in town on business Tuesday. These gentlemen are prosperous ranchers and are eagerly awaiting railroad development in their section of the county.

At the meeting of the county boundary board held last week the petition for a change between the school districts No. 55 and 57, known as Paulina and Paulina Valley, was denied by the board.

Guy Lafollette returned yesterday from a trip over the county. This is the first time in three years that he has asked the department for a leave of absence. He traveled some 200 miles, visited all the postoffices on the west side and talked on the postal laws in some half dozen schools.

Rev. J. Anthony Mitchell of Bend will occupy the pulpit at the First Presbyterian Church next Sunday, Dr. Dunsmore exchanging pulpits with him for the day. Dr. Dunsmore goes to Bend tomorrow to visit with his daughter and will return home the first of the week.

Mrs. James Messenger brought to this office this week a curious freak of nature in the form of a double-shelled egg. The outside shell was as large as a goose egg, and inside of it was an ordinary sized egg with a hard shell. The large shell also contained the white of an egg in the space between the shells.

Dr. C. H. Edwards had a mix-up with a driving horse which he was endeavoring to harness the first of the week. The horse was tied and began pulling back. It stepped on the doctor's foot and threw its head striking him in the face at the same time, so that the doctor received a pair of black eyes and a lame foot simultaneously.

The present faculty of the Crook County High School has been unanimously re-elected by the county board for the ensuing school year. A teachers' course for primary grades is to be added to the high school curriculum next year. An expert teacher, thoroughly qualified to take up the work, will be employed. This will be a great benefit to the schools of the county. Other changes are in contemplation which will materially help to bring the high school in close touch with the needs of the county. We have reference more especially to the agricultural course which Prof. Hockenberry has so strongly urged.

### Redmond News.

Redmond, March 7.

Mrs. McGuffie is quite ill again with nervous trouble after her trip to church and Sunday School. She had not been out for eight weeks and the trip and excitement were rather too much for her. Many friends are hoping for her complete and speedy recovery.

The Lamb Feed Company reports heavy sales of alfalfa and clover seed for spring sowing.

Kirk Whitford's building will soon be going on again, as Messrs. Henninger and Landes went to the Grizzly mill Friday and Saturday for film and De Witt Lamb and Mr. Lauderback will go to Prineville Monday and Tuesday.

Mr. Atkinson is home again from ditto work.

H. M. Smith, Alex Brown and J. E. Lamb have all been clearing or having it done on their places.

Mr. Trisler leaves tomorrow for his home in Ottumwa, Iowa. Many friends wish him a safe and pleasant journey.

Orval Spencer is pretty good on bronchos, so he did not have very much trouble in subduing the Woodman goat last night, and he is now a full fledged Woodman.

McLain Young and Company are now at home from clearing operations.

Mr. and Mrs. Sturdevant, sr. are new arrivals, making their home with the young couple during building operations on their own adjoining forty.

Last night neighbors stole a march on Carl Ehret's new house and compelled it and all inmates to surrender. They occupied the fortress until early this morning, eating all their own provisions and some others and resolved that everybody had had a good time.

The surprise on Mr. and Mrs. J. E. Lamb Tuesday night was so complete that Mrs. Lamb wanted to know if they came for milk. Everybody had a fine time though and resolved to do it again to somebody else.

E. C. PARK.

Card of Thanks.

The members of the undersigned organization desire to extend their sincere thanks to the general public for their patronage and co-operation at the dance given March 5, and especially the refreshment committee and those ladies whose donations in the way of luncheon added so much to the success of the event.

PRINEVILLE BAND.

### Now Making Butter.

The Pioneer Cream Company is now turning out a first-class article of butter. They commenced its manufacture the first of the month and are using all the cream they can get. In a letter to patrons Messrs. Cooper & Lafollette say:

"Our prices will be governed entirely by the Portland market. For butter-fat delivered at the creamery in Prineville we will pay 3 cents under the wholesale price of first-grade butter. For instance, the present price for butter is 36 cents a pound, hence we pay 33 cents for butter-fat. On the 15th of each month we will pay for the butter-fat received during the previous month."

The circular goes on to say that "this is an ideal dairy country and it is evident that in the near future Crook county will rank among the foremost producers of dairy products in the West."

This assertion can be made a reality only by the co-operation of the farmers of the county. We have the soil, climate, forage crops and herds and all we seem to lack is a little initiative in getting the work started. Those who have milk cows should lose no time in getting in touch with the creamery at Prineville.

### Special Session Called.

Dr. H. P. Belknap left on today's stage for Salem to attend the special session of the legislature called to meet next Monday, March 15, by Governor Benson. The purpose of calling the extra session is to pass the general appropriation bill for the support of the state institutions, which failed at the regular session because of a defect in the proceedings. It does not appear to be the intention to bring up any new legislation at this special session although there is the probability that several of the bill which were passed by the house and senate and vetoed by Governor Chamberlain, will be passed over the veto, and that some of the laws passed at the regular session which have been discovered to be defective will be remedied.
