THE OREGON LEGISLATURE

Acts of the Twenty-fifth Oregon Legislature Presented in Concise Form.

TOTAL EXPENSE \$1,200,000

Revenue Producing Measures Enacted, Which Will Offset the Increased Appropriations.

Salem, Feb. 22.—The twenty-fifth biennial session of the legislature is a matter of history. While it was the most expensive legislature the state ever had, and charges of extravagance have been freely made, yet, when the growth and development of the state is considered, the appropriations were not extremely excessive. In fact, the session did not live up to all its opportunities, for bills appropriating more than \$1,000,000 were killed, among them being appropriations for Johnson's road bill, three normal schools, topographic surveys, Indian war veterans, historical society building and a number of other money bills.

The appropriations will aggregate \$4,200,000, or about \$1,000,000 more than the preceding session. Three or four revenue producing measures were passed, however, which will partially offset the increased appropriations. Among them are: The bill taxing earnings of public service corporations; the new insurance tax law; the inheritance tax increase; and the water franchise tax. These laws will add about \$200,000 to the state's revenues.

The session distinguished itself by doing two notable things: First, in adopting the resolutions promising to submit the question of state financing of railroads to the people, and second, in refusing to make appropriations for three normal schools.

Much unfavorable comment has been indulged in over the numerous salary grab bills passed, which by the way affect counties and not the state, but to offset the pettiness of these bills some measures of real importance were passed. Chief among them may be mentioned: Acts for the conservation of resources, the water code, the game code, industry switches, abolishment of compulsory pilotage, and the creation of ports. Two rather unique laws were passed, namely, the bill for sterilization of the criminal insane and confirmed convicts, and providing a penalty of life imprisonment for highway robbery.

Attempts to modify the direct primary law, particularly Statement No. 1, and the local option law were defeated. The legislature also refused to adopt Sunday blue laws, and attempts to take the state institutions from Salem were killed.

With a few minor omissions the following is a list of bills filed by Governor with the Secretary of State and which will become law:
