### Clean-Up Day

Next Saturday

Mayor D. F. Stewart has designated next Saturday as general clean-up day in Prineville and asks the co-operation of all citizens in an effort to give the city a neat, tidy appearance by removing from the streets and alleys all loose rubbish that has collected therein.

There are many indications that point toward a bigger, better and cleaner Prineville during the coming year, and clean-up day at the call of the mayor will doubtless be actively responded to by the citizens in general.

Equal to the Occasion.

In 1840 a great convention was held in Baltimore by the young men of what was then known as the Whig party for the purpose of ratifying the nomination of General William Henry Harrison for the presidency. There was no hall in the city large enough to hold the crowd of delegates who attended. The convention accordingly met on the Canton race track, and when the great Whig orator of Maryland, who was chairman of the young men's national committee, arose to call the meeting to order he was so impressed by the vastness of the assemblage before him that instead of the usual formula he exclaimed, "The nation will please come to order!"

### HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.
