### The Ochoconians

Won the Debate  
The inter-society debate of the Crook County High School last Friday evening was won by the Ochoconian Society, who upheld the negative side of the question, "Resolved, that United States senators should be elected by direct vote of the people."  
There was not as large an audience present as was expected nor as the character of the debate justified. Those who took part spent much time and hard work upon the subject. Our high school authorities are firm believers in the importance of debate as a means of education.  
The silver cup donated by C. I. Winick which was won last year by the Alphas, must now be turned over to their opponents. Individually each member receives a gold medal. The gold medalists are Wilford Belknap, Irene Barnes and Agnes Elliott.
