

Get your money's worth

People are getting tired of it—getting tired of being held up—they want their money's worth now—the gold brick days are over.

People used to be willing to smoke cabbage leaves in place of Havana and pay good money for it if they got a premium or coupon—willing to buy tea and pay twice its worth just to get a dish free—those days are over—people want their money's worth now—they want what they pay for—value received.

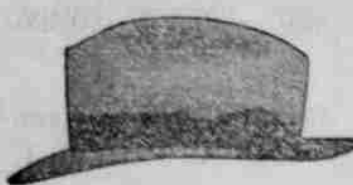

The line of general merchandise we sell offers you your money's worth—we don't have to offer you a lot of cheap inducements to hide cheap quality. When you buy a pair of shoes we don't throw in a premium, your money goes into the value of the shoe. It's the same with our clothing, hats, dry goods and groceries. We sell you the genuine article at a reasonable price. THAT'S ALL. THAT'S ENOUGH.

Railroads Must Pay Profit Says Stubbs

J. C. Stubbs, "head salesman" of transportation for the Harriman lines, was in Portland the first of the week and in an interview with an Oregon Journal reporter said:

"One reason I cannot talk finally about building a railroad into central Oregon is because I have little to do with the construction work," the traffic manager explained. "I am a salesman of transportation. Did you ever look at it in that way?"

"We don't go around building railroads from one place to another for the fun of it, not just because a particular state or a particular city thinks that that is the proper thing to do. There must be an assurance of returns on the money."

"People think of Mr. Harriman as a center of a corporation, a thing without soul or heart or feeling—one who lets his fancy or whim dictate whether he shall favor one locality or another. As a matter of fact he is only an agent, handling other people's money."

"The Union Pacific properties are held by some 15,000 stockholders. Including the Southern Pacific and other lines, the stockholders number several times that number. They have put their money into the railroad enterprise because they want something out of it. Suppose, then, Mr. Harriman should come before a meeting of the stockholders and propose to build a railroad from Huntington to Corvallis, across central Oregon. All right; the stockholders would say, 'build your railroad; we'll furnish the money.' Then suppose the railroad never paid expenses."

"Well, Mr. Harriman's reputation as a brilliant railroad man would be lost. His head would go off just like any other man's who fails to make good. So in putting the railroad through that country these things must be considered. It is altogether a commercial enterprise. The stockholders don't care about the Oregon country. What they want is returns on their money. That is what they clamor for; that is what the man who handles their money must provide for them. He's got to do it or he drops underneath and a better man takes his place."

"Twenty-five years ago the land in that country couldn't have been given away. Now it has been exploited and it has been shown that irrigation and development will

make transportation facilities inevitable and the railroad, as a matter of course, will be built. But as railroad builders we had to be shown." That is all.

"I understand now that Twoby Bros. have opened up headquarters and that all that contractors are waiting on is the government right of way, which will undoubtedly be granted soon."

Surveyors on Trout Locating Steel Bridge

The Madras Pioneer reaches us a little ahead of time this week. From it we glean the following:

William Blair of near Porter Spring canyon, was a visitor in town yesterday. He says a crew of railroad engineers are camped at the mouth of Trout Creek and are laying out the steel bridge which crosses the creek about a mile and a half above its mouth. There are 14 men in this party, and another party is expected tomorrow to begin work in that vicinity.

L. E. Lawrence and L. Doonar were in town yesterday looking after matters for the Pioneer Telegraph & Telephone Co. They are arranging to make a number of improvements in the telephone service at this place and in this end of the county, and are going over the line for that purpose. One of the first improvements to be made will be to connect the Madras office up with Hayes creek, giving a more direct connection with Shanko and outside points. The wire has been ordered to finish out this line and service will be opened over it in a few days.

Mrs. Linna B. Wood returned Tuesday from Prineville where she has been visiting friends. She was accompanied by Mrs. Thron Thronson, who is visiting at the home of Mrs. M. A. Robinson.

Cheap Land With Water.

If you are looking for a chance to take up desert land and get water on to it here is a snap for you. Any resident of the county will tell you that there is some of the best land in the district between the Crooked and Deschutes rivers on the lower desert. Our plan is to locate settlers and associate to put water on for irrigation at cost. If you get some of this land you can.

RAISE THE DOUGH.

3 to 6 tons of clover per acre. 4 to 8 tons of alfalfa per acre. Best soil and best climate in Crook county. Perpetual water right and good title at very low cost. For full information write JOSEPH G. HOUSTON, Madras, Oregon. 6-24-1mo

Church Services.

Union church, 10 a. m., Bible school, 11 a. m., preaching; topic, "A Royal Wedding." No services in the evening. Rev. C. P. Bailey, pastor.

Preaching at Rye Grass school house at 3 p. m.

The union services at the Union church last Sunday were largely attended. Rev. Rabbidge preached a splendid sermon. Those who missed hearing him missed a treat.

Presbyterian church, Sunday at 10 a. m. Preaching at 11 a. m. Union service in the evening at this church. Young people meet at 7. Preaching at 8. Rev. Bailey of the Baptist church will deliver the discourse.

STOP.

Before You Sign a contract for life insurance in any company look into the merits of

Oregon Life

The Policyholders' Company

Horse Races in Harney County

Several of the horsemen who were at the fair grounds with their racers during the May meeting at Prineville have returned from the races at Burns, among them being Bob and Grafty Barber, Tom Armstrong and Randolph Gibson. The Burns papers have the following concerning the performances of horses well known at Prineville:

"The race meet just closed has had several more or less interesting features that have not been generally considered. For instance, in the 1/2 mile dash Friday the people witnessed speed never before equaled in Oregon on a half mile track when Barber's Confederate made the distance in 1:16. That breaks the state record for half mile tracks in Oregon. The race was a free for all. Confederate, Jerusha and Bell Griffon were the competitors. They finished in the order named and this was one of the most thrilling horse races ever witnessed over this course."

In the quarter mile run Brandy and Wade Hampton made their usual spectacular finish with Brandy nosing out. Time 24.

The 1/2 mile dash free for all had four starters and it was a race from the beginning. Jerusha ran last almost the entire distance, but moved up at the proper time and came under the wire first with Carrie Thatcher second. Time 1:04.

1/4 mile dash. Seventy took first with Lady Banata, second. Time 51 1/2.

The mile dash was an easy victory for Confederate with John H. second. Time 1:48.

The three-eighths mile dash free for all was another battle between Wade Hampton and Brandy with the former winning. Time 36 1/2.

On the 5th there was a special match race and a consolation besides a special 2 in 3 heat trot of one mile. The 1/2 mile consolation was won by Belle Griffon in 1:05, Main taking second place."

While at Burns Randolph Gibson traded his colt "Trump" for the horse "Malm." "Brandy" seems to be too strong for "Wade Hampton" this season. While "Wade H." won the three-eighths dash at Burns, thereby hangs a tale. Guy Gravelin, the jock, was accused of pulling "Brandy" and admitted it, and was thereupon relieved from further duties. The last days of the racing are said to have been pretty rank, and several entries were scratched from the events in fear of foul play during the races.

A Bargain.

A relinquishment made so that 100 acre homestead can be taken; also 100 acres of deeded land adjoining for sale. Five miles from Prineville; fine land; also a team of horses for sale. Enquire at the Journal Office. 7-15-11

Before the Board of Control of the State of Oregon.

Water Division No. 2, Crook County.

Notice of proceedings to determine water rights.

In the matter of the determination of the relative rights to the waters of Squaw creek, a tributary of the Deschutes river, in Crook county, Oregon.

To all whom it may concern: In the name of the state of Oregon: You and each of you are hereby notified that the State Engineer of the State of Oregon will begin the investigation of the flow of that certain stream known as Squaw creek, a tributary of the Deschutes river, situated in Crook county, Oregon, and the ditches diverting water therefrom, on Monday, the 10th day of August, A. D. 1909, pursuant to a petition filed with the Board of Control of the State of Oregon, requesting a determination of the relative rights of the various claimants to the waters thereof; and you are hereby further notified that the Superintendent of Water Division No. 2 will begin the taking of testimony as to the rights of the parties claiming water from said stream on Wednesday, the 26th day of September, A. D. 1909, at 10 o'clock a. m., of said day, at the Sisters Hotel, in the town of Sisters, in Crook county, Or.

By order of the Board of Control of the State of Oregon, made the 13th day of April, 1909.

JOHN H. LEWIS, State Engineer, President;

H. L. HOLGATE, Superintendent Water Division No. 1;

F. M. SUTTON, Superintendent Water Division No. 2.

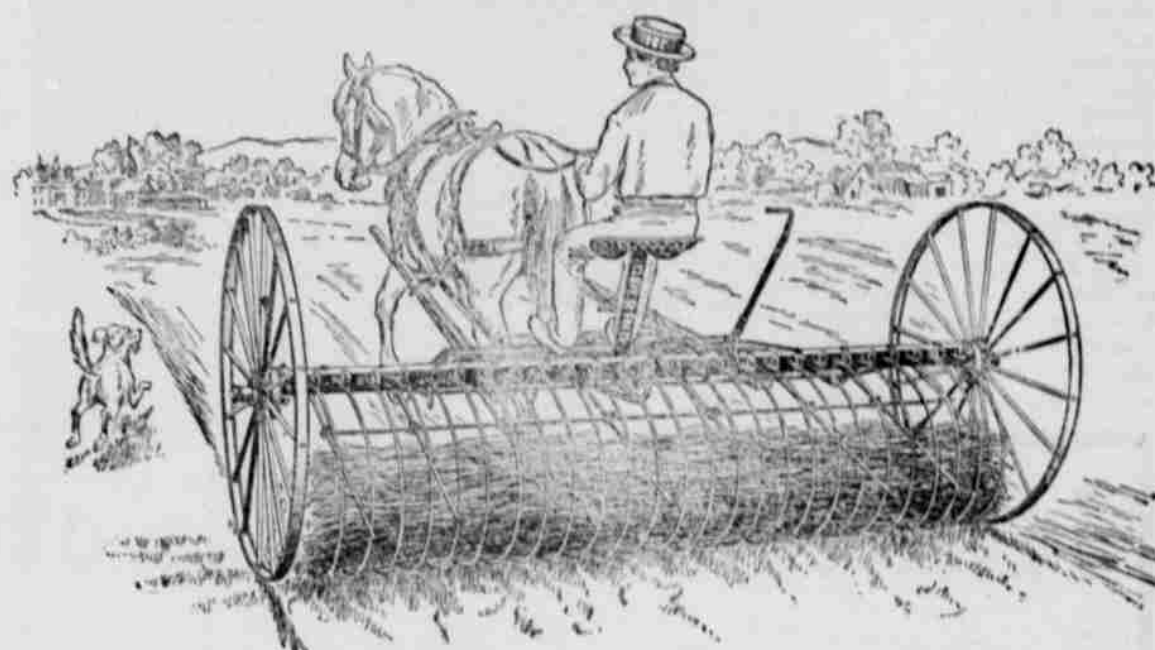

Attest—JAMES T. CINCOCK, Secretary. 7-5-21
