Miss Elkins has been employed to instruct the choir. Her rendition last Sunday morning of "Alone with God," by Abbott, was much appreciated by all, and showed a voice of much training. A Junior League will be organized at 3 o'clock. All the children are invited.

Squaw Creek Water Rights

About 150 water users from Squaw Creek attended the meeting held at Sisters yesterday, by Division Supt. Saxton and Asst. State Engineer Donnelly, for district No. 2, that being the time set for the receiving by the Board of Water Control the complaints or rather the statement of claims of each of the water users who irrigate land from Squaw Creek.

At the request of one of the users from a certain stream or one of its tributaries the Water Board is required to adjudicate the rights of every user in the district. The claim of each user is filed as was done at Sisters yesterday, then the board advertises a date and place for thirty days, giving notice that all of the claims will be open for public inspection for a period of ten days. Then if any one desires to object to the claim made for water by any user he files with the board his objections in writing, which initiates a contest, and the board sets a date for the taking of evidence touching the matter.

The work of the water board is practically the same as that of a court, having to deal with matters pertaining to water rights only.

Will Wurzweller, president, E. T. Slayton, secretary, and Judge W. A. Bell, attorney for the Squaw Creek Irrigation Company, attended the meeting, having been taken over yesterday morning by Dr. Rosenberg in his Overland car. Although the roads were pretty sloppy they made the trip over in two and a half hours.
