### Items From Southeast Crook.

W. W. Brown is building a new house on his ranch at Bear creek. When completed it will be one of the finest residences in the county.

Ed Foley is in charge of the new post-office of Fife. Ed needs a clerk—lady preferred.

Joseph Street is picking apples this week. Any one thinking that fruit raising isn't a success in this part should go and see Joe's orchard.

Herman Schmid has moved into this part of the county to stay. He and his wife have located on a section of Crook county desert land and are building a good house. This county needs a good many more settlers like Mr. Smith and we have room for them.

This part of the county has had a nice rainfall the past two weeks. A 2 1/2 inch rainfall is reported by the government observers.

A large number of homesteaders are locating in around Hampton Buttes. This will be one of the thickly populated parts of Crook county some day.

The settlers on Bear creek, Camp creek, and those at the head of the river, have been running a stage line through their part of the county for the past three months by popular subscription. It is now time for the government to take hold of the matter, as

there is a large and growing community to be accommodated by this line. However, the settlers will keep it going for another month or until they find out what the government is going to do.

Gilchrist Bros. are enlarging their ditches and running laterals. When completed this will add about 500 acres to their already large meadow.

The beef drives for this year are over and the ranchers are now busy putting in their crops.

Mr. and Mrs. H. Barnes, who have been spending the summer with their son Harry, will leave in a few days for their home at Albany.

Lew Bennett and Dick Rhoda have returned from Shaniko, where they have been for the past few weeks helping Ed Willard ship his beef. Mr. Willard bought a large number of beef in this part of the county.

George Huitte, from Minnesota, is looking over the public land in these parts. He says if he can find a suitable location there will be several people from his state come here to locate. Mr. Huitte has been over the state of Washington and most of Oregon, but says this part of Crook county looks good to him. In fact he says this is the best location he has found and contemplates locating here.

### Crook County Fair.

the championship cup presented by the fair association.

The ladies, at latest report, seem also to be busy trying to arrange to have a refreshment booth out at the fair, so that this will prove a great convenience to those in attendance.

Entries are coming in now in a steady stream and from all indications the class and number of exhibits should be beyond reproach.

For the benefit of the uninitiated we might mention that the secretary has opened an office one block east of the Prineville Hotel on third street, in the office occupied by M. R. Biggs, where entries may be made at any time.

**Broke Thirty-one Cycle Records.**  
At the race meet of the Los Angeles Motorcycle club recently something unparalleled in the history of racing occurred, the breaking of thirty-one world's records and the establishment of eight new records. In the last event, a one hour race, two amateurs between them accomplished the feat. Raymond Seymour broke the ten, twenty, twenty-one and twenty-two mile records in the same race. J. Howard Shafter passed him at this point and broke every world's record from twenty-three miles to forty-eight miles, establishing new records from forty-nine miles to fifty-six miles, and broke the world's one hour record by nearly eight miles. In addition to this, Paul J. G. Derkum rode a quarter of a mile in thirteen seconds, a feat never accomplished but once and which has no place in the record books.

**Athletic Cracks of the World to Meet.**  
With the Olympic games still under discussion, plans for athletic meets of almost as great importance are under way. The purpose is to give great track and field meets in Athens and Japan two years hence—a double set of world's games—so that the same team of Americans can compete in each. This means a trip around the world for the Americans who will compose the team from the United States and exhibits at many places other than in Greece and Japan. Further than this outline the plans have not been pushed. The information comes from President Sullivan of the A. A. U. through Porter, a member of the American Olympic team.

**Jones Against Double Empire System.**  
Manager-Fielder Jones of the Chicago Americans does not think well of the double empire system. Any plans that require an umpire to stand behind the pitcher is a poor one," said Jones, "for whenever an umpire stands in that position he obstructs the view of the outfielders to such an extent that they are forced to play out of their position by several feet. I do not like the plan of having the umpire on the diamond any place. The advantage of seeing the ball from behind the pitcher is more than offset by the inconvenience and handicap imposed on the outfielders."
