Fair Board Revises Premium List

At a director's meeting of the First Central Oregon Agricultural Association held last Thursday, the accounts of the society were examined, and it was found that there would be a surplus of receipts over expenditures.

The chief business was the revising of the prize list for next year, the board thinking that the best plan would be to do this while matters were fresh in the minds of all.

Among the more important changes that were made were the following: The premiums on all pure-blooded horses and cattle (except in the sweepstake classes) were doubled. Extra grade classes were made for Clyde, Shire, Belgian and Percheron grade horses, with small premiums. It was felt that the object of the society should be to encourage the bringing out of blooded stock in preference to grade animals. Consequently next year the premiums awarded for pure-bloods will in most cases be more than double those awarded for grades. Another change was the instituting of a separate class to comprise draft team, general purpose team, driving team, single driver and saddle horse entries. In the farm produce class a number of entries that were scattered around were brought under this division, special attention was given to various classes of field corn, and in the vegetables a number of classes of potatoes were added to the list together with a few other vegetables overlooked before. In the other divisions there were some minor changes.

In discussing the attractions for next year, the board expressed themselves as of opinion that the race courses would be cut down very considerably and other special attractions in the shape of base ball, basket-ball, football, rough riding, roping contests and athletic events would take their place. This will give greater variety, and should give general satisfaction.

The total attendance at the five days fair just closed was placed at about 5000, and the gate receipts totaled \$1329.25. More than \$700 was paid to the secretaries as entry fees for races and exhibits. Another source of income to the association is the sale of alfalfa hay which is produced on the grounds. From this source about \$100 was received during the recent fair, and the remainder of the crop will meet a ready sale because of its near location to the city. Taken in its entirety the fair was a great success from a financial view point as well as an educational event for which it was designed.

Sisters Items.

Mr. Frank Arnold has returned from Prineville.

Mrs. John Suttell is on the sick list this week.

Mrs. Neat Cobb has gone to Portland, where she will be operated on for appendicitis.

School opened Monday, in the 6th district, with Mr. Russell as teacher.

Mr. and Mrs. Gibson of Haystack, were callers in the vicinity, Monday.

Mr. Swanson, of Iowa, has recently located on a homestead on Squaw creek.

Born:—To Mr. and Mrs. Dave Fryrear, on the 20th inst., an eight pound girl.

Miss Phelina Cobb is the guest of Hazel Templeton this week.

Mr. Sterlie Fryrear returned Monday from the Summit, where he had gone to help Mr. Bruns and Mr. Steotzel with their load into the settlement.

Mr. and Mrs. Davis spent Wednesday in Laidlaw, the guest of their daughter, Mrs. William Myers.

Messrs. Shulte and Thomas, with their families, will move to Redmond the first of the month, where they will take charge of the hotel.

Mrs. William Fryrear and Mr. Davis have returned from Prineville, where they had been summoned as witnesses in the case of John Fryrear vs. Donohue.

At the special election called by the school officers of the Sisters school district, the citizens voted that no tax should be levied for the purpose of hiring a teacher for the children of Mr. Hysing who lives twelve miles from school, and it is thought that other arrangements can be made for schooling his children.

Ruth, the Gleaner.

Youngs News.

School has commenced at the Lyle Gap school with fifteen pupils enrolled. Mrs. Virga McFarland is the teacher.

The stage from Shaniko to Bend has not been running for several weeks past. The auto makes trips quite regularly.

The railroad work is progressing quite rapidly in this district. The camps are all preparing for winter by laying in plentiful supplies of food stuffs and making the quarters comfortable for cold weather.

A project is on foot to organize debating teams among the schools, giving the rural schools a chance to compete. These societies are helpful besides affording an immense amount of fun.

Some day some one is going to make some money down this way.

Cornett Company Buys Wenandy Stage Line

The Cornett Stage & Stable Co. has purchased the stock and coaches of the Wenandy stage line that has operated for the past year and a half between Bend and Shaniko by way of Madras.

The deal includes livery stables at Madras and the new town of Hillman, where stations will be established for the accommodation of the Cornett stages and special livery turnouts.

G. M. Cornett, the principal owner of the Cornett Stage & Stable company, will leave shortly for Portland where he will confer with postoffice inspectors and try to divide the county mail service, allowing the heavy mails for the west side of the county and the south to go over the new direct line between Shaniko and Silver Lake.

The weight and volume of the mail for the interior that under the present system comes over the Shaniko-Prineville has increased until it is almost impossible for one coach to handle the mail alone at times.

The passenger and express traffic is so great that extra coaches are run out of Shaniko every day, as many as four dispatches from Shaniko in a day being no uncommon event these days. It is the purpose of the C. S. & S. Co. who have been in business here for many years, to increase their facilities in both coaches and automobile service to handle the traffic for a few months until railway communication is had.

Irrigation Will Follow the Road

Portland, Or., Nov. 2, (Special)—Extensive irrigation works are likely to follow the railroads now being built into Central Oregon. Promised transportation for that section of the state has changed the irrigation policy of Secretary Ballinger and he will take up various undeveloped projects in Oregon with the Reclamation Service in the near future.

Oregon will get its full share of benefits under the National reclamation law, declares the Secretary of the Interior. In addition to the amounts heretofore allotted, this state will be entitled to about \$2,700,000 by 1912. Secretary Ballinger plans to set to work on some of the undeveloped projects in this state

as soon as the necessary funds become available.

The building of railroads into the interior of the state make the semi-arid districts accessible for reclamation projects. Just what district will be benefited first by new irrigation work has not yet been announced.

Thresh Alfalfa Seed on the McKay

R. M. Powell and others have just finished threshing alfalfa seed grown on their ranches on the McKay. The yield was good and the quality unsurpassed. The yield per acre was about 100 pounds. This was not as much as was expected but what was lacking in quantity was more than made up in quality. The seed finds a ready sale in the local market at from 20 to 25 cents a pound.

This is the first time that this valuable seed has been turned out in any quantity in Crook county and means the opening of a new and profitable industry. You get new, clean seed that is thoroughly adapted to this climate. Neither is there any danger of importing noxious weeds which often happens when importing outside stuff. Mr. Powell has purchased the latest improved alfalfa thresher and is now prepared to handle such work. He will increase his acreage of alfalfa to 250 next year and his neighbors will also plant more of this valuable forage plant.

Homeseekers Meet With Accidents.

Mr. Bruns and Mr. Steotzel, while enroute to their home near Silver Lake, met with a serious misfortune. They left Eugene with four horses and a load of household goods, but when only a few days out, they lost one of their horses. They succeeded in drawing the load with the three remaining horses to a point known as Windy Point. Here two more of the horses died, and Mr. Bruns leaving Mr. Steotzel with the load, came on to the settlement in search of help. He obtained provisions and a team, and Sterlie Fryrear as driver. They reached Sisters, Monday with their load, and, after purchasing a horse of Mr. Fryrear, were able to proceed on their journey.

November Meeting of City Council

The regular monthly meeting of the city council was held Tuesday evening; present, Mayor D. F. Stewart; Councilmen, Yancey, Cram, Adamson, Shipp and Clifton. Councilman Lippman was absent.

The committee on finance reported that they had completed the auditing of the accounts of the treasurer and had found the same correct.

Committee on streets and public improvements reported that sidewalk repairs in several parts of town were in need of repair and the marshal was thereupon ordered to see that the repairs were made and also to construct cross walks where needed.

Mrs. Glaze appeared before the council and asked for a reduction in her water rent bill. Same was referred to fire and water committee, with instructions not to go below the minimum rate of charge for water.

On motion of Councilman Clifton the city jail was condemned and repairs to the amount of \$75 authorized by the council.

Orin Pointexter representing Hose Company No. 2, presented a request for a room in which the company could hold its meetings. Referred to the fire committee.

All of the fire hydrants are to be fitted with plugs that can be opened with one wrench. It appears that they are of different sizes requiring special wrenches, which fact might cause delay in putting a stream of water on a fire.

The matter of the acceptance of the plans of Newsum's Third Addition was brought up. It was concluded that the city had nothing to do with the acceptance, after the plans have been passed upon and accepted by the county court.

The following bills were allowed: Prineville L. & W. Co., light, \$4.25 M. D. Powell, recorder, 11.00 Wade Huston, marshal's salary, 50.00 " disposing 2 dogs, 2.00 " arrest, 1.50 John Zeek, labor on streets, 2.50 J. H. Gray, hauling gravel, 14.00

Loss—Watch and chain between Jas. Fought's and Prineville. Gold hunting case, bird on one side. Double lapped gold link chain, silver half moon slide, with stars on. No bar on chain. Reward for return to this office. 31-028

House for Sale—Four-room house, two lots for sale; north side. Inquire at this office.

HORIGAN & STILL

FREE! FREE

Beautifully Hand-Decorated \$10 Dinner Sets given to our customers Absolutely FREE

Keep Your Eye on the Clock

That stands in a conspicuous part of our store and will be allowed to run down and stop at stated intervals.

Our Liberal Offer:

With each cash purchase of a certain amount you make at our store we will give you a card on which the time of the day is stamped. Bring cards to our store on the date and time specified thereon, and a complete dinner set will be given to the person present holding the card on which is stamped the nearest correct time the clock stops at.

It is necessary for all ticket holders to be in the store at the time when the face of the clock is uncovered.

We want you to secure one of these handsome dinner sets so as to advertise our business and to show in a substantial way that we appreciate your trade. We are not making any money on them—we don't expect to—we make this offer simply to please our old customers and to make new customers. This is a splendid opportunity for you to secure a handsome set of dishes absolutely free.

If your ticket does not secure a set for you the first time the clock is uncovered, save your ticket as you may win on it the next or the second, third, fourth, fifth or sixth time. Your ticket is good while we are giving Dinner Sets Free on this plan. Yours truly,

Clifton & Cornett
