Youngs Items.

The cold weather is so severe that the school here will be closed for a short time. Several of the children are suffering from severe colds and it is best to keep them in for a while.

L. N. Young has sold his general merchandise store and will go to his ranch about five miles away from here. We have been unable to learn the man's name who purchased the store.

The wife and infant girl of Joe Stewart are reported seriously ill. The mother was better at last report, but the baby was no better.

Wm. Brownhill and Miss McDonald went to visit friends in Portland. When they returned they notified their friends that they were now Mr. and Mrs. Brownhill and would be pleased to see their old friends in their home on the big plains.

Mrs. Akeyson has been quite sick. Dr. Snooks of Madras was in attendance.

The Thanksgiving holiday was for two days in the school here.

Grizzly News.

About eleven inches of snow has fallen since Saturday.

Ernest McKenzie had his leg badly injured the other day. His horse fell on it. It will lay him up for a few weeks.

Lumber hauling has commenced again. The rain made roads impassable but the cold weather has again restored good wheeling.

Joe Quinn was a Grizzly visitor Thursday.

R. W. Bland and wife made the county seat a visit last week.

Albert Cubbitt has moved to his new home that was left him by Mrs. McMeekin.

The school here gave a short program Thanksgiving. It is now preparing for a Christmas tree.

Miss Vivian Allen, our teacher, spent Thanksgiving vacation with friends in Prineville.

Rev. George Eads of Lamona preached an interesting sermon to the people of the community last Sunday.

Mr. Triplett and family were at Prineville this week.

Frank Duchain took a merry wide ride last Sunday, so it is said.

"Greenhorn" was a little too slow in getting his items in last week. A little more experience along this line and he won't be so "green."

Miss Mable Ray came over last Sunday to visit her aunt, Mrs. Ped Chitwood.

Miss Jane Hamilton has been sick with the la grippe the last week.

Jeffries-Johnson

Mill July 4th.

The Jeffries-Johnson fight for the heavyweight championship of the world will be fought in Salt Lake City or vicinity of San Francisco on July 4. Final articles for a 45-round contest were signed by the principals December 3 in a hotel at Hoboken, N. J.

Neither of the contestants, according to the articles, may engage in any boxing events before the big fight. This effectively eliminates the possibility of Johnson meeting Lang-

ford or of Jeffries fighting Kaufman between now and then.

It is further stipulated that training must begin at least 90 days before the fight. Five-ounce gloves are to be used and the contest shall be governed by straight Marquis of Queensberry rules. The referee is to be selected at least 60 days before the contest.

If Jeffries, Johnson, "Tex" Rickard and John J. Gleason, the last two the successful bidders, cannot agree on a referee, Jeffries and Johnson each are to select two men and from these four Rickard and Gleason are to make any selection they desire. The referee is to be paid \$1000, the contestants paying him two-thirds, the promoters the balance.

Jeffries and Johnson each have deposited \$10,000 as a forfeit to the promoters if they fail to appear, while Rickard and Gleason have deposited \$20,000, to stand as a forfeit in case they fail to stage the fight, and to apply on the purse of \$101,000 offered. Sixty days before the fight Rickard and Gleason are to deposit an additional \$30,000 of the purse and the remaining \$51,000 48 hours before the contest.

Deschutes River Cleans Out Camps.

The Deschutes river broke away from its traditional evenness of temper and became a raging torrent last week getting out of its embankment and making things interesting in general for the contractors of the Deschutes Railway and the Oregon Trunk Line. The stream rose 10 feet in 24 hours.

Two camps belonging to Twoby Brothers were swept away with tents, bunk houses, supplies, in fact, the camps were cleaned out. One of Porter Brothers' camps, which is situated upon a higher piece of ground, was entirely surrounded by water and deserted owing to the inability to get supplies to the men.

At one of Tony Scarpelli's camps, near the government dam site, the river was out of its banks and a rushing torrent.—The Dalles Chronicle.
