On account of the extreme cold weather and there being no stage line direct from here to Prineville, Attorney G. W. Barnes has decided that he will remain on this side of the mountain until court convenes in Fossil, Dec. 20th, as he has several cases to attend to in the circuit court at that date.—Mitchell Sentinel.

Lloyd and Oliver Powell and C. D. Calbreath returned Monday night from a trip to Shaniko, where they delivered a hundred head of beef cattle. They were eight days on the road, but traveling could not have been better for the stock. The ground was frozen underneath and with a light fall of snow on top the feet of the stock were not injured a particle. Eleven carloads of stock were shipped Sunday besides the Prineville bunch. Most of it came from the Mitchell country, all but one car, and that was shipped by Mike Mayfield of Juniper Canyon.

E. A. Buset of Powell Butt & Co. will leave tomorrow for his old home at Aliceville, Kansas, to visit his aged parents. Mr. Buset's father and mother are the oldest pioneers in Kansas. The father left Missouri when a young man with a party of thirty emigrants to locate somewhere in the far West. At the place where Aliceville, Kansas, now stands, Mr. Buset decided to go back to Missouri and get his sweetheart. This action in all probability saved his life. While gone, a band of Indians almost exterminated the emigrants. Only one man escaped and he was badly injured. When Mr. Buset and bride returned to camp the ghastly tragedy was over. After burying the dead it was decided not to venture further West. It was too dangerous. A homestead was taken up on the battlefield and today the aged couple are still living there.

Champ Smith, John Combs and Arch Powell yesterday sold 40½ acres adjoining the Ketchum place below town to George W. Noble for \$2475. This makes an average of \$60 an acre. A short time ago the property was bought for \$23 an acre. The rapid rise in realty values is but a forerunner of what will take place when the railroad reaches this country.

County Surveyor Rice has the Opal City-Prineville railroad preliminary survey map nearly ready to file with the county clerk. It is a good piece of work. The road, according to the map, runs from Opal City through Lamonta and then through the gap on toward Wiegard's place, and thence to Prineville. Final local work will be done early in the spring.

J. E. Myers of Powell Buttes has been engaged to fill the position of principalship made vacant by the resignation of Prof. Ashby. Mr. Myers has a life diploma from the state of Washington. The superintendent wishes to state that the county library books are now in Shaniko and will be distributed just as soon as received. The delay in this respect, he says, has been unavoidable.

Brother Kennedy of the Review did the most sensible thing in his life last evening when he took unto himself a wife. He and Mrs. Mina Wilmarth were quietly married in her apartments at the Redby in the presence of a few friends, Rev. C. P. Bailey performing the ceremony. The bride and groom are old experienced newspaper people and decided that one "chase" would hold both forms. The "make-ready" was rushed a little by the groom as he got his license a couple of weeks ago. We hope the delay was "justified." May their "quoin" never slip or their "forms get pried" is the wish of the Journal.
