### Record Number Take Examination

County School Superintendent Ford is holding the regular examination of applicants for state and county papers in the circuit court room at the courthouse. He is assisted by Mrs. C. W. Elkins and Mrs. Wickersham. The examinations will continue four days—Wednesday, Thursday, Friday and Saturday.

"That is the largest class we have ever had," remarked the county superintendent, as he indicated by a sweep of the hand the twenty-nine applicants for papers that were seated at the tables. "They come from different parts of the country. Some from Washington, others from Wisconsin, and still others from different counties in this state. Lots of new blood coming in. All have schools but four and these four will be supplied in the Spring."

Out of twenty-nine applicants there were but two men. Just why there should be such disproportion among the sexes seeking county papers is pretty hard to fathom. No doubt the better opportunities offered young men in other lines of work give greater promise of future rewards. Those taking the examinations are:

- Mrs. Nellie Farmer.....Reimond
- Mrs. Lizzie Jackson.....Prineville
- Mrs. Eva Neely.....Prineville
- Miss Hattie M. Houston.....Prineville
- Miss Virga M. Garland.....Prineville
- Miss Mary Alice Lee.....Post

"Five Hundred" score cards printed and for sale at the Journal office, 1 cent each.

### Getting Ready to Take the Census

Postmaster Lafollette held the civil service examination for applicants to the position of census enumerators for this district last Saturday. Those who took the test are P. B. Howard, J. F. Cadle, A. E. Gilliam, Albert Noble, William Johnson of Laidlaw and George Summers. Examinations commenced at 2 p. m. and were concluded at 9:15, p. m. The papers will be graded at Portland, and result sent direct to applicant. The test was by no means an easy one, yet it was not hard enough to disqualify a person of ordinary intelligence.

The census takers will be paid according to a fixed scale. The enumerators in thinly inhabited sections will be paid on a per diem basis, in densely settled sections compensation will be on the per capita plan, in districts ranging between these two extremes the mixed rate will prevail.

The per diem rates range from \$3 to \$3.50, \$4, \$4.50, \$5, \$5.50 and \$6, and are to be paid for a day of eight hours' work.

For enumerators on the per capita basis, which will be that most widely used, the pay for each inhabitant is: Class A, 2 cents; class B, 2 1-2 cents; class C, 3 cents; class D, 3 1-2 cents; and class E, 4 cents. Such enumerators will also be paid for each farm as follows: Class A, 20 cents; class B, 22 1-2 cents; class C, 25 cents; class D, 27 1-2 cents; and class E, 30 cents. These rates are in each case 5 cents or more higher than in 1900, when the range was from 15 to 20 cents. For each establishment of productive industry the rate for each class is 30 cents. For each barn and enclosure containing livestock, not on farms, the pay is 10 cents for each class.

Under the mixed rate, which is a combination of the per capita and the per diem, there are five subclasses alphabetically arranged and the per diem is: class F, \$1; G, \$1.25; H, \$1.50; I, \$1.75, and J, \$2. For each inhabitant the pay is: Class F, 2 cents; G, 2 1-2 cents; H, 2 1-2 cents; I, 2 1-2 cents; and J, 3 cents. For each farm: Class F, 15 cents; G, 17 1-2 cents; H, 17 1-2 cents; I and J, 20 cents. For each establishment of productive industry the rate is 20 cents for each class.

Postmaster Lafollette reports that there were not nearly enough applicants to fill the positions offered in Crook county. Outside enumerators will therefore have to be sent here to do the work.

### Mrs. H. P. Belknap Injured in Runaway

Mrs. H. P. Belknap was thrown from her buggy this morning near the residence of Columbus Johnson in a runaway and was seriously bruised by falling on a pile of rocks by the roadside, striking on her left side. It is not known whether or not any ribs were broken. Her face was also bruised.

In company with Mrs. Guy Lafollette and the latter's two children, the ladies were driving to the L. L. Ketchum place below town to take dinner with their parents. Several heaps of small rocks have been piled along the road and the horse became frightened at these. The horse turned around sharply and threw Mrs. Lafollette and the children out of the buggy. The animal then started to run back toward town and Mrs. Belknap heavily onto the rocks. The runaway was stopped by Sam Reynolds just after it had crossed the bridge over the mill race. Assistance quickly reached Mrs. Belknap and she was placed on an improvised stretcher and taken to her home, where she is suffering considerably, although her injuries are not thought to be anything more than painful bruises which will confine her to her bed for several days.

### Who Wants to Be the Weather Man?

Who wants to be the weather man? Don't all speak at once but someone who has the time and the inclination to spend a few minutes each evening can be of service to the community as well as to the weather bureau.

Edward A. Beals, the U. S. weather forecaster of Portland, writes the Crook County Journal that unless some competent and reliable person can be secured to carry on this work at Prineville it will be necessary to have the government equipment returned and the station at this place discontinued. To quote Mr. Beals directly, he says:

"This action I would regret having to take, as we have always pointed with pride to the Prineville weather record, and the discontinuance at this time of that station would be keenly felt by the large majority of people in that section, now that that country is settling up so rapidly. We have, however, other applications for instruments in localities where co-operative observers can easily be secured, and where records will be continuous, but as stated before, I am sure that the people of Prineville will want the station kept there. The difficulty is that I cannot make a special trip to your city for the purpose of looking for another observer, and I am

therefore appealing to the public spirit of newspapermen, as I know they are always first in matters of public importance and welfare, and I am very sure that you want to keep this co-operative weather station in your city."

Who will undertake the work? There is no cash remuneration in it, but documents and records of the weather bureau will be sent free of charge. Applications can be sent directly to Mr. Beals at Portland or can be left at the Journal office to be forwarded. Someone surely can be found to carry on this work.

### BANK STATEMENT.
