

# The most complete line of Farm Machinery in the County

Complete Line—All Sizes and Styles

Wood Frame Harrows  
Spring Tooth Harrows  
Superior Grain Drills  
Fanning Mills & Baggers  
The well known Oliver and Canton  
Plows in walking, sulky and gang

In an effort to keep pace with the many improvements in agricultural machinery, we are introducing every season new types of implements that have been tried and found to materially increase the yield of the soil in other sections similar to ours. This year we offer the Canton Alfalfa Harrow and a big assortment of Land Packers. In packers we have the Dunham for light, sandy soil and the Campbell for heavier soil. These packers are designed to conserve the moisture and to obtain the proper proportion of air and moisture in the ground and thus increase yield

State Superintendent Ackerman has just completed a compilation of the school census of the state from reports made to him by the various county school superintendents on January 1. During the year 1910 there was a gain of 6918 in the number of children of school age in the state. On January 1 this year there were 88,482 boys and 81,686 girls, a total of 170,168. On January 1, 1909, there were 85,107 boys and 81,542 girls, a total of 166,649.

Misses Mabel and Jessie Ray came in from Johnson creek to attend the masquerade Monday.  
**Attention, Auto Purchasers**  
How about that automobile you haven't bought, though you want it and are convinced it would be valuable to you from the standpoint of business or pleasure?  
Here's a plain unvarnished fact about the Ford which should be considered by you in arriving at a decision as to which car to buy.  
It is a mistake to consider a light car as being unsuitable for heavy roads. A traction engine needs a mighty smooth road, yet a traction engine is nothing more than a heavy-weight automobile. Over any and all kinds of roads the Model "T" will run more miles, more days, more years than any heavy car manufactured—and it is the lightest of them all. A Model "T" Ford, a duplicate of the Ford car for 1910, in the New York to Seattle race, arrived in Seattle first after the hardest, toughest, most gruelling contest ever run, beating from start to finish all the high-priced, high-powered, heavy-weight competitors. Light weight was very largely responsible for that.  
Price only \$1050 fully equipped f.o.b. Portland. Worth while investigating, isn't it?  
Yours truly  
C. L. Shattuck.  
2-17-2t

### CHEAP INSURANCE

**FOR GRAIN GROWERS**  
"Woodlark" Squirrel Poison is the most reliable and destructive agent yet devised for the extermination of Gophers, Squirrels, Sage Rats and Prairie Dogs. It is the cheapest insurance against their ravages. Every kernel is warranted to kill. Climatic changes or moisture of the earth do not destroy its strength. Requires no mixing or preparation. Is always ready for use. No other is so good. Dealers will refund the purchase price if not as claimed. Pamphlet free. HOYT CHEMICAL CO., Portland, Oregon
