## You'd Better Not Get Dyspepsia

If you can help it, Digesto prevents dyspepsia, by effectually helping Nature to relieve indigestion.  
 A great many people who have trifled with indigestion, have been sorry for it when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Digesto.  
 When you experience sourness of stomach, belching of gas and nauseating fluid, bloating sensation, gnawing pain in the pit of the stomach, heartburn, dullness or chronic tired feeling, you need Digesto.  
 And the quicker you take Digesto the better. Eat what you want and let Digesto digest it.

 Worthy Patron, C. F. Smith, in a few well chosen words welcomed the Star members and their families.  
 The program committee then gave the farce, "The New Woman." Needless to say, this was one continuous round of merriment and was most thoroughly enjoyed.  
 Another feature of the entertainment was provided by the lunch committee. This was the hunting for Easter eggs. Highly colored eggs were hidden in all the nooks and corners of the room and these were gathered with much glee by the children and members of the order. After the eggs were gathered the committee served a delicious lunch.  
 As the parting hour drew near all Star members expressed themselves as having enjoyed one of the most sociable and happy anniversaries that is yearly given by this order.
