**Blooded Stock Stays in the County**

The Baldwin Sheep & Land Company are selling most of their registered blooded stock to local people. R. M. Powell bought two Shire mares for \$1000. M. R. Biggs bought two yearlings for \$400 each, and two mares, price not stated. Herbert Rideout bought two mares for \$1500. Oliver Powell, Marion Templeton, M. R. Biggs, R. M. Powell and Herbert Rideout formed a company and together purchased one of the big stallions for \$2500. This is all registered stock and the best money can buy.

**Child Had a Narrow Escape**

R. M. Powell came near losing his 4-year old daughter by drowning Tuesday. He went up to the headgate of his irrigating ditch to fix the flow of water, and as usual, the little one followed. While fixing the ditch he had occasion to go away forty or fifty feet and happening to turn his head saw the feet of his little daughter disappearing down the sluice way. She had tumbled in head first and the section of the swift-running water drew her under the headgate and down a 16-foot box flume before she was rescued. The child was unconscious when picked up by her father but resuscitating measures soon brought relief. It was a narrow escape and one the father will not soon forget.

**Shumia Club Meeting.**

The Shumia Club met Saturday afternoon, April 16, with Mrs. Emma B. Wickersham as hostess. After the usual business, Mrs. Margaret Elkins opened the program by reading an excellent paper on the life of John Ruskin. Mrs. Wickersham followed, giving a most interesting review of Ruskin's "Ethics of the Dust." At the close of the regular program, Mrs. Wickersham read and discussed an article in the "American" magazine on the education of William James Sidis, the eleven-year-old boy who is causing so much wonder at Harvard University. After adjournment delicious refreshments were served by the hostess, assisted by Miss Marjorie Brink.

**Building Westward From Vale**

A Vale dispatch to the Oregonian dated April 15, says: Determined on being the first railroad into Harney County the Harriman interests jumped into Vale this morning with a force of 100 railroad laborers and started construction work on the Oregon & Eastern, the survey for which extends westward across the state from this point to a connection with the Naton-Klamath line at Odell. Material yards have been established in which 90 carloads of ties are already piled up, in addition to several miles of 70-pound steel rails. Engineering parties are now setting the grade stakes along the line of the survey and are camped as far west as the Harper ranch 25 miles from Vale in Malheur County.

The survey of the Oregon & Eastern extends from Vale up the Malheur river to Malheur Lake, and, as at present staked, leaves the town of Burns 18 or 20 miles to the north. The road swings around the base of Wagon Tire Mountain, enters the Christmas Lake Valley, passes through the Silver Lake and Fort Rock countries and out through a gap between timber-covered hills at the western end of the Fort Rock valley.

**CROOK COUNTY HIGH SCHOOL**

(Continued from First page.)

based upon the "Message to Garcia," in which was emphasized the value and importance of being faithful to an assigned duty. The last literary number was an oration, "Stepping Stones," by Miss Agnes Elliott, who dwelt upon the importance of exercising care in the choice and selection of our stepping stones for upon them depends our success or failure. She emphasized her thought by her forceful and unaffected style of delivery. The program closed with an instrumental duet by Misses Georgia Cleek and Leola Estes, which was well rendered and was a fitting close to one of the most excellent programs the societies have listened to this year.

**Athletics.**  
 We had thought the basket ball season closed but arrangements have been made for the girls to meet the Bend High schools on the evening of April 30. Both teams are sure of victory and a good game is promised. Don't miss it. Further announcements will appear next week.

The boys have begun baseball and track work. The tryout for the team to meet at Whitman and O. A. C., will be held on junior day. The societies are also planning to have an inter-society baseball game at that time.

**Freshmen and Seniors.**

Miss Leola Estes, '13, was absent from classes on Monday. We are glad to welcome Clark Morse back to school after an absence of almost two weeks. The seniors have passed the laurel crown of victory to the sophomors this month, but they will have to work to hold it next month.

**Juniors and Sophomores.**

The juniors are busy formulating and perfecting their plans for junior day. The sophomore class are holding their heads high these days, as they averaged the highest last month and the highest that any class has during the year. Their total average was 95 per cent which is an average that any class would be proud to hold.

**Colonist Rates to OREGON and the Great Northwest**

The management of the Oregon Railroad & Navigation Co. takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this Spring DAILY from March 1 to April 15, inclusive.

**PEOPLE OF OREGON**

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all home-builders. Do all you can to let Eastern people know about it, and encourage them to come here, where land is cheap and home-building easy and attractive.

**Fares Can Be Prepaid at Home**

If desired, any agent of the road named is authorized to receive the required deposit and telegraph ticket to any point in the East.

**Remember the Rates—From Chicago, \$22; from St. Louis, \$22; from Omaha and Kansas City, \$25.**

This reduction is proportionate from all other cities.
