Is Juniper Timber?
Hanley Says No
Some Interesting Facts to be Brought Out in the Hanley Indictment.

William Hanley, the Burns rancher and stockman, will challenge the government's interpretation of the term "timber." C. E. S. Wood attorney for the indicted rancher, so announced in the Federal court. Notice was given that a demurrer to indictment will be filed taking the position that the scrub juniper is not timber in the sense that the Federal act implies, when prohibiting the cutting of forest growth.

In making the announcement, Colonel Wood said that he would show where juniper was being uprooted on the public domain as so much rubbish and waste, without the government officials interposing any objection. It is also said among the stockmen that it has been the universal custom of Eastern Oregon since white men went there to regard juniper as a scrub growth, fit only for fuel and in no sense coming under the head of timber which the Government seeks to protect and conserve for the future lumber supply. Most of the Eastern Oregon juniper is a scrawny growth, with no trunk of sufficient length to make a board. Limbs are gnarled and twisted, and many of the alleged trees do not attain greater dignity than does brush, which rating will be contended for in the coming hearing.

In addition to the contention that juniper is not timber, as implied by the law, it will be shown that there has been no restriction to the cutting of this growth for fuel. Ranchers wholly dependent upon the juniper for fuel, could not acquire the waste acreage needed to furnish a large establishment with

fuel, because juniper is a scattered growth, and usually occupies high, rocky hills and flats. No one in official or private life has been forbidden the use of this growth, so that the ranchers had come to regard it as granted by the Government, and did not hesitate to cut such brush more than they would greasewood and sagebrush, the former of which sometimes attains almost the size of a juniper tree.

Mr. Hanley's ire is aroused over this and the preceding prosecution instituted by the government against him, and says he is going to make a determined fight to show up the causes at work. The issue promises to bring out a multitude of interesting points on range necessities and the customs of Eastern Oregon ranch life, which will be arrayed against some of the conservation theories that have been fostered in official circles.—Telegram.

KASPARILLA

This sterling household remedy has long been recognized as the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

NERVOUSNESS AND BAD DREAMS CAUSED BY UPSET STOMACH

Nightmare, restlessness and night sweats all caused by indigestion. Half of the nervousness in the world, all the disturbing dreams and nightmares, can be ended in a few weeks by a simple, inexpensive treatment. Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the phrenic nerve that leads direct from the brain and ends in a network of tiny branches running through every part of the stomach. It is also the irritation of this great phrenic nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know in what manner. If you are nervous, have dreams or night-

mare, do not sleep sound at night, get a 50 cent box of DIGESTO stomach tablets and take one or two after each meal. They relieve distressed stomachs in a few minutes, but it is their usefulness in building up the stomach and putting it into perfect condition. Put your stomach in line shape with DIGESTO and your nervousness and bad dreams will quickly vanish. Digesto stomach tablets are guaranteed to relieve any case of indigestion, sour stomach, heartburn, belching of gas, flatulences, and all stomach disturbances, in a few minutes.

J. Pierpont Morgan and Company

thought enough of the E-M-F Company a few days ago to pay \$6,000,000.00 for about 60 per cent of its stock. ISN'T IT LOGICAL TO SUPPOSE that the E-M-F "30" is a "WONDER?" If it was a "LEMON" E-M-F stock would not be worth a nickel, and if the car was only mediocre the stock would be worth less than 100 cents on the dollar, but, as a matter of fact, the stock is ABOVE PAR which, together with the fact that the MORGAN COMPANY made the deal, simply goes to prove what we have always contended that the E-M-F is the best car in the world for the money and the equal of many higher priced cars.

1910 E-M-F "30"

A handsome, roomy, 5-passenger touring car, light in weight, dependable as the day is long, economical as a car could possibly be and the easiest car to take care of that was ever built. It has the specifications of the \$1500 car, the handsome appearance of the \$2500 and the quality, material and workmanship of the \$3,500 car, i. e., quality unsurpassed and accuracy to the half thousandth of an inch. There are no experimental features whatever in the E-M-F Car. All are proven. There is no element of doubt. The factory says and we say YOU MUST AND WILL GET SATISFACTORY SERVICE FROM YOUR CAR.

4 cylinder, 30 h. p., three speeds, selective sliding gear transmission, speed 55 miles an hour—if you want it—hill climbing power galore. Price, including five lamps, French horn, tools, tire repair outfit, pump, jack and magneto, of course, \$1250 f. o. b. Detroit.

SUGGESTIVE THERAPATHICS
Or Vital Healer

Dr. Grater begs to announce to the public that he has got an assistant to help him in his practice, Dr. Coackley, who is a graduate from the Weltner's Institute, brings good testimonials with him, and I desire to say that our aim is to accomplish a cure where others fail. Charges reasonable.

The following are testimonials which Dr. Coackley brings, viz:

May 27, 1909.
Last summer when I was in Redding, Calif., I was suddenly taken with terrible pains in my side, resembling appendicitis. A large lump formed in my right side and the muscles of my body seemed drawn. I could not sit or stand. After Dr. Coackley had given me one treatment I no longer suffered so intensely and could walk about and do my housework. In three weeks I was completely cured and have never been so attacked since.
Yours very sincerely,
MIEBIE BIXLEY, Youngstown, Wash.

February 23, 1909.
This is to certify that Dr. Coackley, by virtue of his healing power alone and without the aid of medicine whatsoever, completely cured me of serious eye trouble with which I had suffered for five years. I had been to some of the most eminent specialists on the coast but could find no relief. Since treating with Dr. Coackley my eyes have grown steadily stronger and are now perfectly well. I can see as well as I ever could and am now holding a position that requires constant reading and I experience no discomfort from my eyes. I was also cured of serious lung trouble and was very thin and completely run down. I am now perfectly well and am fatter than I ever have been before, and my general health has been much benefited by his treatment.
Very sincerely yours,
LUCY BOWEN, Youngstown, Wash.
