Wood Frame Harrows  
Spring Tooth Harrows  
Superior Grain Drills  
Fanning Mills & Baggers  
The well known Oliver and Canton  
Plows in walking, sulky and gang

In an effort to keep pace with the many improvements in agricultural machinery, we are introducing every season new types of implements that have been tried and found to materially increase the yield of the soil in other sections similar to ours. This year we offer the Canton Alfalfa Harrow and a big assortment of Land Packers. In packers we have the Dunham for light, sandy soil and the Campbell for heavier soil. These packers are designed to conserve the moisture and to obtain the proper proportion of air and moisture in the ground and thus increase yield

## The W. F. King Company, Prineville, Oregon

### LOCAL MENTION

Walter Elliott of Paulina was in the city this week.  
John Steidl, the Bend banker, is a county seat visitor this week.  
E. A. Bussett of Powell Buttes was a business visitor in town Wednesday.  
Marvin and Bessie Williams were visitors in town Monday from their home at Paulina.  
Charles R. Shattuck was called from Washington as a witness in court this week.  
Thomas Houston and Shelle Holland were business visitors in town this week from their homes on Upper Ochoco.  
Last Friday there were 21 rights-of-way filed with the county clerk. The filings were made by the Oregon Trunk Line on its road south of Bend.  
Frank Post, R. P. Miller, H. D. Dunham, G. W. Wiley, G. B. Ray and John Pickett were a few of the Post visitors in Prineville the first of this week.  
Harley Saunders and family, who have been visiting friends in this part of the country the past few days, returned to their home at Camp creek Monday.  
Mrs. Williamson won the prize, a very pretty bon-bon dish for the highest score at the 500 club meeting held at the home of Mrs. Oscar Hyde last Friday. Mrs. Storkmann will entertain a week from tomorrow.  
Theo. M. Post of Laidlaw was a business visitor Monday. Mr. Post predicts great things for the Laidlaw district. The new company that has taken over the Columbia Southern Irrigation project is receiving the support of the settlers.

I. W. Bennett of Barnes was a visitor in town Tuesday.  
Guy Sears of Powell Buttes was a Prineville visitor Tuesday.  
Joe Smith of Paulina was a business visitor in town Tuesday.  
Mr. and Mrs. Otis Logan of Barnes were visiting in town this week.  
Roy Rannels of Cline Falls came over Sunday to attend the ball game.  
James Gladwin of Redmond was a Prineville visitor the first of the week.  
Andrew Morrow of Havercreek was in town for court the first of the week.  
C. W. Rutherford of Dayville was in Prineville this week as a witness in court.  
Don Steffa was in town the first of the week on his way home to Bend from a business trip to Portland.  
John Wigle and family returned Friday from The Dalles. He made the round trip in his new auto without mishap. The roads were good. Grain fields are looking fine and the country generally between here and the Columbia river gives promise of a bountiful harvest, he says.  
Kirk Whitte came over from Redmond Tuesday to attend to some road matters and incidentally to fix up the papers to incorporate the town of Redmond. Mr. Whitte states that the voters have accepted the new road to Prineville and if this town will lend its assistance there will only be an 18-mile haul to the railroad with an easy grade at that.  
The choir of the Methodist Episcopal Church is busy preparing for a musical to raise funds to pay for some improvements that are being made to the church. The date is fixed for Friday May 27. It is hoped to present a very attractive programme, mostly all old-time songs, and all music lovers should keep this date in mind.  
Rev. C. P. Bailey is soliciting funds this week to build a new Baptist Church. His meeting with splendid success. Over \$1500 is guaranteed and he has only made a good start. The new church will occupy the site of the Hill property, corner of A and Second streets. It will be built of native stone and cost between \$7000 and \$8000. When completed it will add greatly to the solid and prosperous appearance of the city.  
John E. Ryan came over from the Tules the first of the week. He has no faith in the reported understanding between the Hill and Harriman lines whereby the latter road will withdraw from the Deschutes canyon. Mr. Ryan was in Portland a few weeks ago and was assured by Mr. O'Brien, chief of the Harriman system on the coast, that he and traffic managers of the road would visit this section within the next thirty days with the object of looking over the available tonnage in timber, etc. Mr. Ryan thinks we will not only have two north and south roads, but also two east and west roads as well.

### LOCAL MENTION

B. S. Cook of Redmond is in Prineville this week.

Quite a crowd of people went up to Stein's Pillar last Sunday for a picnic. Among the number were Mr. and Mrs. S. A. Ireland, Mrs. Sarah Elliott, Mrs. Vira Cyrus, Mrs. Julia McDaniels, The Misses Jessie, Bessie Mary Elliott, Bertha Huffman, Jack Harvey, Albert Noble, and Louis Standeiff. All report a very pleasant time, although they were very tired when they reached home.

### Died.

At Prineville, May 1, 1910, Frank Roy Lafolette, aged 19 years, 2 months and 11 days.  
He was the youngest son of T. H. Lafolette and a young man of exemplary character. He graduated with honors from the Crook County High School last year and his future seemed unusually bright. He was taken down with la grippe about two weeks ago but going to work sooner than he should he was taken sick again and his case gradually developed into pneumonia. He died Sunday evening surrounded by his immediate relatives. Four physicians were in attendance but could not ward off the Grim Destroyer. He was buried Monday afternoon from the home of his parents in Prineville.  
As a mark of esteem the Crook County High School dismissed for the afternoon so that the students could attend the obsequies. Many floral wreaths adorned the casket. Crook County High School boys acted as pall bearers. The heartfelt sympathy of the entire community go out to the bereaved family in this hour of their affliction.

### Music Lessons.

Mrs. J. S. Fox, M. F. Church organist, would like to take a few pupils for the organ or piano. Many years successful experience in teaching. Thorough, practical methods. Terms reasonable. Two lessons a week. One house east of Commercial Club.

### Woman Wanted.

Good, capable woman wanted to do washing and other house work at least two half days each week. Would give music lessons in part payment. Mrs. J. S. Fox, one house east of Commercial Club.

### Tom Richardson Here

As we go to press the Commercial Club hall is packed to the doors to hear the address by Tom Richardson of the Portland Commercial Club.  
Court is adjourned, schools dismissed and all business houses are closed. The crowd assembled is perhaps the largest ever gathered together in an indoor meeting in this city.  
"Prineville is the largest town and the oldest town in the most favorably known part of the best advertised and the best state in the Union," said Mr. Richardson, and should be the first and the most willing to grasp the almost unnumbered opportunities offered by the immense influx of homeseekers from all parts of the Union.

### New Oil Prospects Discovered

W. H. W. Hamilton, an experienced mining engineer, together with W. H. Huston, has discovered what several men of some mining knowledge believe to be a good prospect for oil in the vicinity of Haycreek. Sixteen hundred acres of lands have been located in claims of 20 acres each. Considerable excitement is manifest in the district over the discovery.  
The locations have been made on a bed of shale four miles wide by six miles long, lying in a manner

that would indicate that the Grizzly wells are cropping from the oilfield proper, the location of the Haycreek coal lands and croppings of oil shale being favorable. Samples of oil were obtained from springs and gas tests were made with favorable results at several different places.  
Among the men who have pronounced the prospects good are Mr. Wilbur of the Sumpter railway and Mr. Hammond of the Cline Falls Power company. Mr. Hamilton and others propose to sink a well.

## There Are Two Classes of Investors

**ONE KIND**  
This kind makes most money. He invests in farm lands and city property while prices are low. Every advance in price is that much money in his pocket.

**ANOTHER KIND**  
This kind hesitates while prices advance higher and higher but he, too, finally buys, because the value of the investment actually forces him.

**Land Owners, Attention**  
If you wish to sell and your property is reasonable, list with us. We are in touch with capital and are receiving many inquiries concerning raw and improved farm lands in Central Oregon.

**HENDERSON INVESTMENT CO.**
