tion at the hands of those interested. A program is being arranged that will give the events and the amount of the prizes that will be awarded for different school sports, which will include every sport known to the boys and girls.
This matter has been left to Prof. Coe and E. E. Evans, both of the High School faculty, who will have charge of the arrangements. The program for the forenoon on Friday at the fair will be backed up by the fair management in all that they do in the way of sports and award of prizes.
It is the plan of the fair management to make this one of the big events in the future if the response on the part of the outside schools is what it should be.
Another matter which is causing great interest and excitement in the Crook County High School is the definite announcement by the board that there will be at least two basketball games at the fair grounds on Saturday forenoon. These games will be played in the open air in front of the grandstand on a court that will be rolled and prepared especially for the purpose.
There will be a game each between the boys of the opposing literary societies of the Crook County school and the girls of the different societies, besides which there is a move to get teams from Bend and the Warm Springs Indians can no doubt be induced to be present with at least one team. The definite announcement of the two last mentioned teams will be made as soon as the board hears from them.
The board has announced that no school children, no matter how small or how large, will be admitted on school day without a tag from their teacher, showing where they are attending school, and giving the name of the teacher and the pupil. These tags must not be transferred, and if you loose your tag, you will have to pay for your ticket at the gate.
All teachers should attend to this and provide tags for all who wish to attend.
The matter of prizes for the five foot races which were mentioned last week, was considered by the fair board Monday.
The offer of local runners was accepted and prizes totaling \$175

Ordinance No. 177.

An ordinance vacating a part of First street, between "A" street and "D" street, in the City of Prineville, Oregon.
Whereas, it appears from the records of Crook county, State of Oregon, and the petition of more than ten freeholders of the City of Prineville, Oregon, filed herein, that First street in the City of Prineville, Crook county, State of Oregon, between A street and D street, according to what is commonly known as M. Hodges plat and survey of said town, was and is platted, surveyed and dedicated one hundred feet wide, and that other streets in said town and plat are platted, surveyed and dedicated eighty feet wide, and that it is unnecessary and inexpedient that said First street should be more than eighty feet wide, and that it is to the best interests of the City of Prineville, and its inhabitants that said First street between A street and D street should be vacated ten feet on each side thereof, therefore, The people of the city of Prineville, Oregon, do ordain as follows:
Section 1. That all that portion of First street, in the City of Prineville, Crook county, State of Oregon, according to M. Section 2. This ordinance shall take effect and be in force from and after its approval by the mayor.
Read three times and passed the council September 13th, 1910.

Will Represent Crook County

The "Pacific Northwest," a magazine published at Portland, has formulated a plan for advertising the state by sending a delegation of young ladies, one from each county, who will travel in a private car through the Mississippi Valley, and California, and scatter literature pertaining to their own counties. It is intended to spend a day in each of the important cities, where the locality warrants special tours will be made in automobiles.
It is planned to have the party leave Portland early in February and travel east over the northern routes, thence down the "Father of Waters" to arrive at New Orleans for the Mardi Gras Festival on March 3rd. The return will be over the "Sunset Route" through California to San Francisco, east to Great Salt Lake, and back to Portland over the "Short Line" about the middle of March. The tour will cover a period of five weeks and all the principal cities between the Rocky Mountains and the Mississippi river will be visited. The expense of the trip will be defrayed from subscriptions to the magazine and each of the participants will be expected to secure 300 subscribers between now and the first of February. Miss Beulah Hyde will represent Crook county, and will carry literature compiled by the several commercial organizations in the county.
This is one of the best advertising methods that could be adopted, as each of the ladies will be expected to thoroughly inform herself on the needs of the county she represents that she may be able to reply intelligently to any question asked. The citizens of the county should lend their assistance to Miss Hyde in her effort to secure the required number of subscriptions. The subscription price is \$1 for three years.

Notice to Electric Current Users.
On and after October 1st, 1910 we will charge eight cents per kilowatt hour for all lights that are left burning all night. At present we charge four cents per kilowatt hour for residence lights, but we do not agree to furnish all night lights in residences, without they are in actual use. Current so maintained by expenditure of fuel for steam, and by letting your lights burn when not in actual use is wasteful, and at the present price of wood we will be compelled to charge the full rate where lights burn all night. If in the future your light bill is larger than usual you will know the reason why.
