

Crook County Journal

COUNTY OFFICIAL PAPER, \$1.50 YEAR

PRINEVILLE, CROOK COUNTY, OREGON, THURSDAY, DEC. 22, 1910.

Entered at the postoffice at Prineville Oregon, as second-class matter

VOL. XV—NO. 2

A VERY QUIET CITY ELECTION

Dr. Chas. S. Edwards Mayor-elect.

KELSO RE-ELECTED MARSHAL

R. W. Breese Succeeds Himself—So also does Claude Smith.

Dr. Chas. S. Edwards, mayor, C. I. Winnek, I. W. Ward, G. W. Noble, councilmen; R. W. Breese, recorder; Claude Smith, treasurer; Joe Kelso, marshal; was the verdict of the voters at the city election Tuesday.

A light vote was cast for the reason that there was no opposition for the offices of mayor and councilmen. Many of the men who did exercise the privilege voted only for recorder and marshal.

The count was: For mayor, Chas. S. Edwards, 137; for councilmen, G. W. Noble 150; C. I. Winnek, 143; I. W. Ward 148; for treasurer, Claude E. Smith 156; for recorder, R. W. Breese 107; Frank E. Barnes 65; for marshal, Joe Kelso 89, A. W. Yancey 77.

The holdover councilmen are:

S. W. Yancey, Dr. J. H. Rosenberg, and A. H. Lippman.

It is thought that the matter of an ordinance regulating the saloon business will be taken up by the present council during the coming week.

Football at Bend

Prineville and Bend are to lock horns in a football contest next Monday.

A game has been arranged between a team composed of Prineville business men and business men living in and near Bend. The game will be called at 3:30 Monday, December 27, and if any forecast is possible from the lineup, the game will be worth while.

Prineville will send a good representation to witness the game. The Prineville lineup is not made up yet, and will not be known to the managers themselves until Saturday. Practice will be taken up in earnest today and tomorrow, and the team will be selected from the list of eligibles.

The work of selecting the Prineville team is left to Brewster, but some of the men who will play in this game are: Dr. Rosenberg, Brewster, Bechtel, Barker, Tolbert Smith, and McCallister and Lowther of the High School eleven.

The Bend lineup is not known, but it is said that they will have a strong one. Dr. Coe will take part in the game, and other prominent business men of Bend will be in the lineup.

BIG MONEY IN PORK INDUSTRY

Crook County Offers Fine Field.

BIG PORKER SELLS FOR \$63.00

The Business Must Be Learned the Same as Any Other.

Money in pork? You bet there is. Henry Montgomery of Willow creek sold a big fat porker to Horgan & Reinke the last of the week for \$63. Two small ones brought \$67.60. The three netted Mr. Montgomery \$130.60. This is a big price, yet market conditions bid fair to keep pork at a good round price for many years.

If our farmers will go into the business of raising hogs on an extensive scale and stick to it they would soon become independent. A man must learn the business, just like any other business. He must know how to breed, feed and care for his animals, especially the breeding stock; that no failure will result at barrowing time. He can then figure on his increase almost to a mathematical certainty. He must understand how to house,

pasture, feed and care for hogs in order to ward off disease. These facts can be learned in time and when once mastered a business is established that would soon make the owner of it rich. There is no better place than Crook county in which to make a start.

Real Estate Transfers.

Furnished by Crook County Abstract Co. Malinda J. Christiani et al to Charles O. Christiani, $\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ and $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 22 tp 14 r 15, \$1.

Malinda J. and Chas. O. Christiani to Malinda Caroline Christiani, lots 3, 4 and 9 in blk 2, Second add Prineville; and part of lots 1 and 2, blk 10, original Prineville, \$1.

Charles Milton Zell to A. T. Bogue, $\frac{1}{2}$ $\frac{1}{4}$ and $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 36 tp 14 r 15 also part of $\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 16, \$15,000. Chadwick H. Irwin to J. A. Wilcox, lots 1 and 2, blk. 12, Ellingers add, Redmond, \$300.

James H. Oakes, et al to F. A. Young, $\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 24 tp 11 r 19; $\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 36 tp 10 r 19, and $\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{4}$ $\frac{1}{4}$ sec 1 tp 11 r 19, \$8,000.

PRINEVILLE WILL BE BUSY IN 1911

Lots of New Buildings in Prospect.

BUILDING MATERIAL SCARCE

New Sawmills will Help Relieve the Situation to Some Extent.

Prineville expects 1911 to be the greatest building year in its history. On January 6 property owners of Prineville will vote on a new school building. The town has outgrown its present quarters and more room is imperative. It will be made large enough to meet school requirements for years to come. This will be good economy. A ten-room brick or stone structure, with modern equipment, would be a great thing for the city. The investment would be a paying one from any point of view. Such a school building would cost somewhere between \$20,000 and \$30,000. We need it.

The Crook County Bank will build a fine new home during 1911.

lumber for the market here. Besides this, the Demaris mill cut a half million feet for the retail trade, and the Barney Brothers mill will cut a million feet during the year.

Barney Bros., who are operating on upper Mill creek have let a contract for a million feet of logs to be cut and put into their pond early in the winter. The mill will begin sawing for the season about February 1.

A. H. Lippman & Co. have 300,000 feet of lumber on hand. This will be dried and ready for use early in the spring. This firm has a mill of 20,000 feet capacity on Willow creek, where they will cut 2,000,000 feet during the coming summer, and another mill will be installed by these people on their McKay holdings, where they expect to cut 2,000,000 feet more.

Prineville-Redmond Road Ready for Use

The Prineville-Redmond road is ready for travel. This is a road almost in a straight line from the top of the grade west of Prineville to the corporate limits of Redmond. The distance from the top of the grade, which is a mile and a half west of Prineville, is sixteen miles to Redmond, making a total distance of seventeen and a half miles from one city to the other. This

Looking East from the Courthouse, Prineville, Oregon

Building and furnishings will cost between \$10,000 and \$20,000.

C. W. Foster has let a contract for a \$3,500 home to be completed by March 1. Shipp & Perry have the contract. It will be on the bungalow order and possess several unique features. Cut red stone steps will lead up to the large front entrance. The pillars supporting the porch will be of red stone, trimmed with black stone. The floor of the porch will be concrete. The interior will be finished in pine, oak and white enamel.

A new city hall is among the buildings in prospect for 1911.

A modern greenhouse will be completed by C. W. Spring as soon as glass arrives from Shaniko. This business is no experiment with Mr. Spring. He tried it last year and so great was the demand for his products that he could not keep up with it. The new greenhouse will double his output.

Mrs. Maling's new brick will soon be completed. It is a two-story structure and will accommodate the O. K. Market and the Pioneer Cream Company on the ground floor. The upper floor will be given over to the Pictorium theater.

The plans have been completed for the new Baptist church. The work on the superstructure will be taken up right away. When completed this will be a native stone structure, seating 250 persons and will be the best church building in central Oregon.

The Shipp & Perry mill, which has been purchased from the Grizzly Lake Lumber company and installed on the McKay during the past two months, has already started to saw, and will turn out about 10,000 feet of lumber a day. This will all be used in the Shipp & Perry yards in this city. Besides this amount, which will total more than a million feet for the year, this firm has a contract for another million feet from the R. E. Jones & Company mill, and Demaris & Som are under contract for the delivery of 600,000 feet, which will give this firm more than two and a half million feet of

is about four miles less than the old Crooked river road and the roadway is free from the rough and uneven places that are so numerous on the old road.

At present the road is cleared to a width of twenty feet and is brought to a crown in the center about ten inches higher than the sides. Only light rigs are going over the new road as yet, but as soon as the surface of the roadway dries a little the travel will become general. It will soon become one of the best roads in the county.

The nature of the soil through which this road is built is such that with very little cost, a road second only to oiled or other prepared surfaces is possible. This is very important for several reasons. It will be the road over which many of the people who have business at the county seat will come from the west side of the county. It will be the shortest possible distance from Prineville to the Oregon Trunk railroad. Not only will the distance be shorter, but the mail supply which has never reached Prineville within less than thirteen hours' stage drive, will be brought here from Redmond in from 45 minutes to one hour by auto every day in the year.

This road cost the Redmond Commercial Club \$350, in return for which they will secure the travel from Prineville to the railroad. It cost the Prineville Commercial club \$150, and the county \$450.

"All roads lead to Rome," and many of them lead to Prineville, also a number of them to Redmond.

Wanted.

Men to cut wood, \$2.00 and \$2.50 per cord. See Wilson & Liddell, at Wilson Ranch, Powell Buttes. 12-22-41

Personal Health and Purity. Up-to-date American Literature, adapted for all sorts and conditions of people, may be seen or had at Dr. Fox's office, Main street, Prineville, Or. 12-8-41

Good Milch Cows Wanted. Good milch cows, Jersey or part Jersey wanted at once. Inquire at Foster & Hyde's store. 12-15-1910

NEW R. R. LINE'S ROUTE CHOSEN

Deschutes and Klamath Cutt-Off to be Linked

THE TIME IS NOT YET KNOWN

Harriman System will Rush the Work on Projects Already Undertaken.

Construction of a new railroad from Redmond, the terminus of the Deschutes line, to Odell, on the Klamath-Natron cutoff, has been authorized by the Southern Pacific directors, was announced last week by Julius Kruttschnitt, director of operation and maintenance of the Union Pacific and Southern Pacific systems, says the Oregonian.

However, no definite time for beginning work on the Redmond-Odell road has been determined. In the meantime, the company will endeavor to complete as early as possible all of the projects already undertaken. All of the present contracts on the Klamath-Natron cutoff, says Mr. Kruttschnitt, will be completed before the end of the present fiscal year—June 30—after which he will recommend that the remainder of the route, which he viewed on Monday, be contracted for and the work finished with all possible speed, so that the new 22-hour schedule between Portland and San Francisco can be put into effect at the earliest possible day.

Redmond Line Authorized.

"The directors of the company have authorized the road from Redmond to Odell," said Mr. Kruttschnitt, "but it is impossible to determine the time when work will commence. The road will ultimately be built; that is certain. It will open a rich country that at present has no railroad facilities.

Possibilities are Remote.

With reference to the proposed East and West lines from Ontario, near the Idaho state line, to a connection with the Klamath-Natron line, Mr. Kruttschnitt declares that the possibilities for early construction were somewhat remote. He expressed the opinion that such a road eventually would be built, however.

In the work through the Deschutes canyon, he said, joint trackage agreements had been entered into with the Oregon Trunk Railway over some of the most difficult portions. The Harriman line has progressed ahead of that of the Hill system in some places, and the former line likely will be completed over the 137-mile stretch from the Columbia river to Redmond before the latter is finished to Bend.

Horses to Winter.

Good hay, feed yard, and running water. Eight miles southwest of Prineville on Lamonts road. Terms, \$5 per head per month. Otto Borron. 11-22-41

Wanted—By man and wife on ranch or other work. Call at this office. dec27

Plain Facts

Our stock of goods must be reduced to within a certain figure by January 31, and the directors of this corporation have ordered a Radical, Monstrous Clearance Sale to begin

Monday, December 26.

The Journal force is too busy this week to set type for details and prices, but you have our guarantee that the prices will SELL THE GOODS.

Shoes, Underwear, Clothing, Shirts, Hats, Ladies Suits, Coats and Jackets, Sweaters, Skirts and Millinery, Dress Goods, Gingham, Blankets, Hoods, Fascinators, Bed Spreads, besides other lines, with many savings in our Grocery and Hardware Department. It will be worth while to come early.

Begins Monday, Decemaer 26.

The C. W. Elkins Company.
