

### VALUE OF GOOD ROADS.

**Increase Price of Farm Lands Fifty Dollars an Acre.**

Mecklenburg county, N. C., began to build macadam roads thirty years ago, using the direct taxation method of raising funds. Today that county has 208 miles of modern highways.

As a result of these good roads farm values have reached that point where \$50 an acre is regarded as the minimum price of such lands and \$75 and \$100 an acre the maximum. A few years ago \$50 was regarded as an exceedingly high price for an acre of Mecklenburg land. Now there are few-very few-farms in the county that can be purchased for less than \$50, and no great number are for sale at that price.

This is the experience of every county that constructs improved roads. In the face of such hard facts, why the people of a mud ridden county hesitate to acquire improved roads is strange. Mecklenburg, as stated, has been building roads for thirty years, leaving a road tax.

Now the people are agitating for a bond issue to carry the work on more swiftly and at the same time to improve streets within the city of Charlotte.

### Clifton & Cornett's Big Department Store

It is not the simplest thing in the world to dress smartly, even though the clothes you wear are smartly styled.

It is not always the chap with the most expensive clothes who looks most classy.

It is not the pattern nor the style of a suit which makes that suit good and true.

These are old truths which we cannot dispute.

We have made it our special business to help you dress smartly, even though you sometimes feel that you will never appear as well dressed as the other fellow.

It is not necessarily the most expensive clothes that lend the most grace to a fellow's figure. Becoming style in a satisfactory quality will do as well if not better.

When you look at clothes seek Style, Fabric and Fit. Take a careful look at "Modern Clothes," designed and made by Brandegee, Kincaid & Co. You are sure to find in them many things you have wanted but have not been able to obtain.
