ANNOUNCEMENT!!

We will be in our new location on Main Street in a few days. Here we can better care for our increasing business. If you are not already doing business with us, get the "Pioneer" habit. If you don't we both lose money.

It is a fact, that our new plant for the manufacture of Butter and Ice Cream is as complete and up-to-date as can be made.

IT IS A FACT That before we commenced operating our Creamery plant here, BUTTER SOLD AS LOW AS 15 CENTS A POUND, and there was no set standard of quality.

IT IS A FACT, That the average price we have paid for butter fat during the last two years is about 30 cents per pound.

IT IS A FACT THAT THE FARMERS WHO SELL US CREAM ARE MAKING MONEY AND ARE SATISFIED. ASK ANY OF THEM.
