Band Boys' Dance
A Big Success.

The band boys feel highly complimented at the generous response given for financial assistance. Heretofore the needs of the boys were largely supplied by monthly contributions from our business men, but this year it is hoped that this will not be necessary unless the leader is placed on a salary basis. In this event he will give all of his time to the band and some means must be devised to raise the funds for his salary. The boys show practice and organization. Prineville needs a good band.
