TREASON TO YOUR TOWN.

Why Spending Your Money Elsewhere Might Be So Desirable. In a recent address before the Western New York Newspaper Publishers' Association...

"The problem is really a serious one and has not received the attention it should have had. This is a large measure accounts for the expansion of the business to immense proportions.

"A somewhat recent development of mail order business is the trade in ladies' wearing apparel. "The regular mail order houses at the present time have alluring advertisements in the magazines in which they offer apparently wonderful bargains in ladies' suits. The psychological feature of the advertisements is given to the guarantee, which is given great prominence.

"The local houses unquestionably have the advantage of the best arguments, and these if properly presented are bound to prove effective."
