

**Crook County High School Notes.**

The students have begun to look forward to the finish. The warm days of the past month have been utilized by those interested in outdoor sports. Our work has been unusually heavy this year, but most of it will be finished nicely. The students are capable of an unlimited amount of work. We have had an enrollment of sixty-eight students this year and have lost only eight. An excellent record.

Roy Lowther, our representative in the Eastern Oregon oratorical contest, reports a very enjoyable trip. He received a low mark owing to the fact that we had not been advised that the time limit was reduced to ten minutes. Had we known it he could have shortened his oration and would have stood a good chance of winning first place. At least, as his marks show, he could not have gone lower than second.

More interest has been manifested in athletics this year than ever before. Our football and baseball teams have passed the entire season without a defeat. Our basketball teams would doubtless have established the same record but were unable to secure games.

Our track team has challenged every school near us, but has been unable to secure a single meet. However, a team composed of Ray McCallister, Chas. Lowther, Karl Coffin and Wilford Belknap are in hard training preparing for the meet at the University of Oregon, to be held Friday, May 12. We have been greatly handicapped in training but feel sure our boys will do well.

The baseball game with Bend Athletic Club, to have been played here last Saturday, was for some unexplainable reason cancelled about noon on the day of the game.

Nothing puts more life into a school than good, lively, honest athletics. The board should be commended for its action in purchasing the block just east of the present grounds for athletic purposes. The athletic association will expend a great deal of money during the coming year making these grounds the best in Eastern Oregon. Beside a gridiron and a diamond, a running track will be laid out and leveled. It will afford us an excellent place to hold all athletic contests. We students of the high school greatly appreciate this courtesy in providing this field for our use and commend them for their foresight in laying the foundation for a greater high school.

A number of improvements have been decided on for the near future. A good strong fence affords the grounds a much needed protection from stock and also some of our best friends who cannot resist making unsightly paths across the campus.

The board has for some time been hunting for the proper man to take charge of the new manual training department.

The upper part of the annex will this summer be fitted up in an up to date manner, making it a first-class commercial school.

The normal school will also be materially strengthened. An increase in the library is being planned and a course equal to the first two years at the State Normal has been adopted.
