Louis W. Hill

Was in town Tuesday evening and a great many people gathered on the hotel sidewalks to welcome him. If every-one knew as much about the quality of our RHINO KINKLESS GARDEN HOSE and our EASY RUNNING, BALL BEARING LAWN MOWERS as some of our satisfied customers that have tried them, our store would be more crowded with customers than the hotel sidewalk was with people Tuesday evening. Tie the Rhino Kinkless in a dozen knots and the water still flows through smoothly. We cut it any length required. If you want to buy a new piece of hose every year or two, don't buy the Rhino as it will take from four to eight years to wear out. Nearly everyone in town knows that we have a variety of HOSE FAUCETS, SPRINKLERS and SPRAYERS and all should know that our prices are right.

There was no ball game between Bend and the Crook County High last Saturday as advertised. Bend failed to show up. Instead there was a game between the high school team and a picked town team. The high school furnished the pitcher. It was the best base-ball played on the high school diamond this year. The score stood 4-2 in favor of the town boys. Robert and Lawrence Lister was the battery for the Crook Crook County High School and they played ball all the time. Creswell of the high school pitched for the town team and did fairly well. With practice and coaching he should develop in a good twirler.

Found Dead.

James Ewing was found dead Wednesday morning about 100 yards this side of the fork of the Burns-Paulina road south of town.

Mr. Ewing left the home of Ollie Ellefson, his son-in-law, Tuesday afternoon about 4 o'clock, to walk to town. This was the last seen of him alive. It is supposed that he experienced an attack of heart failure, to which trouble he was sub-ject, and wandered off the road a little and dropped down among the sagebrush. His remains were dis-covered by Albert Wilson Wednes-day morning who notified Coroner Hyde. An inquest was held and the coroner's jury returned a verdict of "death from natural causes." He will be buried tomorrow upon the arrival of a son and daughter from Portland.

Mr. Ewing was about 60 years of age and leaves a wife and large family to mourn his loss.

Paulina, Oregon.—Tom Brennon of Paulina valley, was a business visitor at Pineville last week.

The infant son of James Gilchrist, which has been quite ill, is reported better.

Dr. Belknap and Mr. Johnson of Pineville were business visitors to Paulina Sunday evening. Dr. Bel-knap came up to examine candidates for the life insurance company of which Mr. Johnson is representative.

Miss Agnes Brummer of Newsome creek was the guest of friends at Paulina Sunday.

Hugh Lister and wife with their children and Mrs. Joe Lister, came out from Pineville in the Listers' new car Sunday morning. They re-ported the roads splendid and a very enjoyable trip.

Paulina is enjoying a splendid Sunday School at present, with Miss Hartly as superintendent. A large attendance and the interest man-ifested make things lively and inter-esting.

Miss Hartly will close a very suc-cessful term of school at Paulina the middle of June. There will be exer-cises and a picnic dinner in honor of the event.

Miss Agnes Brummer was the guest of Mrs. M. L. Brown at dinner Sunday. After enjoying a splendid dinner the young people amused themselves by making several records for the phonograph. Some of the records were very good as well as amusing.

Decoration Day.

The Rev. Mr. Linsinger of the Pres-byterian church is working hard to ap-propriately celebrate Decoration Day. He writes to the Journal as follows:

An invitation is extended to the public to make Decoration Day a real suc-cess. It is proposed that the various orders, organizations and churches unite during the day and march to the cemetery and hold a short service in memory of the dead soldiers. To every citizen, we say this is your day and we not only invite you to take a real active interest, but trust that you will take hold with the committee in charge and help to make this day what it ought to be. A union chorus is in practice every week for this occasion. If you sing, even a little bit, we ask you to help us to sing in honor of the soldier dead. Practice this week Friday evening at 7.30.

Magnetic Storms.

Contrary to the general belief, mag-netic disturbances do not begin at the same moment all over the globe. In-stead of that they progress round the earth. In the case of abrupt distur-bances, which are usually compara-tively minute in their effect on the compass needle, the complete passage round the earth requires from three to four minutes. For the bigger ef-fects or for the greater magnetic storms the rate of progression is slower, so that it would take them half an hour or more to pass round the earth completely.

SELFISHNESS.

There are some tempers wrought up by habitual selfishness to an ut-ter insensibility of what becomes of the fortunes of their fellow crea-tures, as if they were not partakers of the same nature or had no lot or connection at all with the species.—Steele.

How Do You Make a Circle?

The intelligence of people may be gauged by asking them to make a circle on paper with a pencil and not-ing in which direction the hand is moved. The good student in a math-ematical class draws circles from left to right. The inferiority of the softer sex as well as the male dunces is shown by their drawing from right to left. Asylum patients do the same.—London Family Doctor.

Mare Lost.

Bay mare, branded "33" on left shoulder, wire cut on left front foot just above hoof; weight 1250 to 1300, heavy with foal. Lost about May 1. Suitable reward will be paid for information or for holding the mare. Walter A. Foster, Powell Butte, Oregon. 2t

Broken Horses for Sale.

A few broken mares and geldings for sale; mares weighing 1100 to 1300, geldings 1400 to 1500; young nice animals; also one coming four-year-old stallion, three-quarter Percheron, weight 1400; plenty of bone, blocky built. For further information ad-dress T. J. FERGUSON, Roberts, Or.

Junior Day.

Wednesday was observed as the third annual junior day by the students of the Crook County High School. The junior pennant was masted at 8:30 and at 9 o'clock occurred the tennis tournament between the Alpha and Ochoconian literary societies, the score being in favor of the Alphas. In the pole vaulting Charles Lowther won first place, 9 feet 6 inches; Elmer Martin, second, 8 feet; Rol-land McCallister third, 7 feet 6 inches.

The races were held in the after-noon at the fair grounds and were won by the Alphas.

The juniors served refreshments to the students and faculty on the campus after the games.

The junior play in the evening closed the program of a day that was a success in every way.

The play put on by the jurors last night under the management of Miss R. B. Parrott was good.

The plot was interesting and the characters were well taken.

The play was doubly interesting, when it became known that Roy Lowther, of the juniors, was the playwright.

Warning to Horsemen.

Any person found guilty of leaving any driving animal unhitched on any public highway in the city of Pineville, or any person allowing any driving animal to stand with-out food or water on the public highways of this city for more than six hours, or any person who leaves any driving animal on the public highways of this city after twelve o'clock midnight, will be subject to fine or imprisonment, or both.
