

HAY

We handle McCormick mowers and rakes. If you need a new haying machine, you can do no better than get a McCormick. McCormick mowers are light running; they are durable, and they are built in various sizes to meet the most varied requirements—3½, 4½, 5, 6 and 7-foot cut. McCormick rakes are made in various widths in either hand or self dump styles. If you are undecided as to what machine you want, call and let us explain the many meritorious features found in the McCormick mower and rake construction. Learn why McCormick mowers and rakes are money savers. If you are not ready to buy, call anyway and get a catalogue. It's filled with valuable information, and it will explain exactly why McCormick rakes and mowers excel.
