

## CHOLERA MENACES NEW YORK CITY

**Ships Arriving From Italy Are Feared; One American is Dead.**

New York.—With cholera at its gates, the health officials of New York are taking more energetic precautions than ever to prevent the disease gaining a foothold in the city. Allegations of carelessness on the part of the quarantine officials were freely made and stringent regulations will be adopted to prevent employees and attendants of the quarantine station mingling with outsiders.

The first native case of Asiatic cholera to develop here this season ended in the death of Patrick Cushing, night watchman at the Swinburne Island quarantine station. There have been several deaths among immigrants detained, and two suspects kept for the required observation period developed the disease and died, but Cushing is the first American resident to be infected.

"The quarantine department of every port in this country is facing a very serious and onerous task," said Dr. Doty, "and it is not impossible that many vessels arriving from Italy in the next few days will bring one or more cases of the disease."

A majority of the vessels which have recently come from Italy have either brought actual cases of this disease, or furnished evidence of its having occurred in transit. It is with great difficulty that the latter condition is established, and it is only through the most exhaustive bacteriological examination that I am able to secure the facts.

### Britain Bars Fight With U. S.

London.—The Anglo-Japanese alliance has been modified to exclude the United States from Great Britain's possible enemies and the life of the alliance has been extended nearly six years by the new version of the treaty, which Sir Edward Grey, the British secretary of foreign affairs, and Count Kato, Japanese ambassador at London, signed.

### Coast Lumbermen Form Association.

Tacoma.—At a meeting of the Pacific Coast Lumber Manufacturers' Association a plan for the consolidation of all the lumber manufacturers' associations of the Pacific Coast was ratified.

### Monitor Survivor Dies.

Sawtell, Cal.—Michael Mooney, said to be one of the three survivors of the crew which manned the "Monitor," when it fought and vanquished the Confederate ram "Merrimac," died here, aged 74, at the National Soldiers' Home.

### WARRANT FOR DR. NORTH

Corvallis Dentist Sought for Murder of Mrs. Griffith, Near Philomath.

Corvallis, Ore.—Edward North, a dentist, is charged by the state with the murder of Mrs. Eliza Griffith at Philomath. A warrant for North's arrest has been issued and officers are searching for him.

While the sheriff and deputy prosecuting attorney will not disclose the nature of the evidence that implicates North, it is learned that suspicion was first directed toward him when the minister at whose house he was staying in Philomath heard him walking the floor a few nights ago and muttering, "Oh, why did I do it!"

Mrs. Eliza J. Griffith, a widow, was murdered at her home near Philomath on the night of Friday, June 2. Her body was found the following day in a shallow pond a quarter of a mile from her home. On June 6 the coroner's jury investigating the crime found that Mrs. Griffith was killed by strangulation by persons unknown to them.

### Chemists Stand Back of Wiley.

Cincinnati.—The local division of the American Chemical Society launched a movement here Monday to have all United States chemists oppose by every means possible the ousting of Dr. Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture.

### Ballinger Denies "Dick" Letter.

Seattle, Wash.—Richard A. Ballinger, former secretary of the Interior, declared that he never heard of that "Dick to Dick" letter until he saw it printed in the papers. Ballinger was positive in his statement that he did not remember receiving such a letter.

### Explosion Kills 21 in Coal Mine.

Dubois, Pa.—Twenty-one miners were killed in an explosion in the shaft of the Cascade Coal & Coke Co.'s mine at Sykesville, nine miles from here.

JAMES WICKERSHAM

James Wickersham, Alaska's delegate in Congress, who accuses Attorney-General Wickersham of permitting men who defrauded the government to escape prosecution.

### COAST MILLS IN MERGER

Steel interests of Seattle, Portland and San Francisco Consolidated. San Francisco.—An important consolidation of steel interests was effected in this city, when the Pacific Coast Steel Company, San Francisco; Pacific Iron Rolling Mills, of Portland, Ore., and the Seattle Steel Company, of Seattle, were merged into the Pacific Coast Steel Company, with a capital stock of nearly \$2,000,000. In the transfers the Seattle plant is valued at \$1,000,000, the San Francisco concern at \$700,000 and the Portland mills at \$150,000. Those interested in the new company declare it is entirely independent of the United States Steel Corporation. It is the intention to confine the plant in San Francisco, which will begin operations in September, to the manufacture of steel, while iron bars and like products will be turned out by the works at Portland and Seattle.

### Rail Promoters Checked.

Spokane.—The hope of the backers of the Spokane and British Columbia Railroad, known as the "Hot Air Line," to secure unused rights of way through the Colville Indian Reservation from Republic to the Columbia River, now held by the Great Northern, was knocked out by an opinion handed down by Federal Judge Frank H. Rutkin.

### HAY NAMES DELEGATES

Disposition of Public Lands to Be Convention Topic.

Olympia, Wash.—In response to the call issued by Governor John F. Shafer, of Colorado, delegates for the Public Lands convention to be held in Denver, September 25-30, are being selected by Governor Hay of Washington. The convention will include delegates from those Western states and territories having 1,000, 000 or more acres of public lands—reserved or unreserved—within their borders.

The gathering is called for the purpose of determining the sentiment of the states most to be affected, as to what the national policy shall be in regard to these lands.

### Elk "Goat" is Abolished.

Atlantic City, N. J.—No more will the intending Elk be compelled to ride the goat, climb a greased pole or do other "stunts" in connection with his initiation. The last important action of the grand lodge of Elks is to abolish absolutely all horse play and hazing in the initiatory rites of the order.

All hope of pension legislation at this session of Congress was dashed, when Democratic Leader Underwood served notice that such legislation would be taken up at the proper time at the regular session in December.

### ALMOND AND CUCUMBER CREAM.

Protect the Complexion. It prevents injury to the face and hands if applied before exposure to the sun, wind and weather. When not so used it promptly relieves all distressing conditions of the skin if applied on returning indoors. Almond and Cucumber Cream is not a greasy preparation, and does not resemble the paste form creams and cosmetics. It is a pure antiseptic lotion, possessing remarkable cleaning and healing properties that have been used and tested for years by the highest society ladies of the land. It will give the most gratifying results in softening rough, dry or irritated skin resulting from any cause. Price 50 cents.

# Modern Clothes

"The Kind Gentlemen Wear."

WITH the opening of our Spring and Summer Season, we wish to express our heartiest thanks to our many customers and friends who have shown us their patronage during the past year. We hope that our methods of doing business have been satisfactory to one and all and once a customer always a customer. Our methods will be the same for this coming year: **Everything Marked in Plain Figures and One Price to One and All.** We don't sell you an \$10.00 suit for \$15.00; our \$18.00 suits are marked \$18.00, that's our price; no other. But we are not talking prices, **Quality First and Last.** We are today carrying the **Best Clothes** to be found in Prineville. **Modern Clothes** designed and laid out by

**Brandegge, Kincaid & Company, Utica, New York**

Clothes well selected and worn cannot be overlooked by people of discrimination. Exclamations of great joy are certain to be called forth by our display of "College Chap" Clothes, because of their particularly brisk style, and because they fit so perfectly that they cannot but be well worn. The fabrics are totally different from those ordinarily seen. The many graceful and characteristic features which distinguish the well-dressed man from the multitude of careless dressers will be found in these splendid garments. Knowing how to design and how to develop has made "College Chap" Clothes what they are, "the clothes you want."
