

CANADIANS CLOSE THEIR PARLIAMENT

Reciprocity to be Endorsed if Liberals Win September Election.

Ottawa, Ont.—The 11th Parliament of Canada passed out of existence and upon the pulpit occupation of a new one to be elected September 21 will depend the fate of the reciprocity agreement between the United States and Canada.

The announcement of the dissolution was the fulfillment of Premier Laurier's ultimatum, delivered to the opposition forces, that continued resistance to a vote would be met by an appeal to the country.

The present Liberal government has a large majority in the Dominion Parliament, but the absence of a clerical rule has made it impossible to secure a vote by which this majority could adopt the reciprocity measure. In the event of the success of the Liberal party at the polls in September, the new Parliament will at once pass the reciprocity measure, whereas a defeat of the Liberals will mean the passing of Premier Laurier and the permanent shelving of reciprocity between the United States and Canada.

The present House of Parliament consists of 122 Liberals, 85 Conservatives and three Independents.

Sheep Data Show Profit.

Ogden, Utah.—W. C. Barnes, representing President Taft and the tariff board in checking up the information gathered by special agents of the government on wool and sheep industries, says the data obtained prove sheep can be raised and wool clipped and marketed and lambs disposed of at a cost of \$1.59 a head, the annual revenue from which, with wool at 13 cents, totals \$1.31, leaving a profit of \$1.81 a head.

GRAFT PROBE AT PORTLAND

Two Police Captains and 50 Patrolmen Are Implicated.

Portland, Ore.—Though neither Mayor Rushlight nor John B. Coffey, chairman of the police committee of the Executive Board, would admit it, it is known that the suspension of Police Sergeant Cole, on a charge of grafting, is only the beginning of a thorough shake-up of the police department, said to involve at least two other sergeants, two captains of police, five detectives and about 50 patrolmen.

Against most of these men, charges of wholesale and systematic grafting from disorderly women and Chinese gamblers in the North and South ends will be preferred.

May Give Germany Slice of Congo.

Paris.—Confidence that the Franco-German controversy will reach a pacific solution increases daily. It is understood the negotiations at the present stage are concerned with fixing what part of French Congo France is willing to cede in return for German disinterestedness in Morocco.

Controller Bay Report Completed.

Juneau, Alaska.—W. J. Lewis, special examiner for the United States Land Department, detailed to examine the claims of Richard Ryan at Controller Bay, has completed his task and forwarded his report to Washington.

MORGAN MAY BE WITNESS

Explanation of Tennessee Deal is Sought by Committee.

New York.—The Congressional committee of inquiry into the United States Corporation is now desirous of hearing personally from J. Pierpont Morgan with regard to the absorption of the Tennessee Coal & Iron Company by the Steel Corporation in 1907.

"The best man to defend J. P. Morgan for his part in the Tennessee Coal & Iron transactions," said Chairman Stanley. "is Mr. Morgan himself. I sincerely hope that Mr. Morgan's engagements in Europe will not deter him from appearing."

That the New York financier will be subpoenaed to appear before the committee when he does return now seems certain.

Dynamite Trials Will Come High.

Los Angeles, Cal.—The trial of John J. and James B. McNamara, alleged dynamiters, it was estimated, will cost the county and the defense not less than \$700,000. It was calculated that \$225,000 will be the cost to the county, and union labor, it was estimated, would spend \$475,000.

British Believe Crisis Passed.

London.—In well informed circles the Moroccan crisis is believed to have been passed, although the foreign office believes the negotiations will drag on for months.

JOHNSON SIGNS WARRANT

California's Governor Unwillingly Bows to Popular Will.

San Francisco.—Governor Johnson finally signed the extradition warrant in the case of Louis J. Wilde, the San Diego banker, wanted in Portland on the charge of embezzling \$99,000 from the Oregon Trust & Savings Bank.

Governor Johnson made every effort to save his friend Wilde from extradition and trial in Oregon, but finally was compelled to yield to public opinion both here and in Oregon, and submit that Wilde be sent back north for trial.

Cholera Stirs Italy.

Rome.—Tardy steps are being taken to exercise effective government control of the cholera epidemic in Italy. The \$100,000 appropriated by the government for hospital provision and disinfection is being disbursed, but the death rate at Palermo, Naples and other stricken places remains high, four days showing about a fifth of the cases terminating fatally.

MURDER STIRS SEATTLE

Italian Chauffeur is Killed by Passenger Shooting from Behind.

Seattle.—While driving his big Packard car 30 miles an hour Joe Tatro, 27, an Italian chauffeur, was shot and instantly killed by an unknown passenger, who quickly alighted and made his escape on foot.

It is one of the most mysterious murders ever committed in Seattle and there is no known motive for the cold-blooded crime, although it is believed that Italians can clear up the mystery, which savors of a Black Hand or Mafia revenge.

Cholera Cases Not Increased.

New York.—All the cholera patients are doing well and no new cases or deaths were reported at the quarantine station. There seems little possibility that cholera will gain a foothold here, say health officials.

Case Out for Governor.

Seattle.—Otto A. Case, of this city, has issued a formal announcement of his candidacy for the Republican nomination for Governor.
