Mowers

Improvements are made on the McCormick mower every year. The old mower was a good machine, but the improved this year's model is still better. The aim of the McCormick factory is to put a machine on the market that has THESE TWO QUALITIES—

Durability
Light-Running

Binds More Sheaves with Less Twine

Plymouth Binder Twine is made right. It works smoothly, ties properly, and the last of the ball feeds as freely as the first. No knots or breaks. Fifty per cent stronger than the strain of any machine actually requires.

PLYMOUTH Binder Twine

Is used more than any other twine because it is known to be the best. Made by the oldest cordage establishment in the United States, where quality and honesty are spun into every ball of twine. Farmers who insist on seeing the wheat-sheaf tag on every ball of twine save money and avoid harvest delays.
