

COMPROMISE WOOL BILL AGREED UPON

Free List Bill Disagreed to, With Free Lemons and Meat as Cause.

Washington.—Tariff revision legislation is moving swiftly onward in Congress toward the expected presidential veto. The complete conference agreement on the wool bill was reported to the House with a view to final action by that body through adoption of the conference report.

The free list bill, discussed in committee as a matter subsidiary to the wool measure, was disagreed to, as were its two chief amendments, the House amendment adding lemons to the free list and the Kern Senate amendment limiting free meat and cereal products to those countries with which the United States has reciprocal trade arrangements.

Another vote on Free List. All its other amendments were accepted. This disagreement was reported to both houses Monday, with a view to another vote in the Senate on the Kern amendment, and the House on the lemon amendment.

Notwithstanding the desire of the Democrats to secure action on the cotton bill at this session, it is believed that Congress will not hold together for that purpose after final action is taken on either or both of the other tariff bills.

The whole tariff revision question will be settled this week, which in all probability will mark the closing of Congress. All the power of the Democratic party now in control of the House and of the effective Democratic insurgent coalition in the Senate, will be centered on the trio of tariff measures. This means, in the belief of leaders of both parties, an adjournment by the end of the week, or within a few days thereafter.

Campaign Publicity Is Agreed To. Agreement on the campaign publicity bill was reached by the Senate and House conferees. The measure, as agreed on, will be practically the same as that adopted by the Senate, which amended the House bill by providing for publicity in primary as well as other elections. The limitation of campaign expenditures to \$5000 for congressmen and to \$10,000 for a senatorial candidate, will be retained.

Taft's Wishes Disregarded. Disregarding a telegraphed request from President Taft for a contrary course, the Senate committee on foreign relations agreed upon an amendment to the British and French arbitration treaties, eliminating the provision conferring special powers on the proposed joint high commission.

Will Probe Stephenson Election. A probe by the United States Senate into the methods used in the election of Senator Isaac Stephenson of Wisconsin will soon begin. A resolution providing for an investigation was passed. The resolution was the result of an investigation of Stephenson's election by the Wisconsin Legislature, which reported evidences of bribery and irregularities, and demanded that the upper House of Congress take up the matter.

Morgan Lost Third of Billion. After discussing a structural steel agreement for apportioning products throughout the country, the House steel trust investigating committee adjourned until October 16.

W. C. Temple, of Pittsburgh, who was chairman of the Steel Plate Association, was the last witness. He told how J. P. Morgan once refused a \$100,000,000 option on the Carnegie Steel Company and six months later paid \$500,000,000 for that property.

National Capital Briefs. The number of farms in the United States increased from 2,196,567 in 1909 to 2,226,880 in 1910, according to figures just compiled by the census bureau.

President Taft, it was announced, will designate Thursday, November 23, as Thanksgiving Day, despite the request of bankers that the president come Thursday, November 22.

President Taft has definitely decided to visit the Pacific Coast this fall, according to authentic information from the White House.

There will be no final action on the direct election of senators at this session of Congress. The House and Senate conference committee failed to agree upon the Bristow amendment, which extends federal authority over state elections.

The "drift toward the city" in the United States is clearly shown in a bulletin just issued by the census bureau, giving the results of compilations of figures for the several divisions of the country. Taking the census of 10 years ago as the basis it is shown that in Oregon the increase in urban population has been 115.3 per cent; in Washington it has been 166 per cent; in Idaho it has been 216.2 per cent.

Roosevelt Gets Gift

Japanese Admiral Presents Miniature Soldier to Colonel. New York.—Admiral Togo paid a warrior's tribute to Colonel Roosevelt. Apparently Roosevelt, the fighter, had appealed to the Japanese Admiral, rather than Roosevelt, the peace-maker, for when he marched up Sagamore Hill to meet the ex-President, he carried Mr. Roosevelt a two-foot miniature of a soldier's armor. Admiral Togo had kept the prospective gift secret, and had apparently carried it on his travels from the time he left Japan.

ENGLAND'S CITIES TROUBLED BY RIOTS

London.—Great Britain appears to be confronted by a grave labor movement, compared with which the London strike just ended would be a small affair.

Together with the furious street battles in Liverpool in which one constable was killed and 40 policemen, including the superintendent, were injured, and serious riots at Glasgow, comes the news of meetings of railway employes at Liverpool, Glasgow, Manchester, Bristol, Sheffield and other large cities, at which threats were made of a general strike of all railway men, transport workers and dockers, unless existing disputes are settled promptly.

At a meeting of 2000 railroad men belonging to the Midland, Great Central and Metropolitan lines it was decided to call a general strike on all the railways and tubes in the London district next Saturday unless grievances were remedied in the meantime.

TWO KILLED IN WRECK

Pennsylvania's Crack Limited Goes in Ditch Near Fort Wayne.

Fort Wayne, Ind.—Two persons were killed, two were reported missing and 30 injured when the Pennsylvania 15-hour train en route from Chicago to New York jumped the track on the western outskirts of the city while going at 50 miles an hour.

In leaving the rails the engine pulling the passenger sideswiped a freight engine. The baggage, smoker, buffet cars and two sleepers turned over in the ditch. Most of the injured were seated in the diner and smoker when the accident occurred.
