

## RAILWAY STRIKE IN BRITAIN IS ENDED

Companies to Arbitrate Differences With Men, Who Have Returned to Work.

London.—A great wave of relief swept over the country when shortly after 11 o'clock the announcement was made from the board of trade offices that the railway strike had been settled and that the men would return to work immediately.

The settlement followed a day and a night of fierce rioting. This was especially so in portions of Scotland and Wales, where the military and police were absolutely defied by the workers, who bitterly resented the interference of the government, which had manned the signal boxes and trains by railroad men drafted from the ranks of the red coats.

It also came in time to prevent an absolute famine in many cities which depend on the railroads for the food supply. The fact that bread riots were threatened in many places and that cotton mill employes in the great centers of the north and the Scottish and Welsh miners were preparing to lay down their tools, caused the government officials to bring the strongest pressure on both sides to consent to arbitration.

Most of the credit for the ultimate success of the efforts toward peace appears to rest with David Lloyd-George, chancellor of the exchequer, who worked for conciliation when all others of the interested parties seemed to have given it up.

**Spokane May Vote on Single Tax.**  
Spokane.—Declaring that the Gandy act passed by the last Legislature to validate Spokane's commission form of charter gives absolute home rule, the Henry George Club is preparing to submit to the voters a charter amendment providing the single tax.

## ROADS PREPARE FOR RUSH

Autumn Homeseekers' Movement Expected to Break Records.

Chicago.—Preparations are being made by western railroads to handle an unprecedented movement of land-seekers to the Pacific Coast states this fall. Special colonist rates are in effect from September 15 to October 15. These rates are usually made twice a year, in the spring and in the fall, and range from \$13 from Chicago to \$25 from the Missouri River, for one-way trips.

During the colonist movement in the spring nearly 80,000 persons traveled to the Coast, according to estimates. Present prospects are that the movement this fall will even exceed that number.

## New Mexico Rejoices Over Statehood.

Albuquerque, N. M.—The news of the passage of the statehood resolution in the House and the successful culmination of New Mexico's 50-year struggle for statehood was received with wild rejoicing throughout the territory.

## Sound Grain Dealers Happy.

Seattle.—Dealers, exporters and grain brokers here are well satisfied with the decision of the traffic department of the O. W. R. & N., which, after more than a month of indecision has decided to put into effect rates on wheat from points in eastern Washington, eastern Oregon and Idaho to Seattle and Tacoma equivalent to the rates from corresponding points to Portland.

## RECALL PETITION SHORT

Shrinkage Is Below Number to Insure Vote in Seattle.

Seattle.—The city comptroller's checkers have eliminated sufficient illegal signatures on the petition to recall Mayor Dilling to kill the movement. Of 7945 counted, 3428 were found illegal. There is doubt expressed as to the genuineness of approximately 1000 more signatures.

The Citizens' Recall Association, of which Mr. and Mrs. Frank Sirlan are the leaders, has ten days in which to file supplemental petitions to overcome the shrinkage caused by the rejection of the illegal names.

## Catholics Hold Services.

Astoria, Ore.—Catholic day at the Centennial was a success in every way, and the audience which attended the ceremonies was one of the largest religious gatherings in the history of the state. Rev. Father Waters, pastor of St. Mary's church, made the introductory remarks, welcoming the visitors, and in closing introduced Hon. J. P. Kavanaugh, of Portland, who delivered a thrilling address on the subject of "Catholic Citizenship."

Seattle.—The preliminary step was taken toward consolidation of three great Saengerbunds at a meeting of the North Pacific Saengerbund here—the North Pacific, with headquarters at Seattle; the South Pacific, with headquarters at Los Angeles, and the Pacific, with headquarters at San Francisco.

Walla Walla was awarded the 1913 Saengerfest. Los Angeles had come with a strong representation and made strong efforts to obtain it for their city, but after considerable debate they decided to withdraw and have their Saengerfest in 1914.

## Corey May Succeed Gates.

## PLANS COMPLETED FOR TAFT'S TRIP

Washington.—Plans for President Taft's trip through the West and the Pacific Coast were virtually completed. The journey will be almost as extensive as that taken by the President on his famous "swing around the circle," in 1909, when he traveled more than 13,000 miles and visited 23 states.

He will break ground for the Panama Canal Exposition at San Francisco, make scores of addresses, and attempt to scale Mount Tacoma.

According to the present arrangement, the President will be gone six weeks. In that time it is expected he will make nearly 200 speeches from the rear platform of his private car and at places not on the regular schedule.

The President probably will leave on September 17, returning East about November 1. From California the President will go north to Portland and Seattle. Three days are to be spent in Washington state, and the route eastward will allow him to stop in Idaho, Montana, the Dakotas and Minnesota.

## THREE PRINCES COMING

New York.—Three princes of royal blood, two of them heirs to European thrones, and the third a cousin of the Kaiser, are soon to visit the United States.

Great Britain will send the Prince of Wales; the King of Denmark is sending Crown Prince Christian, and Prince Friedrich of Hohenzollern, Emperor Wilhelm's cousin, will sail this month on the cruiser Victoria Louise for the United States.

## EXTRA SESSION OF 62D CONGRESS ENDS

Results of Session Are Far Short of Program Outlined at Outset.

Washington.—The most strenuous session of recent years has passed into history. The net results of the extra session, in comparison with the ambitious program adopted at the outset, were not large.

Canadian reciprocity was brought as near reality as the executive and legislative departments could advance it; statehood was assured for New Mexico and Arizona; campaign publicity legislation was passed in a form satisfactory to its most ardent admirers, and provision was made for an enlarged House of Representatives based on the 1910 census.

A Democratic House, the first since 1895, attempted to make into law the views of Democrats on tariff revision, but executive disapproval rendered futile all their efforts.

All Tariff Bills Vetoed.

Two tariff bills, one materially reducing the duties on wool and woolen goods of all classes, and the other placing on the free list articles of machinery and tools used by farmers and amended to include many other items, were vetoed by President Taft.

Hawley of Oregon and Humphrey of Washington voted to sustain the president on both measures. Lafferty of Oregon and French of Idaho, voted to sustain the president on the wool bill, but voted with the Democrats to pass the free list bill over his veto. Washburn and La Follette of Washington voted to override the veto of both measures.

A cotton revision bill which carries as an amendment an iron and steel schedule met a similar fate. The House, under the leadership of Representative Underwood, of Alabama, chairman of the ways and means committee, and Speaker Clark, endeavored to pass the woolen and free list bills over the veto, but the necessary two-thirds vote could not be mustered.

Treaties Raise Issue.

General arbitration treaties with Great Britain and France were sent to the Senate by President Taft, but they received a frigid welcome because the Upper House contended that one provision of the treaties usurps the Senate's constitutional prerogatives.

The resolution relating to popular election of Senators was amended by the Senate and was sent to conference from which it cannot emerge this session.

New Mexico and Arizona Admitted.

Yielding to the insistence of President Taft that the new constitution of Arizona should not contain a provision providing for a recall of judges, a new resolution providing for the admission of Arizona and New Mexico, with directions to omit the judicial recall from its organic law, was passed by both houses and will be signed by President Taft.

The joint resolution provides for Arizona's admission with the constitution adopted by the convention of July 20, 1910, and later ratified by the Arizona voters, upon the "fundamental condition" that article 8 of the constitution relating to the recall of public officers shall be held and construed not to apply to judicial officers and that the Arizona people shall give their assent to that construction.

Secretary Wilson May Retire.

That Dr. Liberty H. Bailey of New York, one of the leading agriculturists of the United States and the man who was named by President Roosevelt to head the Country Life Commission, is to be appointed secretary of agriculture to succeed Secretary James Wilson of Iowa, is the report which is in circulation.

That Secretary Wilson's tenure of office will be brief is the conviction that has settled down over Washington. The revelations as to pure food administration in the anti-Wiley plot and the manner in which Secretary McCabe has dominated the department so as to bring discredit on it, seem to make it impossible for the president to keep him.

May Not Reprimand Wiley.

Opinion is strong here that President Taft is wavering in his determination to reprimand Dr. Harvey W. Wiley, chief chemist, and instead, will advise Secretary Wilson to get rid of Solicitor McCabe, his legal adviser, who curbed the pure food specialist. If this happens, the president will likely turn the enforcement of the food and drugs act over to Dr. Wiley.

Publicity Bill Signed by Taft.

President Taft signed the campaign publicity bill. It provides for complete publicity of campaign expenditures by candidates for both the House and Senate before elections and limits the amount which may be spent in a single campaign to \$5000 for a candidate for the House and \$10,000 for a candidate for the Senate.

## ARE YOU ONE OF "The 400?"

New York has long had her "400." Prineville will soon have hers. The Prineville "400" have long been scattered for the want of a suitable home. At last it was found necessary to lay off a new addition to the City of Prineville to get suitable building locations for her "400," and the result is **NOBLE'S ADDITION** with just room enough to conveniently accommodate homes for four hundred particular people. And the nicest thing about it all is that there is not enough room in the whole addition for a single shack. A few reasons why you should buy lots in this strictly high-class addition:

1. One mile of streets now graded.
2. One mile and a quarter of sidewalks now laid.
3. One mile and a half of parking strips now graded.
4. City water and lights now available.
5. Only four blocks from the business center of the city.
6. Building restrictions.

Now do you wonder why the best people are buying and building in Noble's Addition? We are proud of the class of people now locating in our addition—the only restricted district in Prineville. In laying out Noble's Addition we felt that Prineville needed a first-class residence district and the results so far have certainly confirmed our judgment in the matter. There are now only room for about 50 more homes in our addition. Better come in now and pick out your lots. The only cheap things about our addition are the lots. Terms to suit purchasers. See
