

RAILROAD EMPLOYEES DELAY STRIKE ACTION

Nothing to be Done Till Friday,
and it is Hoped Strike May
be Averted.

San Francisco.—All action toward the calling of a strike of the shop employees of the Harriman lines as a result of the refusal by the railroads to recognize the Federation of Shop Employees has been deferred until Friday and the representatives of the shop crafts who were present at the conference with Vice-President Kruttschnitt of the Harriman lines express the hope that a strike will be averted.

A meeting of the advisory board of the Federated Shop Employees of the Harriman lines has been called to convene in San Francisco Friday. The board comprises 35 members, representing the shop employees of all the important plants of the Harriman roads.

Jhllus Kruttschnitt, vice-president of the Southern Pacific and director of maintenance and operation of the Harriman lines, returned to Chicago apparently satisfied with the present status of the situation. It is understood that there were secret negotiations before Kruttschnitt departed between himself and the labor chiefs, though neither side would admit it or tell what was done. Whatever was discussed or decided, it appears now that the labor leaders may gain a partial victory.

It will be a week, at least, it is stated, before the next move is made in the contest between the officials of the Harriman system and the leaders representing the five shop crafts who failed to induce Vice-President Kruttschnitt to recognize the Federation.

The purpose of the conference was to work out some plan between the railroad and public service commissions of the two states and the representative of the Interstate Commerce Commission in adjusting rates so that no conflict would take place.

Cook filed sensational charges against Robert E. Peary, the accredited discoverer of the pole, with the International Congress of Geographic Societies.

When the congress meets in Rome next month it will be asked to name a committee to investigate the claims of the rival explorers and probe the charges made against Peary. Cook declares that he can prove his claims now without all of his missing data.

SUAREZ NAMED TO RUN WITH MADERO

Gomez Men Are Defeated By
Mexican Progressives in
Convention.

Mexico City.—Jose Pino Suarez was nominated for vice-president by the Progressive party over Dr. Francisco Vasquez Gomez by a vote of 876 to 469, to run with F. L. Madero, Jr., the party's candidate for president. Many delegates did not vote on the last ballot, while several cast blank ballots, these going to the credit of the man with the majority.

The nomination of Suarez followed the refusal of the minority in the convention to cast its votes for either of the remaining candidates for the vice-presidency and the calling of Francisco I. Madero before the convention to defend his relations with Dr. Gomez, who had run second to Suarez by 99 votes on the second ballot.

The head of the ticket was subjected to a grilling by the delegates, but after frankly expressing his disapproval of Dr. Gomez, he adroitly turned the tables on the dissatisfied element by putting them on record to support the winning candidate, who ever he might be.

Only the most ardent supporters of Madero regard his nomination as synonymous with his election. No one attempts to deny that he has lost much of his popular influence, and that General Bernardo Reyes is a formidable rival.

INVESTIGATE PHILADELPHIA

Senator Penrose, Opposing Mayor,
Says Situation is Scandalous.

Philadelphia.—At the height of a factional fight for the Republican nomination for mayor, the administration of Mayor Reyburn, whose term will expire in December, will be investigated by a commission appointed by the last Legislature. United States Senator Penrose, in a public statement, says:

"The present municipal situation in Philadelphia, in my judgment, demands a thorough housecleaning and the adoption of measures to prevent a repetition of the methods of the present administration. Under no such conditions should the scandalous personal obligations and financing obligations of certain city officials be carried into another mayoralty term."

Bryan Mixes Politics and Religion.

New York.—Politicians were somewhat puzzled to know whether the present trip of Colonel William J. Bryan to New York has to do with politics or religion. When the colonel's program is considered, the puzzle would seem to be justified.

He had a long conference with Norman E. Mack, chairman of the Democratic national committee, and then took luncheon with Rev. Dr. Wilbur Chapman, the famous evangelist, and discussed with him Dr. Chapman's coming round-the-world evangelistic tour.

TRIBUTE TO STEUBEN IS PAID BY KAISER

Berlin.—At the unveiling of a statue of General Baron Steuben at Potsdam the Emperor paid a high tribute to the German soldier who was an ally of George Washington during the American Revolution, and at the same time expressed deep appreciation of the spirit of the American people. The statue unveiled is a replica of one dedicated in Washington several months ago, and as a gift of the American Congress to the German Emperor and the German nation was presented by Representative Richard Bartholdt, of St. Louis, and C. B. Wolfgram, of New York, the special American ambassadors for the occasion.

The ceremony served also as a farewell to the American ambassador, David Jayne Hill, who immediately after the unveiling presented his letters of recall to Emperor William, who received Mr. Hill in private audience. At the same time Mrs. Hill was received by Empress Auguste Victoria.

ALASKA IS THROTTLED

Cornell President Says It Must Have
Capital.

Ithaca, N. Y.—President Jacob Gould Schurman, of Cornell University, who has just returned from an extended trip through Alaska, believes the government is throttling the development of the territory and keeping its vast resources nearly intact by means of land laws which are not applicable to that region. In a statement given out on his arrival here, Schurman declares the government is pursuing an ultra-conservative policy and keeping capital out.

"The land laws of this country are applicable to agricultural regions," he says, "but in Alaska agriculture is unknown. Private enterprise is hindered. In a territory so vast as Alaska, much capital is required to stimulate its development."

Judge Hanford Dissolves Injunction.

Seattle.—United States Judge Cornelius H. Hanford dissolved the temporary restraining order issued last week, restraining the city of Seattle and the residents of the Rainier Valley from interfering with the Seattle-Renton & Southern Railway in its attempt to collect second fares.

The mass meeting last week, at which an effigy of Judge Hanford was hanged, was called to protest against the granting of the temporary restraining order dissolved.

DIVORCE DECREE TO LOVES IS REFUSED

Baker, Ore.—After a legal battle of many months, which has been bitterly fought and which has interested the whole country, the divorce suit of Sidney C. Love versus Marjorie Burnes Love was brought to a close when Circuit Judge William Smith handed down a decision in which he finds that the plaintiff is not entitled to the decree prayed for in his complaint, and that neither is the wife entitled to legal separation from her husband.

In his findings the judge favors the plaintiff all the way, but the reason he granted no decree in his favor is probably shown in paragraph 16 wherein he says that since Love left his family in England he has not sought a reconciliation with his wife in unmistakable terms.

He characterizes the trouble between the man and wife as "merely psychological," and holds that the plaintiff did not receive due consideration from the members of his family at the time he lost his money.
