

## Double Anniversary Celebration

Mesdames Elkins and Winnek entertained at the home of Mrs. Collins W. Elkins Wednesday afternoon, complimenting the teachers of Prineville and the Shumias. This date marked the twenty-third wedding anniversary of Mrs. Winnek and the fifth anniversary of Mrs. Elkins. These brides, dressed in their wedding gowns, received their friends in the vestibule. Each guest came prepared to furnish one minute's entertainment for the pleasure of the company. These performances were most unique and clever. After an appropriate program was rendered suitable games for the occasion were introduced and enjoyed by all. Prizes were won by Mrs. Evans and Mrs. Gray. Refreshments were served at the close of the afternoon. Each departing guest bade good bye with best wishes that the hostess might live to enjoy many such occasions.

### Paulina Notes.

October 2, 1911.

Miss Nettie McCullough of Paulina, was the guest of her sister, Mrs. M. L. Brown, Sunday.

Ray Purdy of John Day, was visiting with friends in Paulina last week.

M. L. Brown and H. H. Hawley were business visitors in Paulina Sunday.

A. Scroggin is constructing a dwelling on his farm a few miles below Paulina.

Calvin Morris has purchased the Paulina hotel and is making some new improvements.

Homer York is building a new house on his ranch near Paulina. He apparently believes in getting the cage before the bird.

Fred Mosier and wife moved to Ize for the winter. They will go to John Day and take in the Grant County fair and also buy their winter supply of fruit.

There was a heavy rainfall in Paulina Sunday. It was of great benefit to the country but a disappointment to some of the farmers who have grain to thrash, and especially those who expect to make a trip to the John Day valley for fruit.

I would like to kindly correct a mistake that I saw in last week's Journal. Some one has been misinformed about the fruit in the John Day valley. The paper stated that there were a few apples and prunes but no peaches. There is now more peaches in the John Day valley than there has been for years. There is an abundance of all kinds of fruit. If you want your money's worth go to John Day. A good many people have gone after fruit. Teams brought some here and it is as good as you can get anywhere. So hoping to

see you save money by going there for your fruit I will kindly thank you for your interest manifested in the John Day fruit.

## Modern Clothes

"The Kind Gentlemen Wear."

WITH the opening of our Fall and Winter Season, we wish to express our heartfelt thanks to our many customers and friends who have shown us their patronage during the past year. We hope that our methods of doing business have been satisfactory to one and all and once a customer always a customer. Our methods will be the same for this coming year: **Everything Marked in Plain Figures and One Price to One and All.** We don't sell you a \$10.00 suit for \$15.00; our \$18.00 suits are marked \$18.00, that's our price; no other. But we are not talking prices, **Quality First and Last.** We are today carrying the **Best Clothes** to be found in Prineville. **Modern Clothes** designed and laid out by **Brandegge, Kincaid & Company, Utica, New York**

Clothes well selected and worn cannot be overlooked by people of discrimination. Exclamations of great joy are certain to be called forth by our display of "College Chap" clothes, because of their particularly brisk style, and because they fit so perfectly that they cannot but be well worn. The fabrics are totally different from those ordinarily seen. The many graceful and characteristic features which distinguish the well-dressed man from the multitude of careless dressers will be found in these splendid garments. Knowing how to design and how to develop has made "College Chap" clothes what they are, "the clothes you want."
