# TRIPOLI IS DECLARED **UNDER MARTIAL LAW**

Italian Governor Issues Proclamation Announcing City in State of Siege.

Rome .-- Martial law was declared in Tripoll by Italy. The Italian governor of the recently acquired territory Real Admiral Borea d' Olmo, issued a proclamation announcing the city in a state of slege.

While the Italian fleet has taken possession of Tripoll and Cyrenica. the occupation by Italy of Tripolitan territory will not be accomplished un til the army of occupation shall have been landed. A period of calm brok en only by the landing of the army of occupation in Tripoli may be expected to ensue and continue for at least one week.

In the occupation of Derna and the coast of Bombay Gulf the plan of the Italian campaign in northern Africa was revealed. Under cover of a great naval display before Tripoli, Rear Admiral Aubray, feigning a purauit of the Turkish fleet, landed a force from the fleet, occupying Bombay Gulf and the town of Derns, 500 miles cast of Tripoli

The Italian authorities at Tripoll isaned a proclamation suppressing slavery. Tripoll was the only remaining port on the coast of Africa where slavery still prevailed, notwithstand ing the efforts of Great Britain and France to prevent the traffic

The attitude of the Turkish govern ment regarding the Italians in the Ottoman empire is viewed with some concern and the order of exputsion and the abolition of the capitulations. If carried into effect, may be the cause of serious complications. It is expected that Germany, which now has the Italians in Turkey under its protection, would raise an objection to such action.

The Hungarian steamer Tisza ar rived at Naples having on hoard Arim Bey, the newly appointed Turkish governor of Tripoll and several offi cers who had been sent by Turkey to organize the defense of Tripall The vessel was stopped at sea by an Italian cruiser and ordered to Naples.

#### Italian Establishments Closed.

Constantinople .- All Italian estab lishments in Turkey were ordered closed by the government. A proposal was made to allow the Salonika hospitals to continue under Turkish supervision, but the offer was refused and the hospitals immediately closed.

# M'NAMARA TRIAL IN LOS ANGELES BEGINS

Two Brothers, Accused of Dynamiting, Go Before Jury in California Court.

Los Angeles, Cal. - Wednesday morning, October 11, in a large airy room on the fifth floor of the new hall of records building the curtain was drawn for the first act of another great drama which has been written in the struggle between labor and capital when John J. McNamara, secretary of the International Association of Bridge and Structural Ironworkers, and his brather James Bryce McNamara were placed on trial before Judge Walter Bordwell on charges of wholesale murder by dynamiting, in connection with the destruction of the Los Angeles Times building at First street and Broadway on the morning of October 1, 1910, in which disaster 20 men lost their lives.

A web of what the prosecution regards as evidence has been spun around the two brothers, one a national labor leader, and the other a worker in the ranks, and will be presented to the jury. Clarence S. Darrow and the other attorneys engaged in the defense of the McNamaras, however, are confident that they will be able to rend asunder the case of the prosecution, and that their clients will walk forth free men.

## Unions Parade for McNamaras.

Portland-A monster parade, em bracing the members of 49 labor organizations of this city, took place Sunday for the purpose of demonstrating that the sympathy of the laboring classes is with the McNamara brothers, who are to be tried in Los Angeles, October 10, charged with the dynamiting of the Times building.
