Young Wife Asks \$150,000.
Oregon City.—Cleta Pearl Alisky, wife of Charles W. Alisky, both of whom are suing for divorce, has filed suit for \$150,000 damages against her husband's parents, Charles A. Alisky and Mrs. Caroline Alisky. The plaintiff, who is a sister of Maybelle Gillman Corey, alleges that her husband's affections were alienated by his parents.

Fifth Annual Apple Fair at Albany.
Albany.—Active preparations are being made for the Fifth Annual Apple Fair, which will be held in this city November 8 to 10. The association is sending out printed premium lists to all the apple-growers of the Willamette Valley, accompanied by letters soliciting exhibits for the event.

Commission Plan Sought.
Astoria.—Petitions signed by 214 registered voters asking that the new charter providing for the establishment of a commission form of government be submitted to a vote of the people at a special election on Wednesday, December 15, were filed in the auditor's office.

SELL APPLES BY WIRE

Hood River Sells to Hamburg by Cable Communication.
Hood River.—Unprecedented in the history of the Hood River Apple Growers' Union was the sale of a number of carloads of extra fancy apples to buyers in Germany. The method previously used by European fruit men has been to secure the shipments on consignment. However, the recent sales were made by cable communications direct to Hamburg. The sales were made entirely on the reputation of the union pack.

The great bulk of the Hood River Valley product will be marketed this season west of the Rocky Mountains, because the large crop of local product in the East and Middle West prevents the union from securing satisfactory prices in the eastern markets. The seasons' crop will be very much shorter than the estimates made by the growers early in the season.

Experts View Site for Canal.
Oregon City.—Governor West, Secretary of State Olcott and State Treasurer Kay, who compose the state canal commission, and Major McIndoe inspected the locks and canal on the West Side and the proposed routes for the East Side canal and locks.

Forty Boosters to Attend.
Heppner.—Forty members of the local boosters' club of this city attended the Tri-County Development League convention held in Arlington on October 31 and November 1. The counties involved are Morrow, Gilliam and Sherman.

ELECTION MAY NOT BE VALID

State Institutions Not in City, Is Contention.
Salem.—To test the validity of a special city election held several months ago, defeat of which might result in the State Asylum for the Insane and the State Penitentiary being considered outside the city limits, Attorney W. P. Lord, Jr., has in the circuit court a case which involves the right of state employees to vote at certain elections and to determine whether the annexation of certain districts is legal.

Prior to the last census a special election was held for the purpose of taking the asylum and penitentiary and contiguous districts into the city in order to swell the sum total of the population by 3000 people. Attorney Lord sets up the contention that every voter in the district to be annexed who voted in favor of the annexation was a state employee working at the asylum.

Jury Acquits Robinson.
Prineville.—After standing for hours balanced between acquittal and a verdict of second-degree murder, the jury in the case of the State against Ernest Robinson, charged with the murder of Louis McAllister, acquitted the prisoner.

Street Is City Dance Floor.
Springfield.—A celebration was held in Springfield in honor of the completion of the paving on Main street. The celebration consisted of a masquerade dance on the new pavement.

Bay Ocean Port Is Voted.
Tillamook.—The special election for the purpose of submitting the question of creating a port at Bay Ocean was carried by a majority of 15 votes.

Amity citizens desire the installation of a city water system and the city council has the matter under advisement. Near there a large well has been struck, which recently underwent the test of furnishing 600 gallons an hour without any apparent decrease in the volume of water in the well. The discovery of this flow of water has roused the citizens to their opportunity to secure a fine water system at a nominal cost of running a pipe line to the town.

Governor West when called upon to appoint delegates to the American Society for Judicial Settlement of International Disputes, appointed C. E. S. Wood, W. S. U'Ren, H. J. Parkinson, W. T. Slater, Martin L. Pipes and Attorney-General A. M. Crawford. These are the attorneys appearing on the respective sides in the University of Oregon referendum cases.

Governor West has completed plans for shipping the 28 convicts who will be sent from the State Penitentiary for work on the Crater Lake road. Twenty-five of these will be pick-and-shovel workers, two will be cooks and one blacksmith. The governor says the gang will be kept there indefinitely and as fast as the terms of any of the men expire, others will be sent to take their places, that the gang may remain intact.
