

ITALIANS IN TRIPOLI ARE LOSING GROUND

Holy War is Successfully Proclaimed and Terrible Revenge by Turks Feared.

London.—Dispatches from Malta say that it is reported that the Turks and Arabs have attacked and re-entered Tripoli, inflicting tremendous loss upon the Italians, who for several days have been confined to the inner fortifications, weakened and disheartened by disease and the fearful stench arising from thousands of unburied corpses. A holy war has been successfully proclaimed. Bedouins from Egypt and Arabs from Soudan are joining the Tripolitans.

Delayed dispatches reporting Italian atrocities are coming from all points. English, French and German correspondents tell the same stories of Italian barbarism.

The Turks are on a better war footing than the outside world was permitted to know and have extended their lines in such a manner and have so disposed their forces of Arab cavalry and native infantrymen that the Italians are virtually prisoners as far as the land position is concerned in the city of Tripoli.

To add to the seriousness, cholera has broken out among the Italian troops and has already caused numerous fatalities. The exact extent of the scourge, however, is not known, as all information on this, as on all other subjects, is kept secret.

Turks Ask That America Step In.

Washington.—The so-called Italian barbarities in Tripoli have been brought officially to the attention of the American government in such form that some declaration of the position of the State Department in the matter is expected.

On an order cabled by his government, the Turkish ambassador appealed to the United States to exert its influence to put a stop to practices which were in plain violation of the code of warfare and The Hague agreement.

RODGERS REACHES OCEAN

Big Crowd Welcomes the Triumphant Aerial Navigator.

Pasadena.—In a flying machine that held together only through the good will of Providence, Calbraith P. Rodgers, the transcontinental aviator, glimpsed the Pacific Ocean Sunday as he soared over the gray top of Mount Wilson and settled down in Tournament Park, amidst a clamorous multitude, waiting to welcome him at what was virtually the finish of his flight from Sheepshead Bay, N. Y.

Rodgers' first words after he had been finally rescued from the clamorous crowd, were:

"Well, one thing is certain: you cannot do a transcontinental flight in 30 days."

Rodgers also declared that his own flight, begun September 17 and finished forty-nine days later, would not be duplicated for a year or more.

Philomath Banker Is Bound Over.

Corvallis, Ore.—The preliminary examination of James Evars, cashier of the First State Bank of Philomath, on the charge of receiving and accepting deposits after he had knowledge that the bank was insolvent, resulted in the defendant being bound over to the grand jury, which meets November 24. His bond was fixed at \$10,000.

WOMEN TO CONTEST

League Opposes Suffrage in State of California.

San Francisco.—The Woman's Initiative League, an organization working for the repeal of the equal suffrage amendment recently passed, and the restoration of the former electoral qualification of sex, has opened headquarters in San Francisco, where it will begin active work at once. From this city as a center the members will extend their work throughout the state.

The initiative league is to work out its plan with the aid of the recently granted power of initiative and referendum and will begin immediately to secure the signatures of voters necessary to have the question of restricted suffrage submitted to the state at the presidential election of November next.

GERMANS DISLIKE TREATY

Dissatisfaction as Result of Agreement May Result in Chancellor's Fall.

Berlin.—The downfall of Chancellor Von Bethmann-Hollweg and Foreign Minister Herr von Kiderlin-Waechter is predicted as a result of dissatisfaction in Germany over the Franco-German Moroccan agreement.

The agreement includes the recognition by Germany of a French protectorate over Morocco and the cession by France of 250,000 square kilometers of French territory in the Congo. Though this ceded territory is inhabited by 1,000,000 negroes and has a commerce valued at \$2,400,000 yearly, Germans charge that certain rights in Morocco which are surrendered through the agreement are worth more to the German nation.

Labor and Business in Clash.

Los Angeles.—The most bitter political struggle in the history of an American municipality is in full swing here. The contest is between Mayor George B. Alexander and the entire business forces of this city on the one hand and Job Harriman, a lawyer and candidate of the labor unions and the Socialists on the other.

Special Session Called by Johnson.

Sacramento, Cal.—Governor Johnson called a special session of the Legislature to begin December 10, after consulting with leading members of the Senate and Assembly. The work outlined is the enactment of legislation carrying into effect the new amendments to the constitution.

VERMILYA WOMAN'S CASE REMARKABLE

Chicago.—Mrs. Louise Vermilya, who was arrested on charges of having murdered Policeman Bissonette by poisoning him, made a daring attempt to commit suicide by taking a mineral poison.

"It is my belief that Bissonette was given arsenic day by day, even while I was treating him, and finally he was given enough to overcome all attempts by myself and consulting physicians to stimulate him and killed without our knowledge what the trouble was," was the statement issued by Dr. F. A. Van Arsdale, the physician who attended Mrs. Vermilya during her recent illness and who prescribed for the policeman before he died. For the first time it furnished a direct connection between the widow and the last of the nine deaths that have occurred beneath her roof in the past 13 years.

If everything which is declared to have taken place proves to be absolutely correct, then Mrs. Vermilya's case presents one of the most remarkable instances of criminology in the history of crime.
