C. C. H. S. DEFEATS BEND

Hard-Fought from Beginning to End.

GREAT GAME TO - MORROW

The Champions of Central Oregon Will Play The Dalles High School Team.

Bend 0; Crook County High School 21.

Bend and Prineville fought a stubbornly contested football game on the home grounds last Saturday afternoon. The game was by no means as one-sided as the score might indicate. The Bend team was materially strengthened by the addition of new men and all showed increased spirit and a better knowledge of the game. They were not able to gain consistently, yet they plowed through the C. C. H. S. line repeatedly for good gains.

Bend won the toss and elected to defend the west goal. On the kick-off Capt. Myers drove the ball to Bend's 10-yard line. It landed squarely in the arms of Vanderpool, but he was downed almost instantly. Bend tried our center and found it impregnable. The next play started around left end but was fumbled. Lawrence Lister recovered. C. C. H. S. ball on Bend's 20-yard line. C. Lowther circled Bend's left end for 5 yards. R. Lister repeated the performance on right end. Hal McCallister tore through center for five more. C. Lowther added three around left end. On the next play the ball was fumbled but rolled over the goal line where Myers fell on it. It should have been a touchdown but the point was yielded and the ball given to Bend on their 25-yard line. In the next three plays Bend lost about five yards. C. C. H. S. ball on Bend's 20-yard line. R. Lowther negotiated ten yards on quarter-back run. McCallister added five through center and a minute later added three more. On the next play he carried the ball over for the first touchdown, after just seven minutes of play. Myers missed goal. The rest of the quarter was played near the center of the field, neither team gaining any advantage. Score—Bend 0; C. C. H. S. 5.

The next quarter was slow, neither team being able to gain. At no time was either goal in danger. It was during this period that Myers got off his best punt of the year, advancing the oval full sixty yards into the enemy's territory. Score at end of half, Bend, 0; C. C. H. S., 5.

During the interval between halves Brewster infused a little more "ginger" into the warriors for the Blue and Gold. And the half started with a rush but the opposing team had doubtlessly been given a dose of the same medicine for their resistance was even more stubborn. C. C. H. S. lost on downs near the center of the field. At this point Kelley treated the side lines to a real electric shock by skirting our right end with perfect interference dashed away for what looked to be a sure touchdown. R. Lowther slipped through the interference and by a pretty tackle downed the man on our 20-yard line and saved the goal. It was Bend's only chance to score. On next two plays Bend failed to gain. The third play was a punt

News Snapshots Of the Week

President Taft had a busy week, watching the miners' congress in Pittsburgh and later going to New York and reviewing the entire Atlantic fleet of 102 vessels, which had assembled in the Hudson river under the command of Rear Admiral Osterhaus on board his flagship, the Connecticut. Yuan Shih Kai became premier of China and was given the power of naming the first constitutional cabinet. The emperor also gave up the life and death power over his subjects. Archbishops Farley and O'Connell and Mgr. Falconio were named by Pope Plus X. as American members of the college of cardinals. Joseph Pulitzer, owner of the New York World and St. Louis Post-Dispatch, died on board his yacht in the harbor of Charleston, S. C. Judge Buffington of the United States circuit court was named as one of the three justices before whom the steel trust will be tried.

which went for a touchback for C. C. H. S. Our boys then put the ball in play by scrimmage on the 25-yard line. Up to this time the forward passes had completely failed. But here R. Lister hurled the sphere through the air to C. Lowther who carried to a gain of 30 yards. Pete O'Neil skirted right end for 15 more and another forward pass—R. Lister to C. Lowther—advanced the ball 30 yards. Bend held on their 5-yard line. Wheelock tore through center for twenty yards. The third quarter ended with little advantage to either team. Score—Bend, 0; C. C. H. S., 5.

The fourth quarter was decidedly in favor of C. C. H. S. The play was varied and the attack was much fiercer. The plucky little team from Bend was bewildered by the new and peculiar formations and were swept off their feet by the whirlwind attack. Lowther started the period by tearing off ten yards around left end. McCallister performed a similar stunt at the opposite end. R. Lowther immediately added ten at left. C. Lowther negotiated 30 yards on a forward pass. He was downed on the 5-yard line. McCallister carried it over on the next play. Myers missed goal. Two more touchdowns were made this quarter, one of which Myers converted into a goal. The final score—Bend H. S., 0; C. C. H. S., 21.

Touchdowns—Rolland McCallister 2; Chas. Lowther, 1; Ermil Cantrill, 1. Goal from touchdown—Myers, 1; Time of quarters 15 minutes. Referee—Schee, Simpson College; Umpire, Bechtel, University of Iowa.

The line up—L. E., Chas. Lowther; L. T., Hoffman; L. G., Livingston; C., Claypool, Bixby; R. G., Brink, Charlton; R. T., L. Lister; R. E., F. McCallister, O'Neil; Q., R. Lowther; L. H., Myers; R. H., R. Lister; F. B., R. McCallister, Cantrill.

On Friday afternoon the strong team from The Dalles will line up on the High School grounds. This will be without doubt, the best game of the season. Turnout and help win.

An assortment of fancy pillows, dainty bags for all purposes, aprons of all kinds, etc., at the Bazaar, December 8. 11-16

Pure-bred White Wyandott cockerels for sale. RAY V. CONSTABLE, Adamson's Drugstore. 11-2-f

Rooms for Rent. Furnished rooms, single or in suite, for rent. Apply at the Clark Hair Dressing Parlors, one block west of Commercial Club Hall. 10-23

The Home Bakery Bread is now on sale at A. G. Ellefson's, both white and Graham, 10-26-f

Crook County Journal's New Piano on Exhibition

Interest is increasing right along in the CROOK COUNTY JOURNAL contest. An inspection of the piano on exhibition at Adamson's drug store fully satisfies one that it is all that is claimed for it—a first-class instrument. The guarantee of the Wiley B. Allen music house of Portland is behind it. Warren Glaze, a local musician, was asked to try it and he pronounced it to be one of the clearest toned pianos he ever used. Try it yourself at Adamson's. Somebody is going to get for a little rustling around among their friends. It was the intention of the JOURNAL to offer it as a Christmas gift but the piano did not get here in time. We promise to make a short campaign and the hotter it gets the shorter it will be. As we go to press Miss Maggie Glaze is in the lead, Mrs. Cyrus stands second and Mrs. Ledford third. The figures are:

- Miss Maggie Glaze.....2000
- Mrs. Vira Cyrus.....1500
- Mrs. Wm. Ledford.....1000
- Miss Myrtle Joslin of Haystack.....500
- Paulina Public School.....500
- Baptist Church, Prineville.....500
- Miss Emerlen Young.....500

Commercial Club Sends Exhibits

Oregon is going to give more attention to land shows and exhibits of products in the East than heretofore. The truth has just been borne in upon industrial promoters that the best way to interest people in this country is to show them what it will grow. The Portland Commercial Club has taken up the plan with great enthusiasm and raised \$1650 in a short time. The first work to be done along this line will be in connection with the Governor's special exhibit train that will leave St. Paul the last of this month. Oregon exhibits will fill part of one car. Crook county products will be in evidence among these exhibits. Yesterday Jack Summers was getting ready part of the Prineville Commercial Club's exhibit to be shipped to Portland for Governor's special. The balance of the Com-

mercial Club's exhibit will be placed on the O-W. R. & N. exhibit train. In speaking to an Oregonian reporter of the publicity to be gained by these methods, Reilly Atkinson, manager of the Western Governors' special, who was in Portland making arrangements to fill the Oregon car, said: "We expect with this train to attract to the West for a period of at least three weeks the attention of the entire United States and a part of Europe." "We have already had in Eastern newspapers over 2000 columns of free matter, and many of the papers have treated the subject editorially. We expect to show our exhibits to thousands. The cities we pass through have a combined population of over 12,500,000.

"We are purposely avoiding all the big land shows for the sake of attracting more attention to our own exhibits. What we are after is publicity for the Northwest and we expect this trip to attract a vast amount of attention to our own

section of the country." Portland's share of the \$10,000 fund to be raised by the Northwestern States for the Governors' special will be \$2500, of which \$1650 was raised in a canvass among the business houses of the city.

Electric Road Men in Prineville

S. B. Taylor and Lewis Girlinger Jr., of Portland, arrived in Prineville Tuesday to look into the proposition of building an electric road from Prineville to connect with one or both of the steam roads. Neither Mr. Taylor nor Girlinger Jr., will talk for publication. They came here to take a look at the country first hand, to see what it would grow and to know definitely whether or not the people wanted a road. The matter of population, tonnage, etc., was furnished them and they were shown up the Ochoco and other tributary valleys to Prineville.

Crook County's Scalp Bounty

Crook county has paid out \$8443.50 as scalp bounty on predatory animals in two years. The law went into effect July 1, 1909, and on July 1, 1911, the amount paid out footed up the amount given above. The state must reimburse the county for one-half of this sum.

County Clerk Brown has given us the following figures:

4415 coyotes at \$1.50.....	\$6622 50
853 bobcats @ \$2 00.....	1706 00
11 cougars @ \$10.....	110 00
1 timber wolf @ \$2 50.....	2 50
1 gray wolf @ \$2 50.....	2 50
	\$8443 50

As the Oregon Game and Fish Commission has announced its intention of asking the legislature to increase the bounty on cougars, lynxes, wolves and other predatory animals it behooves the taxpayers of the county to get together and give expression to their opinion regarding the matter. County Clerk Brown says that there was no grumbling about the price paid on the part of those claiming the scalp bounty.

Notice to the Public. I am handling express for the railroad for three different stage lines and while their rates are not the same I will be obliged to hold any and all expressage until it is paid for even if it didn't come by the stage line as directed. Yours truly, ALBERT NOBLE. 11-16-f

DEMONSTRATION TRAIN GOOD THING

Knowledge Brought to the Farmers.

CULVER ATTRACTS ATTENTION

Red Rock School District Turns Out in Force to Meet Train.

Every O. W. R. & N. official, every agricultural college lecturer and every other individual who accompanied the demonstration train that returned from a tour of central Oregon last Sunday is confident that the trip will be fruitful of results.

The tour was a practical and effective attempt to preach soil conservation, crop rotations, intensive farming and livestock raising to those portions of the state that are either undeveloped or that have not progressed as rapidly as other sections with equal opportunities. Thousands of farmers heard the advice either from the mouths of the experts of the agricultural college or had it impressed upon them by viewing the exhibits on the train.

The arrangements were about as near perfect as one could wish for. There were no hitches or jars or accidents of any kind. The train was usually on time, the meals were good, especially those served on the car. As to the others it may not seem proper to single out any individual case, but the dinner given by the Commercial Club at Culver on a notice of only a little more than two hours, was a marvel for variety and toothsome, reflecting great credit on Mrs. W. P. Myers, of the Culver House, where it was served.

But these things are but the settings, the incidentals. The train was sent out by the O. W. R. & N. Co. to do missionary work. The expense to the company was very great, for they did nothing half way. The seeds they gave away cost money, but that was only a small item compared to the other costs. And the whole question now is, was the trip one that will cause enough people to adopt better methods of farming to eventually repay the company for the outlay?

There is no way to get at the answer save by the interest which was displayed by the people of the various sections visited; but, taking this as a criterion, and comparing it with the interest of the six former similar trains sent out by the same company, it is certain that something has occurred to arouse the people who came out to meet the train, for never at a religious revival even was there a greater desire for more knowledge evidenced by the converts than that shown by the farmers who listened to the lectures on this trip.

It is a matter of general knowledge that the settlers and land owners of the four counties visited have traveled a rather rocky road for the last three years. That is no secret, and had not ought to be. And no one knows better than these men who have suffered by short crops that something must be done to
