

LOCAL MENTION

Walter O'Neil is up from Madras.

Rev Lininger and family left Tuesday for California.

A marriage license was issued January 29 to Chas. T. Miller and Vera Smith. Both of Metolius.

Rollin O. Hoover of Oakland, came today from California. He bought property in the Roberts section of the county.

A baptis'm followed the services in the evening Sunday at the Baptist church. A large congregation witnessed the ordinance.

Saturday at 7:30 p. m., at the Old Fellows hall, the E. F. U. W. class will give a conundrum social. Come and enjoy yourself and the social.

B. F. Webber was brought back from Eugene by Sheriff Balfour Tuesday. It is pretty hard to make out just what he is charged with. Presumably non-support. His wife and family are here. His case will heard by Judge Kennedy this afternoon.

S. S. Stearns has sold his cattle to Dixon & Hunt for a good price. The best that has been paid here this winter. The same buyers not long ago offered a Crook county grower \$65 for his stuff but the offer was refused. It was shipped to Portland and the cattle brought \$59.

Baptist church services—10 a. m., Bible school; 11 a. m., preaching, topic: "How to Win a Crown;" 2 p. m., Junior meeting; 4:30 p. m., B. Y. P. U., leader, Ray Hill; 7:30, preaching, evangelistic. Come with us and enjoy the services. C. P. Bailey, pastor.

The work of demolishing the old Miller building, the property of G. M. Cornett until he sold it to C. W. Spring after the fire, is proceeding expeditiously, and it is expected that Saturday will see the last of the building, which has stood a long time on the corner.

The Ochoconians won the Crook County High School debate last evening at the Presbyterian church by a four to one decision. The winning team was composed of Van D. Brink, Roy Lowther and Lawrence Lister. The winners will debate with Fossil on the parcel post question later on this spring.

John Muir, who brakes horses for George Russell, was thrown from a horse Sunday afternoon and had a couple of ribs stove in. He was trying to show his friends that he could pick up a hat from the ground with the horse going full tilt. The horse got tired of the sport and dumped the rider.

Ed McCaffery, who was kicked in the face by a horse at the Hamilton stables last week, was taken to The Dalles Saturday to be placed in the hospital there. His jaw was getting along all right but McCaffery got tired of the bandages and removed them without the advice of his physician. This gave him a setback. A second operation may be necessary.

The result of the school examinations in Crook county recently was not up to the average for this county. Many pupils fell down in arithmetic and spelling. While the arithmetic was a fair test for eighth grade scholars the spelling was hard. A good many of those who failed will be entitled to take the examinations in May. In Lane county out of 232 who took the examinations but 53 passed. Crook can beat that but still the result is not very creditable.

Handy Book of Election Information

A memorandum of the Election Laws of Oregon relating to filing of candidates' petitions, initiative petitions, expense statements, etc., primary and general elections has been prepared by Secretary of State Olcott for free distribution to applicants.

It is an exhaustive compendium of election information. In it can be found information useful to a candidate for either a state, district or county office, in the preparation and filing of his nominating petition, as well as any subsequent statements covering expenditures incurred during his candidacy. The offices to be filled at the ensuing election are noted, as are the political subdivisions of the state and the law relating to the preparation and filing of initiative petitions.

There are no less than 93 separate dates during the year that have to be noted by candidates, electors and public officials who would be informed at all times of the various phases of the election laws.

The first date mentioned is January 2. This is the date on which county clerks of the various counties open registers for the purpose of registering the electors residing within their counties.

Next is March 9, the latest date on which candidates for nomination by a political party may file petitions for nomination with the secretary of state, provided the candidate or their friends desire to file with the secretary portrait cuts or typewritten statements for publication in the voters' party pamphlet.

Died.

Mrs. French, wife of Eban French, pharmacist at Templeton's drug store, died Tuesday morning of Bright's disease. She was 19 years of age. See leaves a husband, sister and father to mourn her early demise.

Mr. and Mrs. French were married a year ago at Grass Valley, and from Grass Valley moved to Prineville about three months ago. If the father reaches Prineville tonight the remains of the young woman will be buried tomorrow.

Terrebonne Oregonian.

What old timers tell us is the heaviest snow this section of the valley has experienced since the winter of 1886 began falling the first of the week and blanketed mother earth to a depth of twenty inches, laying on the ground for a week and making a dry land farmer among the happiest of mortals, as it assures him a good grain crop.

L. A. Hunt, who has 200 acres land under the Squaw Creek adjudication, where he has a crew of men at work clearing the land for a crop this year, was a business visitor in our growing village the first of the week. He informs us that there are about 24,000 acres of good land in the Squaw Creek valley soon to be placed under irrigation. This land is located west of the Deschutes river and is one of the irrigated districts directly tributary to Terrebonne.

Stage Repartee.

Paris actors are very fond of saying things to one another on the stage which will confuse them and make an answer very awkward. A few days ago, during the progress of a costume play, one of the actors who was wearing a sword knocked the thunder plates down in the wings.

Thunder plates are sheets of tin which are shaken to produce thunder, and the noise of the fall of a couple of them can be imagined. The king, who was upon the stage, turned to one of the pages and haughtily asked, "What ever is that?"

To his surprise the page, who, as stage pages often are, was a charming young lady in real life, answered, "Thirty deaf mutes are down below, sire, asking for conversation with your majesty."

The king, without moving a muscle, although the audience laughed, replied, "Are you quite certain they are dumb?"

"They say so, sire," replied the page with great solemnity. "Well," said the king, "they make an awful noise about it."

Not Selling Options.

The Desert Land Board has received a statement from J. E. Morson, of the Deschutes Land Company, that that company has discontinued the sale of options and had sold none since the verbal communication to that effect of last June. The statement further said that the option blanks have been destroyed and that no further options would be sold in the future.

The result of this means that the prospective suit to be started by the Board will be unnecessary as it was the plan of the resolution as instituted by the Governor to compel, if possible, the company to stop selling options.

When members of the Board were at Lapine, Morson told them at the time that the sale of options had been stopped. The Governor took the attitude, however that no official statement had been received from Morson to this effect, and consequently favored the resolution instructing the Attorney-General to take proper steps towards stopping the option sales.

Gold Strike a Fizzle.

M. A. Robinson returned from Portland Sunday and gave out the information that the samples of black sand taken to Portland to be assayed proved of too low grade to be worked by any known process. While there is gold in the sand, it only assays from \$1.40 to \$1.80 per ton, and in order to get this value it must be treated by electricity, and while there is plenty of water power in the Deschutes river adjoining the body of sand that could be harnessed for the generating of electricity, the values in the sand do not run high enough to warrant the expenditure. The Minnesota capitalists returned to their homes greatly disappointed. —Terrebonne Oregonian.

Call for County Warrants.

Scalp bounty warrants up to and including No. 613 are called for payment. Interest stops on this date. B. L. JORDAN, County treasurer. Dated this 1st day of February, 1912.
