

MEXICO TO RETURN TO DIAZ' METHODS

Official Policy is Decided on, and Agitators Will be Punished Swiftly.

Mexico City.—Without mere of trumpets and without official proclamation the federal government proposes to employ the drastic methods of Diaz in restoring peace. Immediate application of the new policy will be the nation's only appraisal of it.

This is the substance of a statement by a cabinet minister. Swift punishment is to be the portion of all agitators who can be reached, whether of gun or pencil. A few newspaper writers will be deported, it is said, under that provision of the constitution which provides for the expulsion of undesirable. Public parades and street orations are to be prohibited in cases where the purpose is in any manner connected with the political affairs.

El Paso, Tex.—Juarez is again under control of the Madero government and thearrison that mutilated has been sent to Chihuahua. The tangled affairs of the Mexican city were straightened out by General Pascual Orozco after a half day's negotiations.

Washington.—To meet any emergency that may arise in connection with the unsettled conditions in northern Mexico, General Leonard A. Wood, chief of staff of the United States army, has issued orders to commanders of several army posts in various parts of the country to hold their troops in readiness for duty along the border.

Three Die When Ice Bridge Breaks.

Niagara Falls.—The great ice bridge that has choked the river channel between the cataract and the upper steel arch bridge below the falls for the past three weeks, broke from its shoring and went toward the river, taking with it to their death a man and woman, said to be Mr. and Mrs. Eldridge Stanton, of Toronto, Canada, and Burrell Heacock, 17 years old, of Cleveland, O.

TO ESTABLISH REPUBLIC

Chinese Premier is Ordered to Cooperate With South.

Peking.—The emperor dowager has issued an edict instructing Premier Yuan Shi Kai to establish a republic in co-operation with the southern republicans. The edict has not yet been published and it is expected that it will be kept more or less secret as far as the public is concerned until arrangements in the south have been completed.

Yuan is now endeavoring to persuade the Nanking government to hand over the control of affairs to enable him to carry on the administration of the whole empire until the national convention appoints a permanent government and adopts a constitution.

La Follette Suffers Breakdown.

Washington.—Suffering from a serious nervous breakdown resulting from overwork and the incidental worry to the illness of his 12-year-old daughter, Mary, Senator Robert M. La Follette has cancelled all his immediate engagements. By orders of his doctor he will take a complete rest for the next three weeks at least.

FILMS STIR MORMONS

Governor Rejects Proposal to Buy Copyrights.

Salt Lake City.—Moving picture films illustrating stories in which the Mormons are presented in an objectionable way have aroused the ire of Governor Spry and he has begun a crusade against their exhibition. Proposals have been made to him, the governor declares, that the state of Utah procure the suppression of certain films by the purchase of the films and copyrights. In a telegraphic reply to one of these proposals the governor said:

"I will never consent to Utah or any institution or person paying money to suppress these slanderous films. Once the state began buying these objectionable pictures there would be no end to the calls for money to suppress them."

NEWS FROM OUR NATIONAL CAPITAL

Iron and Steel Tariff Goes to Senate Committee on Finance.

Washington, D. C.—The senate committee on finance began hearings Tuesday on the house bill revising the iron and steel tariff. Members of the committee generally express the belief that the hearings would be completed within two or three weeks.

The committee now consists of eight regular Republicans, six Democrats and Senator La Follette, "progressive" Republican, making 15 members. Even if La Follette should unite with the Democratic members in support of the bill, the regular Republicans on the committee would outvote the combination unless the senate should adopt the Newlands resolution providing for the addition of one Democrat and one "progressive" Republican to this committee. Some of the regular Republicans express apprehension that this course might be pursued.

House Fights Over Rules.

A lively fight over the rules took place in the house and resulted in the adoption of an amendment offered by vote of 150 to 100, after heated comparisons of "Underwoodism" with Representative Henry, of Texas, by a "Cannonism" and "Reedism" had been passed between leaders on both sides.

The success of Republican Leader Mann in tying up the Democratic house through the manipulation of the new "discharge calendar," which was part of the reform programme adopted in the last congress, resulted in the presentation of the amendment by Chairman Henry, of the rules committee.

It is proposed to change the rule adopted last year. The present operation of the rule to discharge committees, instead of operating to prevent the "killing" of bills in committee, has resulted in a congestion of business on the so-called "discharge days."

Investigate High Cost of Living.

In a brief message, President Taft urged an international conference to discuss the high cost of living and obtain information on how it may be reduced. The president deems the high and speedily increasing cost of living "worthy of an international conference," and adds:

"There is no doubt that a commission could be appointed of such unprejudiced and impartial persons, experts in investigation of economic facts, that a great deal of very valuable light could be shed upon the reason for the high prices that have so distressed the people of the world."

"Those who have conducted investigations have found that the phenomenon of rising prices is almost, if not quite, general throughout the world; but they are baffled in the attempt to trace the causes."

Militia is Criticized.

Serious concern in the war department over the scarcity of cavalry and field artillery organizations in the National Guard has led to a formal announcement that it is the policy of the department to encourage these branches, and that unallotted funds from federal militia maintenance appropriations will be used for that purpose. The state soldiery is top-heavy with infantry.

The attention of the department has been directed also to the fact that many state infantry regiments are not fully recruited. Consequently the militia division has issued a circular bulletin warning state authorities against authorizing any additional infantry regiments until those already in existence are complete as to organization, arms and equipment.

National Capital Brevities.

The pension bill, carrying \$12,759,000 and providing pensions for more than 800,000 veterans of the Mexican and Civil wars, passed the house. The vote was 245 to 23.

Official indorsement to the nations of the world of the San Francisco Panama-Pacific exposition was given by President Taft, who signed a proclamation inviting exhibits from all the world for the big 1915 fair.

At a meeting of the house public lands committee Secretary Fisher expressed disapproval of the Borah-Jones bill, providing for a three-year homestead period and granting six months' leave of absence in each year of that period to entrymen desiring it.

The senate passed the Borah bill authorizing the creation of a bureau in the department of commerce and labor for the collection of information pertaining to the welfare of children and child life. The bill prohibits the invasion of private residences in quest of information.

A bill introduced by Representative Norris of Nebraska proposes a 10 year term for the postmaster general, the abolition of the entire post-office department from politics, and the appointment of all postmasters by the head of the department instead of by the president.

NAME WOMEN ASSESSORS

Spokane Official Aims to Get Levy on Feminine Adornments.

Spokane, Wash.—Seven women will be appointed deputies by Glenn R. Creighton, assessor of Spokane county, and he expects these assistants to make a cleanup of property hitherto unrevealed. He sees no reason why, when there are women jurors, bailiffs, policemen and clerks, there should not be women assessors and will assign them to the sections where the more wealthy live, so they can get on the taxrolls at proper valuation the diamonds and other jewelry, furs, rugs and expensive frippery of their sisters.

Citizens Ticket Proposed in Milwaukee

Milwaukee, Wis.—Plans have been completed for the first citizens' ticket in the history of Milwaukee politics, the occasion being the decision of Democrats and Republicans to combine in an effort in what they believe is for the public good, to place in the field a non-partisan ticket that will rid the city of the present Socialist administration.

New York.—Mrs. Howard Walker, wife of a traveling salesman, living at 103 West Seventy-seventh street, under her stage name of Grace Taylor, was killed in her apartment by an infernal machine handed to her at the door but a moment before by a uniformed messenger or delivery boy.

Olympia, Wash.—The judgment of the Pierce county superior court awarding Thomas A. Lynch, of Tacoma, \$14,000 for injuries sustained in a collision on the Northern Pacific road, was sustained by the supreme court.

DR. HAZZARD GUILTY OF MANSLAUGHTER

Seattle.—Mrs. Linda Burfield Hazzard, the Seattle "starvation doctor," was found guilty of manslaughter by a jury in the Kitsap county court at Port Orchard for having caused the death by starvation of Miss Claire Williamson, an English waitress who underwent Mrs. Hazzard's fasting treatment.

Mrs. Linda Burfield Hazzard was arrested August 5, 1911, on a charge of murder in the first degree, on an information filed in Kitsap county, the complaining witness being Miss Dorothea Williamson.

The Williamsons were English women of means who were on a tour around the world and who consulted Mrs. Hazzard concerning their health. Mrs. Hazzard soon had both the women in her starvation manitarium at Olalla, where, on a diet of orange juice and asparagus broth, Claire died May 5, 1911, and Dorothea was wasted to a skeleton.
