## Democratic Free Sugar Bill Passes House by Vote of 198 to 103.

Washington.—The Democratic free sugar bill passed the house 198 to 103. Its passage was helped by 25 Republican votes, although this was offset by the defection of seven Democratic votes against the bill by members from Louisiana and Colorado. Lafferty of Oregon and Warburton and La Follette of Wisconsin were among the Republicans voting for the bill. Representative French, insurgent, of Idaho, voted against the free sugar bill.

Representative Mondell, of Wyoming, republican, sought to amend the bill by making it become effective only after receipt of a report on the sugar industry by the tariff board. Representative Broussard of Louisiana, submitted an amendment, leaving the duty as at present, but abrogating the Cuban preferential. Representatives Good and Prouty, of Iowa; Lenroot, of Wisconsin, and Norris, of Nebraska, strove to have incorporated a clause providing for a bounty on sugar, especially that produced from beets. All amendments were voted down.

### Bill To Abolish Taft Commerce Court.

By a vote of 11 to 8, the house interstates and foreign commerce committee decided to report favorably on the bill abolishing the United States commerce court.

The action was taken despite the stand of United States Attorney General Wickersham, who pleaded for a "fair trial" for the court. The committee was impressed by the statement of Representative Sims that the commerce court had in the last year nullified 20 of the 27 decisions of the interstate commerce commission.

### Army Reform May Be Beaten.

There is great danger that the proposition to remodel the army and reduce the number of cavalry regiments by one third will fail.

The possible demand for troops in Mexico, in China and perhaps in Cuba makes it important that an arm of the service be employed which can move quickly and take long journeys and be in fighting trim when it meets an enemy. Already notice has been served that the cavalry regiments can not be spared.

### Dr. Wiley Resigns.

Dr. Harvey W. Wiley, chief of the bureau of chemistry for nearly 29 years, has resigned. Differences of opinion with his superiors as to the enforcement of the pure food and drugs act were the reasons given by Dr. Wiley for handing his resignation to Secretary Wilson, of the department of agriculture.

Dr. Wiley will devote the rest of his life, according to a statement issued by him to the "promotion of the principles of civic righteousness and industrial integrity which underlie the food and drugs act." President Taft expressed regret at the resignation.

### National Capital Brevities.

A total of six battleships are now on the building list of the government. The Borah-Jones three-year home-steam bill is likely to pass the house.

The finance committee of the senate, by a vote of 8 to 6, has ordered an adverse report on the house steel tariff revision bill. Democrats on the committee will present a minority report.

Chambers of commerce throughout the country have informed Secretary Nagel that they would accept President Taft's invitation for a conference of commercial bodies here April 15 to form a National Board of Trade.

An amendment to the Panama Canal government bill which would bar from the canal all railroad-owned ships engaged in coastwise trade was agreed upon by the house committee on interstate and foreign commerce.

Senator Jones of Washington has introduced a bill to amend the law for the protection and regulation of the fisheries of Alaska and the Pacific coast. The bill would increase the taxes on the salmon output and also provides a tax of \$100 per trap.

Western grain shippers have joined New York commission merchants in urging the senate interstate commerce committee to recommend legislation to make railroads liable for bills of lading whether agents who issue the bills receive the goods or not.

With Democrats defending the constitutionality of the measure and Republicans asserting that it is unconstitutional the house began debate on the excise bill, devised by the Democrats to offset the loss in revenue of \$53,000,000 which will accrue if sugar goes on the free list.

A concurrent resolution has passed both houses authorizing the president to prohibit the exportation of war supplies to any American country where domestic violence exists. In signing the resolution President Taft will issue a proclamation specifically forbidding the shipment of arms to Mexican revolutionists.

## JUDGE GETS BOMB

Machine Received by Mail—Slight Defect Prevents Serious Result.

New York.—An attempt to kill Judge Otto A. Rosalsky of the court of general sessions with a bomb proved unsuccessful. It was only a defect—said to be a small accumulation of dirt—in the mechanism of the infernal machine, which the justice unsuspectingly had opened, that saved him from probable death and certain injury. The bomb later exploded while being examined by Inspector Egan, of the bureau of combustibles, seriously wounding him about the face and hands.

The intended victim of the explosion has received a great deal of publicity lately in connection with the Folke E. Brandt case. It was Justice Rosalsky who sentenced Brandt to a 30-year term for the burglary of Mortimer L. Schiff's home in 1907, and who recently reversed his decision.

### Mrs. Tingley Loses Will Case.

San Diego.—By a verdict of 10 to 2 the jury in the contest brought by George L. Patterson, a banker of Newcastle, Pa., to have set aside the will in which his mother, Mrs. Harriet P. Thurston, bequeathed to Mrs. Katherine Tingley, head of the Universal Brotherhood and Theosophical society an estate valued at \$247,000, found for the contestant.

## ANTHRACITE STRIKE BELIEVED CERTAINTY

New York.—Practical certainty of a strike in the anthracite coal district came when negotiations looking to a settlement of wage differences were abruptly ended. Both the operators and the committee representing the miners announced their determination to make no further concessions. This means that the strike will begin at midnight March 31, unless one of the factions weakens. That there will be a country wide strike of coal miners March 31, is the belief of the men.

### Maine will Revise Election Laws.

Portland, Me.—A special session of the Maine legislature convened Wednesday to revise the election laws, redistrict the state for the purpose of electing representatives to congress, and to prepare something in the way of liquor legislation.

### Dynamite Plot Seen.

San Diego, Cal.—Accused of having conspired to terrorize the city by wholesale dynamiting, six men, asserted by the police to be leaders of the street speaking agitators who have been making a campaign here for a number of weeks, were arrested.

## DEATH ROLL GROWS IN VIRGINIA COURT

With Death of Juror Number of Victims of Allen Gang Reaches Five.

Hillsville, Va.—One more death, that of Juror Augustus Fowler, has been added to the list of fatalities of the Allen raid on the Carroll county courthouse, making a revised total of five.

Floyd Allen, a notorious character, just after being sentenced to three years in prison, whipped out a revolver and shot the presiding judge, who fell to the floor mortally wounded. This started a shooting spree by Allen's friends which resulted in the death of Sheriff Blankenship, District Attorney Foster and Juror L. P. Douglas, and the serious wounding of Court Clerk Dexter. Several jurymen and onlookers were slightly wounded in the fusillade.

There seems to be no immediate prospect of capturing the Allens and their clanmen, who escaped to the mountains after their sanguinary visit to aid their brother.

The reports which came from the mountains that Sidna Allen had been captured and that his wife had been killed proved erroneous. Detectives who went to the Allen home found it deserted.

Floyd Allen, left wounded after the courtroom fight, Victor Allen and Byrd Marlan, charged with murder in the first degree, were spirited out of town.

The Allens are not ordinary desperadoes. They have not murdered for loot. Farmers, most of them, they are among the wealthiest men of the region. They own hundreds of acres of land. They have sent their children to college.

### Minnesota University Bars Politics.

Minneapolis.—Political speeches and speakers are barred from the campus of the University of Minnesota. This edict has been issued to all undergraduate political clubs by Dean John F. Downey, of the Academic College, who declares that advocacy of any particular candidate by outside speakers will not be permitted on the campus. University political clubs and literary society heads declare they will appeal the case to the faculty counsel.

### Suffrage Will Be Fought by League.

New York.—Prominent men and women have enlisted in a new organization called the League for Social Order, to combat woman's suffrage, socialism, the divorce evil and such movements and propaganda as impress the members as dangerous to the commonwealth. It is said that persons of wealth are interested in the organization and are backing it with large capital.

## ILL-FATED MAINE SINKS INTO OCEAN

Havana.—Accompanied by American warships and the entire Cuban navy the hulk of the famous battleship Maine was towed out into Florida straits, 9 miles from Havana and her flag floating bravely from the masthead, was sunk to the bottom of the sea amid a thunder of guns from her convoy. One last cheer rang out from the whole fleet as the mass of twisted metal, its decks covered with roses, went down and the last cannon boomed farewell as the flag sank beneath the waves.

In honor of the dead who perished when the explosion which wrecked the Maine sounded the first call to Cuban liberty, all business was suspended. The government buildings were closed and from every flagstaff in the business section of the city, entwined American and Cuban flags, crepe bound, spread to the breeze. Every Cuban soldier and thousands of citizens wore bands of crepe.

### Rail Deal Is Confirmed.

Seattle.—G. C. Hyatt, general manager of the Bellingham Bay & British Columbia railway company, has telegraphed from San Francisco that the company has been purchased from the Mills & Cornwall estates by a syndicate of Bellingham, Seattle and Tacoma men and that a joint traffic arrangement is about to be concluded with the Chicago, Milwaukee & Puget Sound railway company, whereby, under a joint traffic arrangement, Milwaukee cars will be handled upon the lines of the Bellingham Bay & British Columbia railway by car ferry from Seattle.
