

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Marked Salmon Found. Astoria.—State Fish Warden Clanton and Deputy Gor made a trip about the lower harbor and seized on the Vandusen sands, in Youngs Bay, opposite Flavel and Port Stevens, on Deadmona Sands and near Alderbrook, in search of the young salmon fry that were released from the Bonneville hatchery last August and September. They were successful in finding some of the fish at each of the places named.

Springfield May Lose Saloons. Eugene.—Forty citizens of Eugene and Springfield met in this city to organize to secure a reversal of the supreme court decision in the Springfield liquor case and a permanent committee of 11 was appointed to take charge of the work. Springfield held an election under the Home Rule law last fall and voted to reestablish the saloons. The case was taken to the supreme court and the election held valid.

MUST OBSERVE LAWS

Forestry Board Will Demand Rigid Enforcement to Prevent Fires. Salem.—Rigid observance of provisions of the state forestry laws will be demanded this year, according to a conclusion reached by the state board of forestry in session here. While the whole detailed plan will not be completed by the forester for several days, enough was discussed in a general way to show that the board intends to clamp down tight a policy of fire prevention which will be founded on a rigid prosecution of all offenders.

Last year there were but 58 wardens in the field. This year there will be 100 or more. This increase will be largely aided by the federal appropriation act. Burning of slashings without permit and other infringements of the Oregon law will meet with prompt prosecution and actual demonstration on the part of the forester and the board that no half-way measures will be tolerated.

Apple Blossoms Late. Hood River.—Because of the continued low temperature of the nights, the blossoming period of the Hood River apple orchards will probably be delayed a week. It is thought that the Carnival of Blossoms, as planned by the citizens and commercial club, will be held during the first and second weeks in May.

CHERRY OUTLOOK BRIGHT

Dallas Growers Plan to Market Immense Crop This Season. The Dallas.—The raising of cherries, apricots and peaches has been greatly stimulated by the announcement that the California Fruit Canniers' Association has contracted for the entire crop of Royal Ann cherries grown within a radius of six miles of this city during the next four seasons and fruit-growers have been acquiring new territory and planting thousands of trees. The association will soon begin the erection of a large cannery here to employ between 200 and 300 people and is making arrangements with growers for having 30,000 apricot, 50,000 cling peach and 25,000 Bartlett pear trees planted. It is estimated that 850 tons of Royal Ann cherries will be marketed through the California concern this season. Nearly 100,000 Royal Ann trees have been planted within the six-mile radius of The Dallas.

Search for Child Ends. Klamath Falls.—After a chase covering a period of 10 months, during which he trailed his quarry through Marysville and other California cities, Terence McGovern found here Mrs. Mary Sanders, and his child, which the Sanders woman had kidnaped from the McGovern home in Alberta, Canada.

Cooks and Curry Want Own Fair. Marshfield.—The organization of the Cooks and Curry County Fair Association is being perfected by the sale of stock. The association will be incorporated for \$10,000. The purpose is to establish permanent fair grounds and a race-track at Myrtle Point and hold a fair and stock show every year.

Eugene Defeats Bonds. Eugene.—School district No. 4 (Eugene) defeated a proposal to issue not to exceed \$200,000 in bonds for the purchase of a site and erection of a new high school building. Lack of a definite plan on the part of the school board was largely responsible for the defeat.

BRIEF NEWS OF OREGON

The Dallas commercial club celebrated the end of its first year of existence by a banquet. Practically all of the logging camps in the Columbia river district are now operating, giving employment to hundreds of men. Figures as to life insurance in Oregon as prepared by State Insurance Commissioner Ferguson indicate great gains in Oregon business. Governor West sent a crew of convicts to Clatsop county Monday to work under the direction of the county officials at Tongue Point quarry. Early this week Fuller & Co., subcontractors under Twoby Bros, began grading within the limits of Eugene on the Southern Pacific's line to Coos Bay.

For the first time the new poultry yards at the state insane asylum are shown to have furnished a profit. For February and March the yards showed a profit of \$3.97. The West Stayton commercial club has just issued 10,000 copies of its new magazine entitled "Oregon Opinions," and is mailing over 3000 of them to eastern inquirers. Governor West has sent a communication to Governor Johnson of California, inviting him to send California's naval militia and training ship to Portland during the Elks' reunion. With the city's finances tied up and the city consequently unable to pay its debts because there are two claimants to the city treasuryship, the town of Gladstone is in a peculiar predicament.

With a view of ending the factional fight relative to the Port of Coos Bay, Governor West instead of appointing a new board of commissioners, has arranged for an election, and will base his appointments on its results. Arrangements have been completed by the authorities of Oregon Agricultural College for the establishment of two demonstration farms in Central Oregon—a 40 acre farm near Redmond and another of 100 acres at Metolus.

With \$1,106,677.33 on hand as shown by the statement made by State Treasurer Kay for the quarter ending March 30, Oregon is able to take up every dollar of the \$600,000 in outstanding warrants which have been drawing 6 per cent interest. C. E. Spence, master of the state grange and the executive and legislative committee have issued an appeal to the farmers of the state to vote for men for congress and the United States senate who they know will work for a parcels post law.

The Crown-Columbia Paper & Paper company at Oregon City has ordered machinery for the largest paper mill of its kind in the world. When newly equipped the mill will manufacture paper 186 inches wide, nearly 20 inches wider than can now be produced. Showing a balance of \$234,442 left in the maintenance fund of the state insane asylum out of the \$370,000 appropriation, the monthly report of Superintendent Steiner, as submitted to the state board, shows that the maintenance is \$18,692 ahead of the appropriation.

George and Charles Humphrys, accused of many murders and now awaiting trial in the Benton county jail under an indictment charging them with the murder of Elizabeth Griffith, will be tried together instead of separately as was at first decided. The joint trial will begin April 23. Low water in the boiler was the cause of a fatal locomotive explosion on the Southern Pacific, near Yoncalla, in which William Bartlett, engineer, and A. S. Aderton, fireman, lost their lives, according to the findings of the board of inquiry summoned at the scene of the wreck.

The pupils of the Washington High School in Portland can legally dance in the gymnasium of that school, according to an opinion by Assistant Attorney-General Crawford. Principal Herdman asked if section 4053 of Lord's Oregon Laws was sufficient to preclude students dancing in the gymnasium of that school. Ministers of Salem have passed resolutions declaring their opposition to the marriage of any divorced person within the lifetime of the other party. In addition the resolutions call upon the next legislature to pass a law requiring physical examination of candidates for matrimony, and denying a license to all who are found unfit.

That Robert G. Smith, Mayor of Grants Pass, probably will be called upon to face the charges in prospective disbarment proceedings brought by a firm of Seattle attorneys is indicated in letters received by J. C. Moreland, Clerk of the Supreme Court, from Judge Pipes, of Portland, and other members of the bar association.

At a "rush order" meeting of the parole board at Salem for the consideration of paroles for "honor men," the board decided to grant eight pardons, two conditional pardons and one trusty parole. It is intimated that this move was taken in connection with the "honor men" to put a stop to dissatisfaction which is apparent in the honor men camp, from which a number of men hurriedly left without leave.

UNEMPLOYED GROW FEWER

San Francisco Situation Passes Crisis and is Improving. San Francisco.—The condition of the unemployed in San Francisco has passed its crisis and is now improving, according to an exhaustive report submitted to Governor Johnson by State Labor Commissioner McLaughlin. The principal causes for distress among the wage earners, it was found by Commissioner McLaughlin, were the winter slackness in building operations, which affected the residents of the city, and the tardy opening of the lumber and fishing seasons on the coast, which kept in this city migratory laborers who ordinarily find employment at outside points much earlier in the season.

Progressives Win Fruit Union Fight. Hood River, Or.—After a day of hot debating between the leaders of the two factions, the so-called "progressives," composed for the most part of the newer residents of the valley, by a good majority carried the election for the board of directors of the apple-growers' union.

Hookworm is Prevalent. Seattle.—Since the inauguration by the federal government of an inspection of immigrants for the hookworm, it has been found that about 35 per cent of the Oriental steamer passengers arriving at the port of Seattle are infected with the disease.

90 Escape Death On Burning Ship. Newport, R. I.—Ninety passengers on the burning steamship Ontario were snatched from death when the vessel made a dash for the Rhode Island shore and managed to land all the passengers and crew just after the fire broke through the deck.

FEELING AGAINST FOREIGNERS RISES

Shanghai.—Premier Tang Shao Yik, his suite and members of the cabinet, plan to leave for Peking. Reports from all centers in the southern provinces indicate considerable uneasiness, especially among the foreigners. Republican officials admit that the situation is grave. Considerable evidence of bitterness against foreigners irrespective of nationality can be discerned among the leaders who asserted that the protracted delay in the recognition of the republic by the powers and the withholding of the loans are liable to stir up anti-foreign sentiment for which they say the powers alone will be responsible. The opinion rapidly is spreading that the foreign powers have agreed to concerted action looking to international control of China.

Las Vegas Fight Scene. Chicago.—Jack Johnson, champion pugilist, said that the Johnson-Flynn fight would be held at Las Vegas, N. M., July 4.
