

IS IT ANY WONDER

That we are doing the business these days

A Single Fact Outweighs a Thousand Claims

It is not through "FALSE CLAIMS" that the people far and near are being drawn to this store of late. It is not through "False Claims" that we are kept busy from morning 'till night. We'll tell you wherein lies the secret of the success of our recent advertising. The fact has become known throughout the country that we are compelled to give up the building in which we have for several years done business and that now we are conducting a genuine, bonafide closing out sale which affords an unusual opportunity for saving money on high grade seasonable merchandise of all kinds.

Not a Sale Where a Few Staple Articles are Thrown Out as "Catchers," but Every Article in the Store Reduced.

Your money will do its full duty in the "Grocery Section."

Quality---combined with Closing-Out-Prices.

These are the days when one scarcely has the time to stop and investigate the quality of an article. It is a satisfaction, is it not, to know that whatever your purchase may be during these closing-out days must be true; must be exactly as advertised or your money back for the asking.

It is absolutely impossible to give a complete list of the bargain prices throughout the store, but after seeing for yourself, you can not help being convinced of the fact that the offerings are lower than ever before known in Prineville.
