

School Election Next Monday

Next Monday, June 17, Prineville will elect a school director to succeed Mrs. R. E. Gray and a clerk to succeed Mr. Elliot. Heretofore too little attention has been given to this matter by the public generally. It has been left to a few persons to carry on the work of the district and look after the schools. Year after year these duties are performed in a perfunctory way that does not speak very well of our interest in school matters. As a wide-awake community and one with the reputation Prineville has at stake for good schools, be on hand Monday to share your responsibility in keeping up the work.

State Superintendent Alderman in an open letter to the patrons of schools in Oregon, calls upon them to make it a red-letter day for each district. He says:

"We do not attach sufficient importance to our annual school meeting. This year our annual meeting occurs June 17. On this day one director and the clerk are to be elected in every school district in Oregon, a matter of much importance to each community. I should be very glad, indeed, to find that many of the Oregon school districts were making the day of the annual school meeting an important occasion, and at the same time taking advantage of being together to talk over the problems of the schools.

The voting for director and clerk will take place at the schoolhouse. It should be remembered that women already have the privilege of suffrage in school elections. If all the women of the community will pack their lunch baskets and assemble at the schoolhouse on the morning of June 17, I am confident that the men will be there also when

the sun reaches the meridian. Of course, the members of the family under voting age will have to have dinner. So all will spread out their lunches under some pleasant shade, and enjoy dinner together.

After a good dinner all will be in the right frame of mind for selecting the officers, and discussing school affairs. The patrons will have this opportunity to investigate the conditions of the schoolhouse and grounds, and see what repairs are needed; whether the schoolhouse is properly heated, lighted and ventilated, and what books and pictures are most needed. Let us make June 17 a red-letter day for our district."

Busy Building Long Drift Fence.

Men are at work building the Mill-Marks creek drift fence which will separate the grazing lands between sheep and cattlemen. The fence will be 26 miles long. The Mill Creek Livestock Association, composed of both cattle and sheepmen, is having the work done. The old antagonism between these two important industries is giving place to more rational methods of adjusting range difficulties. This drift fence proposition is a long stride in the right direction. It will eliminate range war and prevent useless bloodshed.

Improvements Make Prineville Look Good

Prineville never looked better at this time of the year than right now. The street improvement work that was started a couple of years ago has been carried out systematically. This led people to pay more attention to sidewalks, lawns, shade trees and flowers, until today there is not a neater, cleaner or better kept town in the whole interior Oregon. And it pays. No better investment could be made than the one of making our town attractive to the home-seeker, to the man of family that is looking for a good place to educate his children.

It is not every year that Prineville can boast of a good fruit crop, but this year is going to be an exception. Trees are loaded all over town. C. M. Elkins has the largest orchard and his apple, pear, plum, and crabapple trees are loaded. T. M. Baldwin's trees are loaded and so are other trees all around town.

Next year will see our city park seeded to grass and provided with walks, seats, and a band stand. Prineville can now boast of two bands and there is no good reason why we should not have concerts two or three times a week.

Wood Wanted.

Seventy-five cords of 4-foot green Juniper wanted by the Prineville School District; one-half to be delivered by Sept. 1, 1932, and one-half by middle of November, 1932. The Board reserves the right to reject any or all bids. Leave bids at my office. 6-13 M. R. ELLIOTT, Clerk of Board.

H. T. King Held to Grand Jury

The case of the State vs. H. T. King, on a statutory charge, came up in justice court here yesterday afternoon. The complainant is King's own wife and the alleged victim his step daughter. After hearing the testimony, which consisted solely of the statement made by the 12-year old girl, Gladys Stephens, Judge Kennedy held the defendant to the grand jury in the sum of \$1000. The state was represented by Willard H. Wirtz and W. P. Myers, while G. L. Bernier appeared for the defense. All the parties have been living at Culver.

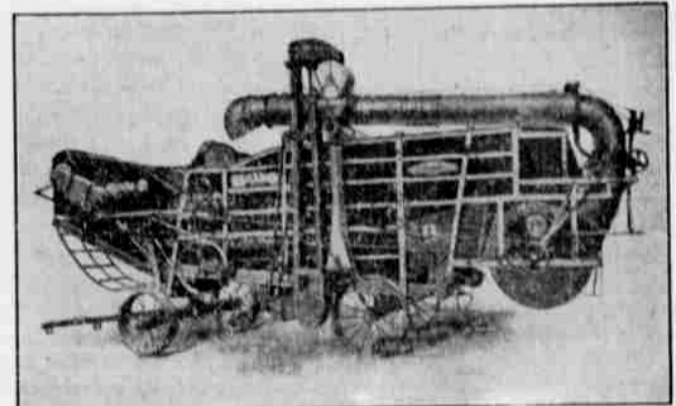

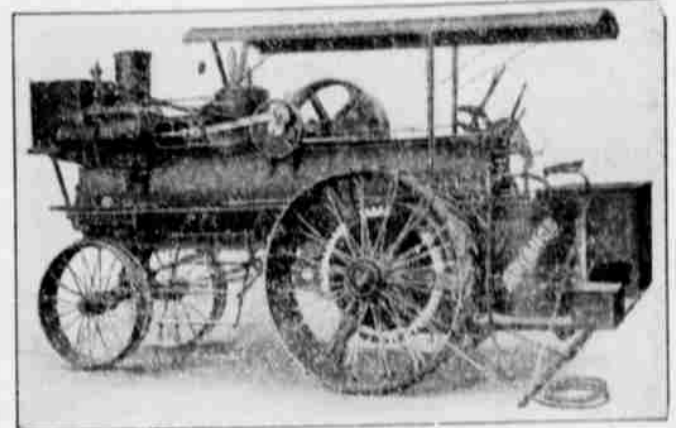

Telephone Line to Lookout Mountain

Forest Supervisor Ross says that telephone material has been ordered to build a telephone line to the highest point on Lookout mountain, where a fire guard will be stationed. He will have a tower between 30 and 40 feet high and with the aid of powerful field glasses and a map of the country will be able to see miles and miles in all directions. The telephone line will keep the guard in touch with headquarters in Prineville at all times. The guard will be on duty during the months of July, August and September. The line is being built jointly by the forest service and the timber owners represented by J. H. Haner.
