

FAST MAIL WRECKS EXPRESS; 13 DEAD

More Than Forty Injured as Result of Rear End Collision.

Chicago.—Thirteen persons were killed, eight of them women, and more than 40 were injured in a wreck on the Chicago, Burlington & Quincy railroad at Western Springs, a suburb of Chicago, at 6:30 a. m. Sunday.

Coming through a fog with supposedly a clear track, train No. 8, a fast mail, ran full speed into the rear of train No. 2, known as the Overland Express, from Denver, which was standing still on the track, telescoping two of the Overland's Pullman cars.

The dead include eight women, and are as follows:

Francis A. Barclay, 29 years old, Billings, Mont.; George Brownson, 55 years old, Galesburg, Ill.; Engineer train No. 8; E. A. Bunch, 39 years old, Chicago; negro porter of Pullman car on train No. 2; Mrs. C. M. Hart, wife of a physician at Canton, O.; Mrs. E. G. Pohlmann, San Francisco; Mrs. E. Stearn, 40 years old, Chicago; E. W. Luder, 40 years old, Lacey, Iowa; Lillian Kelley, 22 years old, Boise, Idaho; unidentified woman, 45 years old, gray eyes, black and white striped waist and blue skirt; unidentified woman, 49 years old, light hair, medium build, blue serge dress, black patent leather shoes with white tops, "C. L. P. to L. H. H." engraved on jewelry; unidentified woman, 24 years old, brown hair, blue eyes, two gold-crowned teeth on upper left side of mouth; unidentified girl, 9 years old, light hair, gold band ring, blue and white silk dress; unidentified boy, 4 years old, linen dress, red stockings and black sandals.

Clark and Wilson Meet at Seagirt.

Seagirt, N. J.—Speaker Clark and Governor Wilson talked for two hours here on legislation pending before the house of representatives. The speaker arrived after the governor had been conversing for some time with Charles R. Crane of Chicago, and President Van Hise, of Wisconsin University, both of whom have been prominent supporters of La Follette. Mr. Crane said he was going back to Chicago to work for Wilson.

AFRICA TAKES MARATHON

Same Nation is Second in Long Race, With Strobino, American, Third.

Stockholm.—South Africa, which heretofore has played a modest part in this Olympic drama, won the marathon race, the most important number on the Olympic program. This might have been honor enough for a small nation, but South Africa also won second place by a secure lead.

The winner of the classical marathon was K. K. McArthur, a tall Transvaal policeman. His compatriot, C. W. Gishaw, came second into the stadium several hundred yards behind and third to appear was the American, Graston Strobino, of South Paterson Athletic club, who put up a braver fight than most of the runners, for his feet were skinned and bleeding and he was suffering great pain.

Score for all sports as announced is: United States, 115; Sweden, 78; Great Britain, 53; Germany, 28; Finland, 27; France, 19; South Africa, 11; Denmark, 11; Norway, 10; Italy, 9; Australia, 9; Canada, 8; Hungary, 8; Greece, 4; Russia, 3; Belgium, 3; Austria, 3; Holland, 2.

Crazed Inventor Kills Little Ones.

Chicago.—Rudolph Uhlman, a Bohemian inventor, became insane, and taking his two little children into his laboratory, carefully filled all the cracks in the doors and windows with cloth. Then he turned on three gas jets. When the neighbors broke into the house all three were dead.

The British court of inquiry has finished its report in regard to the loss of the Titanic. The report is very much like that made by the congressional committee headed by Senator Smith.

In all the recent battles in Mexico government troops have been victorious. General Huerta's forces have regained complete possession of Chihuahua, and the revolution has shifted its scenes from that state to Sonora, bounding Arizona and Southern California.

Intense heat accompanied by excessive humidity caused much suffering in the eastern states during the week, the mercury reaching a higher point than at any time since 1876. Over 40 deaths and hundreds of prostrations were reported from Chicago. Heat fatalities at New York, Pittsburg, Philadelphia and other cities were greater than ever before known for a like period of hot weather.

After the bitterest contest in its history, E. T. Fairchild was elected president of the National Educational association at Chicago. The association adopted resolutions favoring woman suffrage, international peace and uniform federal laws for marriage and divorce.

Charges against Cole L. Blease, governor of South Carolina, have been made by Detective Burns, before a special committee of the South Carolina legislature, investigating the old state dispensary system. Burns says he will produce records of wholesale grafting.

Political News Bits

Eugene W. Chaffin of Arizona was nominated by the prohibitionists at Atlantic City for president of the United States. The platform favors woman suffrage, arbitration, an elastic currency, uniform divorce laws and the term for president.

The question as to why William J. Bryan, in his many speeches and resolutions at the Baltimore convention failed to mention or criticize President Taft, has brought a reply from Mr. Bryan that Mrs. Taft was in the audience and he did not wish to subject her to humiliation.

In a letter to Hugh T. Halbert, Minnesota Roosevelt leader, who recently mailed a circular letter to all candidates for governor in that state, asking them to go on record in support of the proposed new third party movement, Governor Eberhard positively refused to join the third party movement.

NEWS FROM OUR NATIONAL CAPITAL

Senate, 55 to 28, Rejects Lorimer, and Reverses Original Vote.

Washington.—By a vote of 55 to 23 the United States senate took away from William Lorimer his seat as senator from Illinois. His election was held to have been invalid and he was declared to have been the recipient of votes obtained by "corrupt methods and practices."

Lorimer had been a member of the senate since June 18, 1909. The first suggestion of fraud in connection with his election became public in April, 1910, when Charles A. White, a member of the Illinois legislature, swore that he had received \$1000 as a bribe for voting for Lorimer.

The senate, by its action, reversed the majority of its own investigating committee and changed its vote of March 1, 1911, when Lorimer retained his seat, 48 to 40.

The outcome of the vote was not a surprise, but the leaders of the fight against him had not estimated a greater vote than 50 to 35. Lorimer gained only one of the men who voted against him in March, 1911—Senator Jones, of Washington—while he lost the votes of his associates, Senator Cullom, and of Senators Curtis, of Kansas, Briggs of New Jersey, Simmons of North Carolina, and Watson of West Virginia.

The western senators who voted against Lorimer were Borah, of Idaho, Bourne and Chamberlain of Oregon, and Penderexter of Washington. Jones of Washington voted for Lorimer and Heyburn of Idaho was paired in his favor.

British Protest Goes to Congress.

The senate was officially notified of the British protest against the Panama canal administration when Secretary of State Knox in a letter to Senator Brandegee, chairman of the senate interoceanic canals committee, outlined objections raised by Great Britain.

The state department has taken the attitude that the protest of the British government against free American shipping is not properly a matter for diplomatic treatment at this time.

The senate leaders behind the Panama bill were firm in their opinion that the measure should be taken up as soon as reached in the regular order of business in the senate, and the senate voted 49 to 34 to make the Panama canal bill unfinished business. This substantially refuses Great Britain's request that the bill be held up pending diplomatic negotiations. An effort to put democratic tariff legislation ahead was lost. This action will undoubtedly open the flood gates of oratory both for and against the bill and will prolong its consideration.

Archibald Case to Wait.

It was practically determined that the Archibald impeachment case will not be tried by the senate this summer. The delay is said to be in accordance with the wishes of Judge Archibald.

It was arranged that the senate should be notified of the house resolution of impeachment and that the managers should formally appear this week to demand trial. While the house managers were desirous of having the case heard at once they met opposition on both sides of the chamber. The hot weather, the rush of other business and the approaching political campaign all combined to favor a postponement of the trial.

Immigration Bars Down.

All bars restricting the admission to the United States of minor foreign born children of naturalized citizens, whether imbecile, idiots, or other forbidden classes, were swept away by a far reaching interpretation of the immigration and naturalization laws by Secretary Nagel.

Mr. Nagel interpreted the law to mean that the naturalization of a man conferred American citizenship on all his minor children as soon as they relinquished their residence abroad.

This decision completely overturns the previous policy of the government. **Drastic Express Reform Proposed.**

Sweeping reductions in express rates averaging approximately 15 per cent, drastic reforms in regulations and practices, and comprehensive changes in the methods of operation, are prescribed in a report made public by the interstate commerce commission of its investigation into the business of the 13 great express companies of the United States.

Briefly stated, the new rates may be said to be based upon a minimum charge of 21 cents for a one-pound package. This charge decreases in ratio to the increase of weight and distances, at rates varying from three-tenths of a cent a pound to about 12 cents a pound. Twelve cents a pound, according to the conclusions of the commission, is approximately the highest rate per pound for the greatest distance possible for a parcel to be carried wholly within the United States, exclusive of Alaska.
