

## OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout  
the State During the Past  
Week.

### State Holds Hatchery Site.

Roseburg.—Through a decision of a jury in the justice court here the state of Oregon will retain possession of the site occupied by the North Umpqua Fish Hatchery and situated about 18 miles north of Roseburg. Suit was recently filed against the state by Edward Lasina to oust Oswald Richter, manager of the hatchery, from the land in dispute.

### Albany College to Build.

Albany.—Plans have been completed for the new buildings and campus of Albany college, which will be situated on a 48-acre tract recently purchased by the college, lying half a mile southwest of this city. The completion of the work as now definitely planned will give Albany college one of the best arranged and most beautiful grounds in the entire country.

### Gophers at 25 Cents Each.

Monmouth.—W. Neal, of this city, recently made a contract with J. R. Stump, a farmer and stockman owning a 1200-acre farm, to rid the land of gophers at a price of 25 cents each. War was at once begun on the destructive animals and already 340 of them have been caught with 12 traps, netting a sum of \$85.

### SOIL EXPERT IS URGED

Trained Agriculturist Needed in Each  
County in State.

Portland.—That a large percentage of the counties of the state will join in the general move to place expert agriculturists in the field to continue the earth education and crop improvement work which has been conducted in the schools and elsewhere during the last two years, is the opinion of those who are working on the proposed county campaign.

The plan is to have an agriculturist in each county to work on a salary furnished by public subscription until an appropriation for the work can be secured from the next legislature. To help out in the work the Council of Grain Exchanges of Chicago has agreed to furnish \$1000 of the agriculturist's expense in every county where a specialist can be secured.

Notice of the offer made by the Chicago organization has been sent to every commercial club in the state by D. O. Lively, vice-president of the Portland Union Stockyards company, who has taken an active part in the campaign of the past and is working on the present county campaign.

### Fruit Shipments Are Heavy.

The Dalles.—Fruit packing and shipping are in full blast at the packing plants and canneries here. Up to date about 30 carloads of prunes, pears and peaches have been shipped. This year most of the packing is done at the warehouses here, where the fruit is graded and crated.

### 125 CASES ARE APPEALED

Multnomah County Leads Others With  
Total of 73.

Salem.—Out of 125 cases which are on the supreme court docket, which has just been completed by Arthur S. Benson, 73 of the cases are appealed from Multnomah county. Marion county comes next on the docket, with ten appeals, Douglas, Lane, Klamath and Washington have five appeals each; Coos has four, Hood River, Tillamook and Polk, three appeals; Linn, Clackamas, Clatsop and Yamhill, two each, and Josephine, one.

The first case on the docket has been hanging fire before the supreme court for 13 years. This is the case of the Larch Mountain Investment company vs. Bridal Veil Lumber company. The transcript was filed November 1, 1899, the briefs have been in for years, but from time to time the case has been continued.

### Auto Men Carry Own Insurance.

Eugene.—A large number of automobile owners of Eugene have organized a mutual insurance company known as the Oregon Automobile Mutual Fire association. The object is for mutual protection and relief of the members against loss by fire.

### Dallas Crop Damage is Slight.

Dallas.—An investigation covering practically all sections of the county has shown that the damage done to hops so far has not been as great as was feared. The worst damage in any part of the county seems to have been in the Falls City district.

### Rain Hurts Shocked Grain.

Eugene.—The heavy rain has stopped all grain threshing operations in Lane county and farmers believe that grain standing in the shock is damaged so that it will be unfit for flour.

## GRAMWELL BOOTH

Bramwell Booth, who succeeds his father as general of the Salvation Army.

## PROBLEMS OF STATE MANY

Washington Diplomats Perplexed Over  
Conditions in Latin America.

Washington.—With the Nicaraguan revolutionists split into small bands of marauding outlaws, as recent reports to the state department seem to indicate, the United States has on its hands more difficult diplomatic questions to solve regarding the countries of Latin America than ever before in history.

The apparently spent revolution against the Madero government in Mexico, the attacks of the police of Panama on Americans, the uprising against the federal government in Cuba and the question of the collection of the customs of Santa Domingo have drawn the state department into difficult relations with the people of those respective countries.

### Award to be Voted Upon.

Montreal.—Not satisfied with the award handed down by the arbitration committee which considered their demands for a 10-hour day and time and a half for overtime, the telegraphers on the lines of the Canadian Pacific railway will vote on the question whether or not the committee's award is acceptable.

## Washington, D. C., News

As a result of one provision of the new postoffice appropriation bill, all first and second class postoffices will be closed on Sundays. Every important city in the United States is affected.

President Taft has rescinded an order directing the dispatch of the 10th infantry from Panama to Nicaragua. He states that this week there will be 2000 United States troops on Nicaraguan soil, and these will be sufficient to protect American interests.

Increased freight rates proposed by transcontinental railroads for transportation of commodities from eastern points to Pacific coast terminals, were suspended by the interstate commerce commission from September 2 to December 31, pending an investigation.

Of a production of 500,000,000 tons of coal in the United States in the last year, 250,000,000 tons were either wasted or left underground, probably unfit for future use, according to a statement by Dr. Joseph A. Holmes, director of the United States bureau of mines.

The total appropriations passed by congress for the fiscal year 1913 amount to \$1,019,636,143.66. This is \$7,046,000 less than the nation's budget for 1912 and are over \$21,000,000 less than the estimates. Republican leaders predict a big deficit at the end of the year.

Postmaster General Hitchcock has approved a design for a new two cent stamp in commemoration of the Panama-Pacific exposition at San Francisco in 1915. It is about an inch wide and an inch and a quarter long and bears an engraving representing a scene on the canal.

According to an announcement by the postmaster general the recently authorized parcels post system will be put into operation on January 1, 1913. The postal express business will extend over a million miles of rural delivery and star routes and will cover all systems of transportation now utilized by private express companies.

## BRIEF NEWS OF OREGON

Lane county this year is putting \$30,000 into permanent roads.

Work on Hoppner's new \$40,000 school building has commenced.

Plans to hold a big boxing tourney at the Pendleton round-up are under way.

J. F. Hoesb has been elected mayor of Redmond by the council in place of H. F. Jones, resigned.

In a fight which started over a bottle of whiskey at Galena, Bert Crowley was shot and killed by W. G. Settle.

More than 500 children from 12 school districts, with parents and educators, attended the juvenile industrial fair held at Millwaukie.

One of the oldest Methodist preachers in years of active service, is Rev. T. L. Jones, pastor of Yamhill and Dilley churches near McMinnville.

The proposed new port of Coos Bay carried at the special election by a large majority. The vote for the port was 793 and against it only 88.

Appointment of a postmaster at Portland and of a marshal for the district of Oregon will probably be deferred until after the November election.

The first issue of premium lists for the Pacific Northwest Land Products Show, which is to be held in Portland from November 18 to 23, have been received.

The State University at Eugene has installed a chair of journalism, and Eric W. Allen, northwest editor of the Seattle Post-Intelligencer, has been appointed to fill the position.

Oscar Parsons and W. H. Teal, both convicted of selling bottled whiskey at Oakridge, the terminus of the S. P.-Natron extension, were each given the maximum sentence of \$500 fine and 30 days in jail.

Because he did not believe in Superintendent W. S. Hale's policy of abolishing corporal punishment at the state reform school, Roscoe Shelton, for three years disciplinarian at the institution, has resigned.

Professor M. E. Peck, head of the department of biology at Willamette University, is in the northwestern counties of Oregon. Professor Peck will be gone about a month collecting bird specimens for the state of Oregon.

Logging camp operators are notifying sawmill men that September 1 log prices advanced \$1 per 1000 feet, placing fir on a basis of \$7, \$10 and \$13, according to grade. The price for a year or more has been based on \$6, \$9 and \$12.

The value of the mine production of gold, silver, and copper in Oregon in 1911, according to Charles G. Yale of the United States geological survey, was \$669,616 against \$709,676 in 1910. No output of lead or zinc was reported in either 1910 or 1911.

Two billion feet of timber lying along the middle fork of the Willamette river in Lane county, 32,000 acres in extent, have been sold by the Booth Kelly Lumber company to the Wheeler Timber company. The price paid for the land is said to be about \$1,600,000.

Assembled on the battlefield, near Olalla, where, in the year 1855, there occurred a bloody conflict with the Umpqua and Cow Creek Indians, the pioneers of Douglas county to the number of 400 held the most successful annual reunion in the history of the oldest attendant.

The senate failed to confirm the nomination of C. V. Johnson of Corvallis, as appraiser of customs at Portland. Mr. Johnson was appointed on recommendation of Representative Hawley, who has received assurances from the president that a recess appointment will be given Johnson.

Walter E. Pierce of Boise, Idaho, is in Roseburg in the interests of a railroad to Coos Bay. He says he will give Roseburg and Douglas county rail communication with Coos Bay if it is shown there is sufficient business in sight to warrant him in going ahead with an expenditure of more than \$4,000,000.

Medford is to have a railroad to the coast. Tired of promises by railroad companies and outsiders, prominent Medford business men have decided to do the job themselves. Papers have been filed for the incorporation of the Medford & Crescent City Railway company, and the preliminary capitalization has been placed at \$50,000.

A permit has been approved at the state capital to irrigate 35,000 acres of land on Cottonwood creek, tributary to Malheur river. The permit was secured by W. W. Caviness. This is the first unit of a project which will involve the construction of reservoirs for the storage of 50,000 acre feet in one reservoir and 1200 acre feet in another.

Within 90 days at the outside, the Central Oregon Irrigation company's dam across the Deschutes river and its irrigation project, known as the north canal, will be completed and ready to turn water on about 70,000 acres of eastern Oregon land. When completed the dam will be 35 feet high and 260 feet long, and is built of solid concrete, reinforced with steel.

# ARROW Steel Lined SHOT SHELLS

Remington-UMC

Make sure your game—Shoot the speed shells

In Remington-UMC Arrow Shells, the steel lining puts all the force of the explosion behind the shot. That mile-a-minute "on-comer" can't beat out the pattern driven by a steel gripped charge.

And with Eastern Factory Loading, uniformity of speed and pattern is assured in each and every shell.

Shoot Remington-UMC Arrow and Nitro Club Steel Lined Eastern Factory Loaded Shells for speed plus pattern in any make of shotgun.
