

A SUMMARY OF IMPORTANT EVENTS

National, Political and Personal News Items Briefly Sketched.

The 1,114,989 aliens arriving in this country during the last 14 months brought \$46,712,697.

The twentieth session of the National Irrigation congress opened at Salt Lake City Monday for a three-day session.

Young Men's Christian associations for negroes are rapidly spreading throughout the eastern and southern states.

Tight skirts and the disappearance of the silk petticoat are responsible for the serious decline in the silk industry at Lyons, France.

It is rumored that a new steel combination will soon be formed with Charles M. Schwab at its head and Andrew Carnegie and Henry C. Frick as its financial backers.

Illinois has a pension law for mothers of dependent children, and last month in Chicago 380 mothers, with 1306 children, received \$8145 toward the support of their children.

The Mexican congress has granted President Madero's request for authority to ask permission of the United States to transport Mexican troops again through American territory.

The department of agriculture has issued a quarantine against Irish potatoes from Great Britain, Germany, Austria-Hungary, Newfoundland and the islands of St. Pierre and Mequelon.

On the ground that it is confiscatory Federal Judges Humphrey, Sanborn and Baker at Springfield, Ill., decided the state 2 cent passenger law is unconstitutional so far as the Chicago, Peoria & St. Louis railroad company is concerned.

Rebels raided the camp of William O. Orr, contractor, employed by the Mexican Northwestern railway, and forced the American to give over his payroll, amounting to about \$14,000, equipment valued at \$12,000 and about \$10,000 in commissary supplies.

Lumber manufacturers of the Pacific northwest will meet in San Francisco in large numbers October 14 to discuss with the lumber dealers of that and other California cities questions of general interest in the lumber industry.

A very remarkable fact regarding the inspection of animals in the public slaughter houses of the country, is that during the last year, although 13,005,500 head of mutton were inspected by the government, not a single animal was condemned as diseased, and not a single part of an animal was destroyed for the same reason.

Political News Bits

Senator La Follette has come out flatfooted in support of the Republican ticket in Wisconsin.

New York Republicans have nominated Job S. Hedges for governor and James W. Wadsworth, Jr., for lieutenant-governor.

Governor McGovern of Wisconsin has issued a statement in which he announced that he would vote for Roosevelt and Johnson.

Denied admission to the bar by the appellate court judges in San Francisco, Lucy Goode White, Socialist candidate for supreme judge, has withdrawn from the race.

President Joseph F. Smith of the Mormon church issued a signed statement at Salt Lake city endorsing the administration of President Taft and advocating his reelection.

President Taft and Governor Wilson met for the first time since the campaign started at a Boston hotel last week. They greeted each other heartily, and chatted for several minutes.

People in the News

The second trial of Clarence Darrow will be called in Los Angeles October 21.

J. Pierpont Morgan and his family will spend the winter at Santa Barbara, Cal.

Colonel Henry G. Watterson, editor of the Louisville Courier-Journal, has been seriously ill in New York for the past week.

Orie McManigal, chief witness for the prosecution in the government's dynamiting cases, has arrived at Indianapolis from Los Angeles.

The will of the late John Arbuckle, the coffee king, was filed in Brooklyn. It bequeaths an estate of \$30,357,790.66 equally between two sisters.

Mrs. Mary Webster McMillan, grandniece of Daniel Webster, and great grandchild of Alexander Hamilton, died at Los Angeles Friday, aged 78.

C. J. Sinsel, of Boise, Idaho, has been named as chief judge of apples at the Pacific Northwest Land Products Show to be held in Portland November 18-23.

Charles W. Murphy, president of the Chicago National League baseball club, says that Frank L. Chance, for several years manager of the team, would not manage the Cubs next year.

WM. M. WOOD

William M. Wood, head of the woolen trust, recently indicted for alleged "planting" of dynamite during the Lawrence textile strike.

TAFT POLICY IS UNCHANGED

President Will Not be Influenced by Senate Committee Report.

Beverly, Mass.—The report of the senate committee which is investigating the Madero and Orozco rebellions will not influence President Taft in his policy towards that country. The published reports that have reached the president here that the committee would report in favor of intervention have been read with great care by the president, but will not change his attitude.

Mr. Taft is not prepared to call congress in extra session to pass upon the need for intervention, and he told his callers that he had no present intention of doing so. He made it clear to friends that intervention is just as far away today as it was then—it is not a probability, but not an impossibility.

L. D. Minor Bronco Bucking Champion

Fendleton, Or.—An unknown range rider, L. D. Minor, of Willowa, skyrocketed into fame at the Roundup and won the world's broncho-bucking championship on a wonderful wild horse called "Angel." Minor took the championship in direct competition with Bert Kelly, of Pine Creek, and Art Arcord, of Portland, who took second and third respectively. Minor got \$200 and a \$350 saddle.

Bertha Blanchett won the world's championship in the cowgirls' relay race.

Orangemen Sign Ulster Covenant.

Belfast, Ireland.—Sir Edward Carson wrote his name as the first to sign the solemn covenant of the Ulstermen, which binds them to "use all the means which may be found necessary to defeat the present conspiracy to set up Home Rule in Ireland," and also to refuse to recognize the authority of an Irish parliament. He was followed by thousands of the rank and file of the Orangemen and Unionists in the northern province of Ireland. A solemn religious service preceded the signing.

Leg is Sacrificed to Save Girl's Life.

Chicago.—William Rugh, a crippled newsboy, at the Gary General Hospital, made a sacrifice without a parallel that a girl not previously known to him might live. One hundred and fifty square inches of cuticle were grafted from his useless leg, before it had been amputated, onto the body of Miss Ethel Smith, 18 years old, who was burned in a motorcycle accident.

Budget Declared to Mean Economy

Washington.—Frederick A. Cleveland, chairman of President Taft's economy and efficiency commission, in a statement outlining the plan that will be followed in submitting to congress a budget of public estimates and expenditures, declared that "by ten years of continuous persistent effort" the government could reduce its running expenses nearly \$300,000,000 a year.

P. J. McGowan Dies in His 96th Year

Astoria, Or.—Patrick J. McGowan, the veteran Columbia river canneryman, and an Oregon pioneer of 1850, died at his home in McGowan, Wash., Sunday afternoon, after an illness of several weeks with a complication of ailments incident to advancing age.

MILLHANDS FIGHT POLICE IN STREETS

Knives and Clubs Used in Open Clash Between Officers and Paraders.

Lawrence, Mass.—Police and paraders fought with knives and clubs Sunday before a demonstration by members of the Industrial Workers of the World. Two officers were stabbed, several demonstrators were clubbed, and an Industrial Worker leader was captured after a hard fight and then freed. Two arrests were made.

The clash was unexpected. More than 20,000 operatives met at the railroad station to welcome 700 members of the Industrial Workers of the World who had come from Boston to participate in a parade to the graves of Anna Lopizzo and John Ramay, who were killed in the strike riots last January.

After the visitors had detained an impromptu parade started, turning finally into Essex street, the main business thoroughfare. The parade was informal and no application had been made for a parade permit. The police, notified that the operatives were marching, attempted to end the demonstration.

Soldiers Are Held for Crime.

Jackson, Mich.—Charged with murder in the first degree, Captain Frank L. Blackman and Private Howard Jackson, of the state militia, which guarded Jackson prison during the recent convict mutiny, were arrested in connection with the death of John Elsy, a Syrian sexton.

The fatality occurred at midnight several weeks ago while Elsy, it is said, was arguing with the soldiers over the purchase of rifles. Both soldiers say they fired in self-defense.

Poison is New War Menace.

Mexico City.—Death by poison is a new menace added by rebellious Indians operating about the city of Oaxaca, where residents fear to take a drink of water. Chemists are making tests for poison in the city's water supply. A group of rebels is declared to have secured 200 pounds of cyanide from Navidad mining camp, in the Ixtlan district, declaring they would poison the drinking water in regions which are not under their control.

400 to Testify in Dynamite Cases.

Indianapolis.—More than 400 witnesses have been subpoenaed for the trial of the 51 labor leaders placed on trial in the federal court here Tuesday, charged with dynamiting and conspiring to transport dynamite across state lines.

It will take approximately two months for the government to present its side of the case. If present plans are carried out, it is estimated that it will be Christmas, at least, before the trials are ended.

TWO ARMY AVIATORS KILLED

Commissioned Officer Takes Enlisted Man as Passenger.

Washington.—Two more lives were sacrificed to aviation at the United States army aviation field, College Park, Md., near here, when an army aeroplane fell 35 feet to the ground, instantly killing Corporal Frank S. Scott and so seriously injuring Second Lieutenant Lewis C. Rockwell that he died later.

Hundreds of persons, including fellow army officers attached to the aviation school, witnessed the tragic accident. When they reached the scene Corporal Scott was found dead several feet from the wrecked machine, while Lieutenant Rockwell was near by, fatally injured.

Lieutenant Rockwell had started up with Corporal Scott as a passenger to make a test flight in his trial for a military aviator's license.

Shingle Privilege Restored.

Washington.—Proposed elimination by the transcontinental railroads of the privilege to shippers of re-consignment and storage at the Minnesota transfer on lumber and shingles from north Pacific coast territory to eastern states was suspended by the Interstate Commerce Commission until January 28.

Woman Declines Political Mission

St. Louis.—Mrs. Phillip N. Moore, former president of the General Federation of Women's Clubs, within the last few days has declined requests from both the Democratic national committee and the Roosevelt Progressive national committee to organize the work of those parties among women in Missouri. Mrs. Moore says she has no time for political work.

Tight Suits Are Fashion For Men

Chicago.—Exhibits displayed at the joint convention of the merchant tailors of the Society and Custom Cutters' League, show that form-fitting coats and vests with tight trousers prevail. Top coats will be double-breasted with velvet collars and edges.

ADAMSON'S

DIGESTEZE

is intended for use in cases of

Indigestion, Dyspepsia, Gas on Stomach, Heartburn, Sourness, Excessive Acid and other forms of Stomach Trouble

DIGESTEZE is not intended as a cure-all, but is a simple, harmless preparation as everyone will know after reading the formula on each box. Digesteze is composed of

PAPAIN, having physiological actions resembling Pepsin converting proteids into soluble peptones and stimulating the gastric glands.

PANCREATIN digests eggs, milk and meats, converting them into peptones for assimilation; with the aid of an alkali it emulsifies fats and oils.

PEPSIN is one of the highest digestives approved by the U. S. Pharmacopoeia. Pepsin's chief use is to aid weak digestion and it is invaluable in atonic dyspepsia, following acute diseases. Pepsin acts a stimulant to the gastric glands and promotes their functions and energy.

PO COMPOUND PEPIN S. F. forming a compound in itself of digestive and stomach stimulant, assisting the other digestives in their work.

MAGNESIA CALCINED is antacid and laxative and is much used in dyspepsia, sick headache, gout and other complaints attended with sour stomach and constipation.

AROMATIC POWDERS are stimulant carminative in cases of indigestion and flatulency.

CASCARA SAGRADA, one of the most widely used drugs in treatment of constipation. It produces natural motions of the bowels by its tonic action upon the intestinal glands, increasing peristalsis. It is also a hepatic tonic in congested liver.

GINGER is a valuable carminative to stimulate the stomach, improve the appetite, relieve flatulency and colic.

DIGESTEZE also contains Sodium Bicarbonate, Glucose, and is flavored with oil of peppermint to allay nausea and relieve spasmodic pains of the stomach and bowels.

EAT, DRINK and enjoy life by taking DIGESTEZE and ridding yourself of stomach misery.

EAT PLENTY of wholesome food, DIGESTEZE will digest it for you, restoring your stomach and intestines to good working order, and your general health will usually take care of itself. Hundreds of thousands of people are getting through this world with the duties and pleasures of life, a misery to themselves and a burden to others. They suffer constantly from distress after eating, loss of sleep and mental depression and all because of the failure of the stomach to properly digest its food.

WHAT FOOD MEANS TO THE BODY: Food is just as much matter added to the system as to make it necessary to replace that which is constantly used for the existence of the body. Food is the fuel necessary to supply the working power of any person in order to attain results, for he it knows that no half-fed body can be restored by depriving it of the necessities of life.

DO NOT DEPRIVE YOURSELF of what you want to eat; this will reduce the system and debilitate the patient. The proper use of good wholesome food acts as a system builder. A cure cannot be obtained by starving oneself. A generous diet with the assistance of DIGESTEZE will result in well digested food and a good, rich blood. This rich blood will renew every portion of your system, and when so renewed the lining of your stomach will be in such condition that your food will be properly digested and assimilated and your dyspepsia will be naturally cured.

WHAT TO EAT: No adopted rule can be followed regarding diet; the foods that may be eaten and relished by one person will not apply to another. A person readily discovers what foods agree or disagree with their stomach. By abstaining from those that rebel against their stomach a quicker and more effective cure may be obtained.

In case of nervous indigestion it is advisable to eat largely of meat, as it is easy to digest and contains more nourishment than vegetables and grain. DIGESTEZE tablets will easily digest any kind of meat. Pure fat is almost indigestible, even in the strongest well stomachs.

Fried foods are harder to digest than foods cooked any other way. All meats are more easily digested boiled, broiled or even roasted.

When fruits or vegetables disagree with the stomach it is better to discontinue their use for awhile in order to perfect a cure or put the stomach back to its normal condition.

WHAT TO DRINK: If you drink coffee see that it is perfectly fresh; warmed over coffee is one of the most detrimental things a person can put into their stomach. It should be made fresh for each meal. Milk is good if it agrees with you and does not constipate. Neither coffee, tea nor milk are objectionable if taken perfectly fresh and agrees with you.

Among the best foods for dyspeptics are: Raw oysters, boiled mutton, chicken (boiled, roasted or broiled), broiled venison, steak, soft boiled eggs, baked potatoes, boiled rice, old wheat bread (bread should be at least 24 hours old, otherwise it causes fermentation in the stomach), old rye bread, ice cream, sponge cake and oranges, musk melons, grapes and berries of all kinds. Black tea is better than green; Malt, beans, peas and raw cabbage. There are many other articles of food which are excellent, but each person must be the judge of those agreeable to himself or herself.

Take a DIGESTEZE after eating a heavy meal any time and rest while it works. You do not have to be sick in order to take DIGESTEZE. They do you good after eating any time day or night.

HOW TO OBTAIN "DIGESTEZE" OF YOUR DRUGGIST.

DIGESTEZE NEVER SOLD IN BULK OR ANY OTHER BOX THAN THIS

DIGESTEZE tablets are for sale generally in the drug stores, but if your druggist does not happen to have them in stock, if you ask him to do so he will send and get DIGESTEZE for you, and by keeping DIGESTEZE in stock where you and your friends can get it any time, will do me a great favor, and at the same time be a great convenience for you by saving delay and expense of correspondence. However, if your druggist will not get it for you, I will send a box of DIGESTEZE, postpaid on receipt of price, 50 Cents a Box, or Six Boxes for \$2.50.

PRINEVILLE, OREGON, U. S. A.

Get the Genuine.

Beware of Imitations

Free Fruit Land

AT

PAISLEY

Don't be afraid of the U. S. Government Carey Act Irrigation Project in Oregon. The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley project in Lake county it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

The land is level, free from rock, and is a rich volcanic soil. The climate is perfect for fruit, which now grows to perfection at Paisley—apples, peaches, plums, pears, prunes.

Construction work upon the dam and reservoir has now been in progress for three months with Thomas Hawthorne, State Inspector, on the ground. He was formerly with the U. S. Gov't. Reclamation Service, on the Umatilla Project.

Send for 32-page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmour, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Co. is among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale and also the 840-acre Corn Ranch at Paisley, including a 50-barrel-a-day capacity flour mill, and a general store.

Our bank references are:
First National Bank, Philadelphia, Pa.
Girard National Bank " "
Commercial Trust Co. " "
Inter-state Finance Corporation, Philadelphia, Pa.
Merchants Trust Co., Camden, N. J.
Security Savings & Trust Co., Portland, Oregon.
Address all communications to our Portland office, 601 Yeon Building. Write now. The average cost of water will be \$48 an acre. We will give you a square deal.
